The above amount of $3,462,312.33, "Sinking Fund Expenditure", which is explained in a subsequent chapter, has not been taken into account this year in establishing the excess of revenue over expenditure, in order to conform with the practice followed in the past in submitting the Public Accounts.

APPROPRIATION ACCOUNTS

The Appropriation Accounts were transmitted to me, duly certified, by the various departments, in accordance with Section 50 of the Consolidated Revenue and Audit Act. These accounts were examined as directed by section 56 of the Act, and are shown, together with a general summary, on pages 2 to 80 of this volume. To them are appended the explanations furnished by the respective departments as to differences between grants and expenditures, and also audit notes of my chief examiners.

A precis of correspondence relating to items of expenditure concerning which objections or observations were communicated to the expending departments is given on pages 215 to 232 of this volume.

It will be noticed that, again this year, explanations were not furnished by three of the departments with regard to grants exceeded, as required by section 55 of the Act, and grants not fully expended. These explanations should be given in either case, at least when there is a notable difference, in order to facilitate a more complete parliamentary control over expenditure and as a guide to the House of Commons when considering the estimates. As my views on this matter appear to have been concurred in by the House every department should furnish these explanations.

The amount of the unexpended portions of grants for the fiscal year was $58,256,086.45, an increase of $23,652,401.15 over the amount of $34,603,685.30 unexpended in 1927-28. The amount by which grants were exceeded was $1,572,328.10, for which a special parliamentary appropriation will be necessary.

The following comparative statement shows, under services, the grants exceeded for the last three years.

In the expenditure by the Public Works Department, seventy-five of the items definitely voted, under the head of " Public Works—Income", for specific works were exceeded by small amounts, in no case greater than $200. Provision for these over-expenditures, which amounted to $4,633.56, was made by an item of $5,000, included in vote No. 150.

From the figures given in the above statement it will be seen that the over-expenditures of appropriations for 1928-29 greatly exceeded those for either of the two preceding years. The responsibility for these over-expenditures rests entirely with the departments administering the appropriations which were exceeded, as in every case they occurred through payments made by letter-of-credit cheques. Every care was exercised in this office to keep the total of letters-of-credit granted a department, under authority of section 40 of the Consolidated Revenue and Audit Act, within the amount available under the appropriations, but as, in the majority of cases, the credits granted are equally applicable to the several services administered by a department, the under-expenditure of one or more appropriations provides the department with an amount of unused credit which in some cases has been applied to appropriations already fully expended, resulting in the over-expenditures in question. In the cases of the Public Archives and the Department of Pensions and National Health the over-expenditures of appropriations occurred through these departments issuing cheques in excess of the credits granted in the regular way; this matter is referred to at greater length at page xii of this volume.

In order to prevent the recurrence at the close of every fiscal year of similar deviations from the financial program of the year, as determined by Parliament, which place the Auditor General under the necessity of approving the extension of credits by amounts in excess of those authorized by Parliament, in order to cover bank overdrafts, the departments should exercise greater care in future against issuing cheques in excess of established credits. Such a situation would not arise if the following direction, set out in an executive regulation approved by the Governor in Council on July 7, 1892, were adhered to—" it is the duty of the accountant of each department to inform the deputy minister of the department whenever a cheque which is about to be issued will overdraw an appropriation or letter of credit, so that the cheque may not issue until parliamentary or other authority, as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case".

The balances of the appropriation accounts for 1927-28 were adjusted, the unexpended portions of grants, which amounted to $34,603,685.30, having been surrendered and written off, while the over-expenditures were provided for by vote No. 460 for $109,406.72, included in Schedule "C" to Appropriation Act No. 4, 1929.

AUDIT OF REVENUE

On pages 82 to 86 of this volume are presented general statements of the Revenue; particulars of the revenue of each department will be found in the Departmental Summaries of Revenue and Expenditure on pages 87 to 136.

Ordinary Revenue

The principal increases in the Revenue were as follow:—

	Increase	Percentage
Customs Duties	$ 30,220,514 82	19 p.c.
Excise Duties	6,284,056 26	11 p.c.
Interest on Investments	1,289,739 49	11 p.c.
Income and Business Taxes	2,350,476 69	4 p.c.

The largest decreases were $7,215,648.54, or 8 per cent, in the Excise Taxes and $950,616.34, or 3 per cent, in the Post Office Revenue.

A number of revenue collecting offices were inspected during the year and it was found that further improvements in the methods of accounting, controlling and reporting are again apparent this year, which may have contributed materially towards the increase in Ordinary Revenue. My examining officers report that they find the departments desirous of co-operating with this office with regard to the manner of rendering returns and furnishing any desired information to facilitate and improve the verification of the revenue collections.

I wish, however, to reiterate my remarks of last year to the effect that it is essential, for the better safeguarding of public moneys, that surprise examinations and test audits should be made periodically, by experienced departmental officers, at outside offices of departments.

The following additional information is now submitted with reference to matters concerning revenue, dealt with in the precis of correspondence published in my report for 1927-28, pages 211 to 230:—

Page 216—Refund to British Columbia of portion of Chinese Head Tax collected in 1923—Early in the year application was made by the Government of British Columbia for payment to them of the full amount of the $5,000 retained by the Immigration Department to cover further refunds, but I considered this payment should not be made. During the year, one refund of head tax was paid which reduced the amount held in suspense to $4,750.

Page 224—Revenue collected for other Departments, etc.—Instructions in this connection, issued to collectors by the Department of National Revenue, are now being carried out, the deposits and withdrawals of revenues collected for other departments being shown regularly on the collectors' bank statements.

Page 226—Returns of Postal Revenue—Since the publication of my last report the statements of postal revenue have been somewhat modified but they are still insufficient to enable me to verify the amounts or to make a proper test audit.

On page 231 of this volume will be found a precis of correspondence with the Department of Trade and Commerce with regard to the disposition of moneys collected in connection with a publicity campaign to increase the sale of Canadian apples in Great Britain.

Casual Revenue

A general classification of these receipts is given on page 86 of this volume and details, by departments, will be found in the several Parts of Volume II. The following summarized statement shows the total amount of the year's receipts which were recorded as Casual Revenue, and also a comparison with the corresponding figures for 1927-28.

Class of Receipts	1928-29	1927-28	Increase
Miscellaneous Revenue, Fees, Licenses, etc.	$ 2,366,200 38	$ 2,110,192 56	$ 256,007 82

	4,041,094 59	3,626,236 13	414,858 46

Miscellaneous Revenue—The principal items contributing to the increase of $256,007.82 were from the same sources as last year, the largest increases this year being—

Finance Department—Royal Mint	$ 90,487 35
Marine and Fisheries—Radio-Telegraph Service	39,254 74
Secretary of State—Fees for charters, etc.	77,693 61

Proceeds from Sales—While the total amount was practically the same as last year, there were considerable increases and decreases in a number of departments, the largest decrease being one of $44,616.48 in the National Defence Department while the principal increase was $41,674.52 in the Public Works Department, due to the sale of the Southern British Columbia Telegraph lines to the British Columbia Telephone Company for $50,000.

Sundry Receipts—The principal increase, in 1928-29, was $32,052.83 in the Printing and Stationery Department, arising from increased profits on operations.

Refunds of Expenditure—The greater part of the increase of $116,310.14 under this heading is due to an amount of $87,500 received by the Royal Canadian Mounted Police as the first half-yearly payment by the province of Saskatchewan for policing the province, which duties were taken over by the Mounted Police, from June 1, 1928, under an agreement approved by the Governor in Council.

The classes of receipts mentioned in previous reports as being apparently of sufficient permanence and importance to warrant their being shown under separate headings, are still recorded as Casual Revenue. The amounts of these receipts in 1928-29 were:—

Inspection Fees, etc.—Agriculture Department	$ 147,034 36
Sales at Experimental Farms—Agriculture Department	171,559 35
Radio-Telegraph Service—Marine and Fisheries Department	353,647 14
Rents of Public Buildings, etc.—Public Works Department	91,214 87
Fees under Companies Act—Secretary of State Department	710,940 48

SPECIAL REVENUE

War and Demobilization, Refunds of previous years' expenditures, $789,-246.80—British Treasury, in final settlement of outstanding war claims, $662,-442.12.—Following an agreement entered into between the Chancellor of the Exchequer and the Minister of Finance, approved by Order in Council of August 30, 1928 (P.C. 1593), the sum of $1,400,000 was received from the Imperial Government in final settlement of certain outstanding war accounts between Great Britain and Canada. This amount was disposed of as follows:—

Paid to the Red Cross Society for claim against the Shipping Liquidation Department	$ 4,768 76
Credited to Consolidated Revenue Fund on account of legal expenses and Exchequer Court Awards paid in 1922-23 by the Department of Marine and Fisheries *re* chartering of steamers *Lord Dufferin* and *Lingan*	662,442 12
Credited to War and Demobilization as refund of expenditure of previous years	732,789 12

$6,020.80 of the latter amount was subsequently transferred to the credit of the Open Account " Imperial Government, Naval Service," as it was in connection with matters which were not among the original items in dispute. Among other amounts credited as refunds of War and Demobilization expenditure $59,-008.69 was received on account of the sale of St. Andrew's College property, Toronto.

German Reparation Payments.—An additional amount of $4,025,165.12 was received from the Imperial Government on account of German Reparation payments. This amount, with that of $10,800,997.21 reported last year, makes a total of $14,826,162.33 received to March 31, 1929, on account of Canada's share of German Reparation payments.

AUDIT OF EXPENDITURE

As stated in a preceding chapter, the total amount expended during the year under the authority of Appropriation Acts and special statutes was $392,-812,022.93, which is $20,344,533.77 greater than the corresponding expenditure in 1927-28.

On pages 4 and 5 of this volume will be found a Comparative Statement of Expenditure by Services which has been prepared so as to furnish a ready comparison of the expenditure under each service with that of the preceding year. These expenditures have also been summarized under departments, and statements thereof, prepared as far as possible in accordance with the Estimates, appear on pages 87 to 136. To these statements are added references to "Open Accounts" maintained by the various departments and to " Miscellaneous Statements " given in this volume.

The classification of expenditure which was applied by me a few years ago has been retained, and summaries are given, under this classification, of the expenditure by each department, in the respective parts of volume II; these sum-

maries are consolidated into a general statement which will be found on pages 138 and 139 of this volume.

In the details of the departmental expenditures in Volume II, it will be found that in a number of cases I have also published a summary of expenditure under departmental classifications which differ in the various items but not in the total amount from my classification at the end of the vote. These classifications were made by the departments for their own purposes and are published by me to indicate the amounts expended under the various corresponding subheads of the estimates.

The following is a statement, under my classification, of the expenditure compared with that for 1927-28:—

In accordance with section 60 of the Consolidated Revenue and Audit Act, I desire to report the result of the examination of the Appropriation accounts in reference to the following matters:—

(*a*) Issue of Cheques.—No Receiver General's cheques for public moneys were issued during the year without my certificate.

(*b*) Grants Exceeded.—A statement of grants exceeded is given in a preceding chapter on Appropriation Accounts.

(*c*) Moneys received by a Department from other Sources than the Grants for the Year.—The practice in some departments of paying claims from sundry receipts, such as sales of material, etc., has been referred to in previous reports and attention is called to that practice, in so far as the year under review is concerned, by means of audit notes appended to the Appropriation Accounts, pages 8 to 81, and also in the Precis of Correspondence.

(*d*) Proofs of Payment.—With the exception of a few instances, which are the subject of audit notes appended to the Appropriation Accounts and are further mentioned in the Precis of Correspondence (Vol. I), satisfactory vouchers and other proofs of payment were sent me by the various Departments.

(*e*) Payments which did not occur within the period of the account are dealt with subsequently in a separate chapter; and payments which were not properly chargeable against a grant, or were in any way irregular, are referred to in the precis of the correspondence relating to matters which I questioned, or to which I took exception, which will be found on pages 215 to 232 of this volume.

The audit was carried out in accordance with the directions of Section 56 of the Act and, to a greater extent than in previous years, *pari passu* with the cash transactions. The application of a pre-audit, or examination of accounts before payment, was continued on the same lines and to the same extent as in preceding years.

Following the practice of previous years, audits and inspections were made under my direction at a number of outside offices in regard to certain accounts and activities of the Government concerning which sufficient information was not available other than locally. Many other offices should be visited but my staff only permits the examination of a limited number of these local departmental offices every year. The results of these audits and inspections are dealt with more fully in the chapter on "Special Audits" and in various other chapters in this report.

The following additional information is now submitted with regard to a number of the matters connected with the expenditures which were referred to in the Precis of Correspondence given on pages 213 to 230 of my report for 1927-28.

Page 217—Living Allowances granted to certain Park Officials—The payment of the living allowances in question was continued throughout 1928-29, although no approval appears to have been obtained from the Civil Service Commission. It might be stated, however, that these allowances were paid while the officers in question were temporarily transferred to duties other than their regular assignment; in the case of two of the officers the allowances ceased on their transfers being made permanent in 1928-29.

Page 217—Expense Accounts, Government Annuities Agents—The department still continues to pay these expenses without obtaining the approval of the Treasury Board, as they consider that such payments

are covered by No. 4 of the Regulations approved by the Governor in Council, which provides that the Minister of Labour "may from time to time employ such temporary assistance as in his opinion is required, and upon such terms as may be agreed upon".

Page 218—Subscriptions for Newspapers not charged to Contingencies—The practice of paying these subscriptions from the appropriation for "Conciliation and Labour Act" was continued throughout the year 1928-29 and no change has been made in the wording of the vote for the services of 1929-30.

Page 219—Dominion Shipbuilding and Repair Co., Ltd., Trust Account—The Department has informed me that notice has been served on them of the institution of a suit by the city of Toronto for the recovery from the estate of taxes claimed to be due and that, accordingly, the final adjustment must await the result of this suit.

Page 220—Expenses of Departmental Officers engaged on work of Commission on Fishing Industry—In 1928-29 the expenses of departmental officers so engaged were properly paid from the vote for Conservation and Development of Deep Sea Fisheries.

Page 220—Gratuities to Relatives of Deceased Employees—A further opinion by the Department of Justice on this question is to the effect that the Governor in Council may competently authorize payment of the gratuity out of the balance of funds in the appropriation from which the salary of the deceased had been paid.

Page 221—Prince Rupert Drydock and Engineering Co., Trust Account—Under date of April 18, 1929, a letter was received from Mr. A. R. Tibbits, a trustee, stating that matters had been adjusted with the creditors and that he hoped to forward shortly a statement of the disbursements from the trust fund. No statement has been received as yet.

Page 222—Battlefields Memorials—The overpayment of $1,291.80 has been recovered.

Page 225—Expenditure not approved by Governor in Council—The full amount has been recovered from the mail clerk responsible for the injuries.

Page 226—Increase in Rates of Pay to Skilled Labour Classes—I was again informed that this matter was still before Council. No Order in Council establishing the rates of pay has, as yet, been received by me.

Page 227—Canals Revenue received from the Canada Sugar Refining Company—This matter has been adjusted by the granting of a lease, at an annual rental of $1,850.

Page 228—Payment of Grant of $5,000 from Vote 294—A copy of the Order in Council in question was laid upon the table of the House of Commons on April 15, 1929.

Page 229—Binding of Grain Inspection Records—Requisitions for work of this nature are now submitted by the Board of Grain Commissioners to the King's Printer.

Page 230—Open Freight Account—Further information with regard to this matter will be found under the heading "Canada Grain Act, Advance Account" in the chapter on "Open Accounts" (page xxx).

No replies have been received to my letters with regard to "Personnel of Expedition to Hudson Strait and Hudson Bay" (page 221) and "Air Force—Differences in Prices Charged" (page 222).

On page 212 of this volume will be found a ruling of the Treasury Board to the effect that the executive regulation regarding insurance applies equally to Government property at the various legations.

Among the matters connected with the expenditure of 1928-29, referred to below and in other sections of this Introduction as having been the subjects of an exchange of correspondence, are irregularities and divergencies of opinion which I consider should be brought to the attention of the House. Other matters, involving questions of principle which were satisfactorily explained or adjusted, are published with the view of indicating to departments the method to be followed in dealing with similar questions in the future.

Deferred Payments on Buildings Purchased

All instalments and interest charges falling due in 1928-29, in connection with buildings purchased on a deferred payment plan, were met. I have not been informed that any other purchase of real estate was made under this plan since my last report.

Overdrafts of Letter of Credit Accounts

After the close of the fiscal year it was found that several departments had issued cheques in excess of the amount of letters of credit granted during the year in respect to the appropriations. The majority of these overdrafts, however, were small and occurred apparently through the desire of the departments to pay all accounts in hand before their appropriations lapsed.

Overdrafts of the Marine Branch of the Department of Marine and Fisheries, the Soldiers' Civil Re-Establishment Branch of the Department of Pensions and National Health and the Public Archives were made the subject of correspondence which is summarized on pages 222 and 227, of this volume, as in these cases the credits were overdrawn by amounts which were also in excess of the sums available under the appropriations at the time the cheques were drawn.

In every case cheques to the amount of the overdrafts, signed by the duly authorized departmental officers, having been drawn and issued, I considered it advisable, notwithstanding the provisions of section 49 of the Consolidated Revenue and Audit Act which directs that unexpended balances of appropriations and of credits issued in respect thereof shall lapse at the close of the fiscal year, to recommend the issue of further credits, to the exact amount of the overdraft in each case, in order that these cheques might be honoured by the bank.

Payments which did not Occur within the Period of the Account

Under section 60, subsection (*e*), of the Consolidated Revenue and Audit Act, the Auditor General is required to call attention to every case in which a payment charged did not occur within the period of the account. The total amount of payments in settlement of obligations incurred prior to April 1, 1928, was approximately $2,500,000 or $500,000 greater than in the preceding year. As explained in previous reports, the large number of payments of this kind, which are occasioned by the termination at the close of the fiscal year of the right to use appropriations for that year, prevents me from calling attention to each individual case; a particular instance, however, is given on page 227 of this volume, where it is stated that an amount of $133,041.79 was paid in 1928-29 by the Post Office Department for supplies obtained from the Department of Printing and Stationery prior to April 1, 1928, and $235,594.78, which should have been paid in 1928-29, was paid in 1929-30. If appropriations were rendered available for a limited period after the close of the fiscal year, as recommended in a subsequent chapter on the "Operation of the Consolidated Revenue and Audit Act", the amount of these payments would be greatly reduced if not entirely eliminated.

Unexpended Balances of Advances

While the practice of carrying over into the succeeding year the balances of advances to officials remaining unexpended at the close of a fiscal year is still followed to a certain extent in some departments, considerable improvement in this respect is reported by my chief examiners, the majority of departments having materially reduced the amounts of these balances, the only large increase being one of approximately $8,000 in the Department of the Interior. The amounts still to be accounted for by the liquidators of the Home Bank and by the Research Council are referred to in subsequent chapters of this report.

Nothing further has been collected on account of the deficit of $3,529.47 at the Prince Albert Forestry Office, reported last year, and it appears improbable that any portion of this amount will ever be recovered.

Automobiles and Operating Costs

The total expenditure in connection with new automobiles and automobile repairs, renewals, etc., but not including cost of gasoline and lubricants, amounted to $634,549.10, an increase of $92,622.46, or 17 per cent, over the expenditure of 1927-28.

Almost every department has increased its expenditure in this connection, and I would again call attention to my remarks of previous years with reference to the advisability of establishing systematic control over this class of expenditure and would point out that, in my opinion, considerable savings would result if such control were introduced into every department.

Bonding of Government Officials

This matter, which was referred to in my report for 1927-28, volume I, page xiii, is, I am informed, receiving the attention of the Finance Department.

Owing to representations with regard to premiums paid on guarantee bonds, made by me to certain departments since the above mentioned report, reductions in the premium rates charged those departments have been obtained from the Guarantee Companies, as is shown in various precis of correspondence in this volume.

Dominion Assay Office, Vancouver

The value placed by the Ottawa Mint on the gold consigned to it during the year by the Vancouver Assay Office was $1,652,672.22, on which there was a loss to the Assay Office of $282.26, due to differences in the results of the assays. This loss is shown as a deduction from the Casual Revenue of the Department of Mines in volume II, part P. The corresponding loss in 1927-28 was $59.80.

The value of gold on hand on March 31, 1929, is reported by the manager of the Assay Office as being $86,721.66.

Elections

The payments made by this office, on account of Elections, amounted to $62,454.08, of which $24,502.05 was for by-elections held during the year, $35,925.21 for general expenses, including storage of ballot boxes, and $2,026.82 for outstanding accounts in connection with general elections of 1921, 1925 and 1926. An increase in the general expenses of approximately $15,500 over the amount for 1927-28 is due principally to the issue of a new book of Instructions to Election Officers.

Expenditures Resulting Directly from War

As shown by the following statement there was a net increase of $751,835.54, as compared with the preceding year, in the expenditures which may be considered as directly attributable to the war. Interest on any part of the Public Debt representing War Loans is not included in the amounts shown.

—	1928-29	1927-28	Increase	Decrease
Adjustment of War Claims	$ 119,847 74	$ 1,860,985 25		$ 1,741,137 51

Federal Appeal Board—Salaries and Expenses	123,780 56	127,543 21		3,762 65
Soldiers' Civil Re-Establishment	7,778,176 91	6,958,810 97	819,365 94	
Soldier Land Settlement	802,594 90	702,634 91	99,959 99	
	49,750,789 67	48,998,954 13	2,518,929 99	1,767,094 45
Net Increase				751,835 54

The large decrease in the amount expended for Adjustment of War Claims is due principally to there being no payment in 1928-29 corresponding to a payment of $1,678,967.20 in 1927-28 to the Shipping Liquidation Department of the Imperial Board of Trade as Interest on War Advances to January, 1920. The increase of $1,587,098.49 on the amount of War Pensions is due to an increase in the number of pensioners and to a revision of existing pensions. The increase in the expenditure on Soldiers' Civil Re-establishment was caused by large increases in the payments for Pay and Allowances and for Care of Patients.

Experimental Farms

A summary of the revenue and expenditure in connection with the Dominion Experimental Farms, compiled as in previous reports and subject to the same qualifications, will be found on page 194 of this volume, from which it will be seen that the net cost of operating the whole system of farms, including expenditures on buildings, was $1,849,392.95, or $250,571.30 more than in 1927-28.

In the Estimates for 1928-29 a change was made in the method of providing supply, by including in the vote for Experimental Farms the amounts required for the purchase of land and the erection of new buildings, instead of voting these amounts under the Department of Public Works, as was the former practice. Replacements, repairs, improvements, etc., continue, however, to be paid from moneys voted under the Public Works Department; I am still of the opinion that it would be more satisfactory if works of this nature were provided for in the general vote for Experimental Farms.

No change has as yet been made in the method of dealing with the proceeds of sales of produce, etc., which amounted this year to $295,061.97. Of this sum

$123,502.62 was expended in addition to the amount voted by Parliament and the balance, $171,559.35, was deposited to the credit of the Receiver General as revenue.

The system of control of advances to farm superintendents has not been changed on the lines suggested in my last report.

Imperial and Foreign Services

From the following comparative statement it will be seen that while the amount expended on Imperial and Foreign Services was $409,803.80 less than in the preceding year, there was an increase of $86,365.44 in what may be considered the regular services, due in part to the establishment of a Canadian Legation at Tokio, Japan. The expenditure in 1927-28 included an amount of $477,754.35 for the purchase of the Legation building at Washington, and other items amounting to $18,414.89, for which there was no corresponding expenditure in 1928-29.

Details of the above expenditures in 1928-29 are given in Volume II, Part "E", Department of External Affairs.

Interest Payments and Redeemed Bonds Audit

The interest payments in respect to Domestic and New York Loans were fully audited, all cash payments, both for interest on registered bonds and for the redemption of matured coupons of bearer bonds, being checked and a reconciliation effected with the various outstanding interest accounts in the Public Accounts.

Concurrently with the examination of interest payments, an audit was carried out, as required by section 18, subsection 2, of the Consolidated Revenue and Audit Act, of payments for the redemption of matured securities. All payments on this account were supported by the production of cancelled redeemed bonds. Following the practice applied to bonds redeemed in previous years, the cancelled securities, after examination, are retained in joint custody with the Finance Department until such time as their destruction is authorized.

Cancelled securities, being transferred or exchanged bonds received by the

Finance Department in connection with transactions relating to current loans, were examined as required by a Treasury Board Minute of January 20, 1925. This examination, however, was applied only to such securities as were submitted to my office by the Finance Department, the records of that department with regard to these cancelled securities and those issued in their place not coming under my purview; I have no authority to examine the accounts relating to the issue and redemption of loans until such time as I am required to do so by the Minister of Finance, under the provisions of section 62, subsection (*c*) of the Consolidated Revenue and Audit Act.

The following is a brief summary indicating the extent of the work involved in carrying out these audits.

Coupons, cheques, bonds, etc.—number handled		6,185,334
Interest cheques examined	$	39,513,791 76
Interest coupons counted and valued	$	68,396,519 43
Redeemed bonds examined	$	53,567,200 00

King's Printer's Advance Account

In accordance with the provisions of the Public Printing and Stationery Act, an examination was made of the stock records of the Government Printing Bureau for 1928-29 and of the stock on hand at the close of the year, which amounted to $540,630.57, an increase of $19,385.79 over that of March 31, 1928.

The total amount due by departments on March 31, 1929 was $293,936.37 or $99,660.36 greater than at the close of the preceding year, and $246,697.50 than at March 31, 1927. From this it is evident that certain departments are becoming more dilatory in the payment of their accounts for printing and stationery. I consider that prompt monthly settlements of these accounts should be made in order that the King's Printer's Advance Account may be recouped as soon as possible during the year in which the supplies were furnished and also that they may be included in the respective departmental expenditures of that year.

The amount paid by the King's Printer for printing, lithographing, etc., ordered by him and done outside the Printing Bureau was $324,505.81; the corresponding amount in 1927-28 was $356,901.73, a reduction of $32,395.92.

With regard to shortages referred to in my last report, the King's Printer states that the Superintendent of Stationery informed him that an exhaustive enquiry had produced no explanation of the differences, but that there was no apparent reason for supposing that the discrepancies have resulted in loss to the Department. I do not consider this explanation as satisfactory.

It was found, at the last annual examination, that satisfactory improvement in recording the stores operations had been introduced since the preceding verification, resulting in the differences between the records and the stock actually on hand being considerably reduced.

Financial Statements relating to the King's Printer's Advance Accounts will be found on pages 167 and 168 of this volume, and the details thereof in Part T of Volume II, pages 9 to 14.

Land Settlement Accounts

Statements of the various land settlement accounts, under the classification adopted last year, will be found on page 151 and pages 172 to 174 of this volume.

The amounts actually expended by Canada during the year in connection with the several Land Settlement Schemes, after deducting re-imbursements by the Imperial Government, were as follow:—

Empire Settlement Scheme, Assisted Passages.—For the reason given in my last report no examination of the books of account maintained in the Department of Immigration and Colonization with regard to Assisted Passages has been made since that mentioned in my report for 1926-27, but a continuous audit of the receipts and disbursements was made in this office. I understand, however, that the department is at present working on a reconstruction of the individual accounts affected; when this is completed the periodical examinations of the books will be resumed.

The original agreement with the Imperial Government expired on December 31, 1928, and a new agreement was entered into as from January 1, 1929, which provides for a £10 rate from British ports to Halifax, St. John and Quebec, of which the immigrant pays or is loaned £2, the Imperial Government pays £4 10s., and the Dominion Government £3 10s. The expenditure for the year under each agreement, is shown on page 151 of this volume.

Another agreement was entered into with the Imperial Government which provides for assistance in transportation for wives and children of migrants not engaged in agricultural pursuits, a class to whom no loans are made. The costs are divided between the two governments on the same basis as other assisted passages.

Empire Settlement Scheme, Vimy Ridge Boys' Farm.—Under the agreement noted in my report for 1927-28, a grant of $3,910 was paid to the Province of Ontario, in respect of 391 boys from the United Kingdom who passed through the farm during the year and remained in Canada.

Soldier Land Settlement Loans.—The amount due by soldier settlers on account of principal of loans, as at March 31, 1929, was $72,589,863.29, which is $5,316,318.47 less than the balance of $77,906,181.76 outstanding on March 31, 1928. This reduction is made up of the following items which are explained below:—

Reduction in charges for live stock	$ 2,187 84
Reduction in land valuations	2,651,074 80
Transferred to General Land Settlement	1,400,519 74
Excess of repayments of principal over amounts loaned during the year	1,262,536 09
	5,316,318 47

An amount of $2,653,262.64, made up of $2,187.84 representing reductions in charges for live stock and $2,651,074.80 due to a revaluation of lands, under authority of sections 67 and 68, Chap. 188, R.S.C. 1927, was written off this account and made a charge to the Consolidated Fund. This amount of $2,653,262.64 formed part of $13,935,672.09 previously transferred from Active to Non-Active assets in the Public Accounts and appearing in the Balance Sheet among the "Miscellaneous Investments and Other Accounts, Non-Active", Schedule "L", which was accordingly reduced to $11,282,409.45. In anticipation of greater losses, an additional amount of $10,000,000 was transferred to the Non-Active assets, as at March 31, 1929, with the result that of the total amount of $72,589,863.29, due at the close of the year by soldier settlers, $21,282,409.45, or nearly 30 per cent, has been transferred in the Public Accounts to Non-Active Assets.

The amount of $1,400,519.74 transferred to General Land Settlement Loans represents the value at which lands previously sold under loan to soldier settlers were transferred to migrants under the 3,000 Family Scheme and similar schemes.

The total amount collected from soldier settlers was $4,161,677.64, of which $1,866,997.94 was credited to Revenue as Interest on Investments, a decrease of $158,844.86 as compared with 1927-28, and $2,294,679.70 was credited to this account as repayments of principal. The amount of new loans charged to soldier settlers was $1,032,143.61, or $1,262,536.09 less than the repayments.

A test audit was made, by my representatives, of these accounts in the department at Ottawa and also of a number of individual accounts at several district offices.

General Land Settlement Loans.—The following is a summary of the advances to British migrants under the 3,000 Family Scheme and similar schemes, from the inception in 1926 to March 31, 1929:—

—	Advances to March 31, 1928	Advances 1928-29	Total to March 31, 1929
Value at which lands held by soldier settlers were transferred to migrants	$ 5,994,217 79	$ 1,400,519 74	$ 7,394,737 53
Value of lands, acquired by purchase, sold under loan to migrants	87,057 75	143,779 58	230,837 33
Special Cash Advances	28,558 80	56,388 40	84,947 20
	6,109,834 34	1,600,687 72	7,710,522 06
Less—Repayments by migrants	46,765 87	38,332 42	85,098 29
	6,063,068 47	1,562,355 30	7,625,423 77

The accounts in connection with the 3,000 Family Scheme for the year ended March 31, 1929, were audited under my direction and comments thereon were forwarded to the Department together with my report to His Majesty's Secretary of State for the Dominions, as called for by the agreement. The Balance Sheet and Cash Account are shown on page 197 of this volume.

In accordance with the provisions of an agreement entered into on August 4, 1927, between the Imperial Government, the Dominion Government and the Government of the province of New Brunswick, for the settlement, within a period of not more than six years, of 500 families on improved farms in New Brunswick, an audit was made under my supervision of the accounts from the inception of the scheme to March 31st, 1929. My comments based on this audit were transmitted to the department together with a report thereon for His Majesty's Secretary of State for the Dominions. The Balance Sheet and Cash Account will be found on page 198 of this volume.

Cottage Scheme.—Under the terms of an agreement entered into on May 13, 1924, with the Imperial Government, for the purpose of assisting in the settlement in Canada of certain classes of immigrants from the British Isles, fifty-four cottages were built under the auspices of the Imperial Government, the obligation of the Dominion Government being to keep the cottages insured against fire, to maintain them in a reasonable state of repair, and to collect the rents and remit them to the Imperial Government after deducting the cost of such insurance and repairs.

The actual administration of the scheme, including the collection of the rents, was entrusted in the first instance to the representatives in Canada of the Scottish Immigration Aid Society, by whom the first migrants were brought out, but subsequently was placed in the hands of the Land Settlement Branch of the Department of Immigration and Colonization. I have been informed by the Deputy Minister of that department, under date of February 25, 1929, that no rents whatever had been collected by the agent of the Society and that $12 only had been collected by the Land Settlement Branch, while $753.55 had been expended by the department for insurance and $320.67 for repairs, and made a charge against the Imperial Government. I was also informed that a revision of the terms of the agreement was contemplated, to provide for the future operation of the scheme and the adjustment of the difficulties arising from the original agreement.

Legal Services and Disbursements, Including Taxed Costs

A statement of payments for legal services, etc., will be found on pages 181 to 187 of this volume. The expenditure showed an increase of more than $100,000 over that of 1927-28, the amounts being as follow:—

—	1928-29	1927-28	Increase	Decrease
Legal Services and Disbursements	$ 420,260 07	$ 318,639 90	$ 101,620 17	
Taxed Costs	10,137 54	10,353 71		$ 216 17
Totals	430,397 61	328,993 61	101,620 17	216 17

The largest increases in these expenditures occurred in the Departments of Justice, National Revenue and Public Works.

Loans, Subsidies, Grants, etc.

A statement of the amounts loaned and of the subsidies and grants paid is given on pages 178 to 180 of this volume. The amounts of the Loans and Subsidies are approximately the same as last year but there is an increase of $6,012,310.82 in the amount of the Grants, etc., due to additional grants to the Federal District Commission and increased payments under the Maritime Freight Rates Act.

A further improvement was observed in the matter of the proper authorization of the payment of grants, the expenditure of which is not accounted for to the Government. There were very few cases of such payments from general votes which contain no permissive clause.

Preventive Service

A change in the provision by Parliament for the maintenance of this service was made in the Appropriation Act for 1928-29 by combining under one heading the two sub-votes of previous years, "Maintenance of Revenue Cruisers, etc." and "Special Preventive Service."

A continued increase in the activities of this service is indicated by the expenditure of $1,650,133.38, an increase of $218,611.90, or more than 15 per cent, over the expenditure in 1927-28 under the two sub-votes mentioned above. The detailed accounts will be found in Volume II, Part R, pages 114 to 127.

Relief to Creditors of the Home Bank

The following is a summary of the payments made in connection with the distribution of relief under the terms of the Home Bank Creditors' Relief Act, 1925:—

—	Expenditure in 1928-29	Total Expenditure to March 31, 1929
Advances to liquidators for distribution to creditors	$ 477,108 95	$ 3,427,108 95
Advances to Hon. A. K. MacLean, Commissioner, for expenses	.....	30,000 00
Legal services, Murphy & Donald, Toronto	.....	2,891 05
	477,108 95	3,460,000 00

Of the amount of $477,108.95 advanced the liquidators in 1928-29, $17,108.95 was paid under authority of the Act of 1925, being the balance of the $3,000,000 authorized by that Act, and $460,000 was the full amount provided by item No. 504 of the Appropriation Act for 1928-29, "to supplement the provisions of the Home Bank Creditors' Relief Act, 1925."

No statements or vouchers for payments by the liquidators have been received since my last report and the balance of advances to be accounted for by them now stands at $2,518,470.66, made up of the balance of $2,048,470.66 reported last year (Vol. I, page xxi) and the $477,108.95 advanced in 1928-29,

less an amount of $7,108.95 repaid to the Commissioner by the liquidators, as not required by them for distribution. I understand that statements and vouchers for a final accounting by the liquidators have been received in the Finance Department and will be forwarded to this office for audit as soon as the examination by that Department is completed.

Accounts, amounting to $17,004.71, for expenses incurred by the Commissioner have been received and examined since my last report was issued. The balance now remaining in the hands of the Commissioner to be accounted for by him is $5,845.28.

Sinking Funds

The amounts available this year for investment on account of the sinking funds of the three London Loans were:—

Annual contribution of one-half of 1 per cent of loans	$ 1,272,263 60
Interest on sinking funds investments (London Loans)	1,705,714 79
Total	2,977,978 39

Dominion securities, payable at London of the par value of $3,462,312.33, were purchased at a cost of $2,977,978.39, which includes brokerages and transfer fees of $8,843.79. In accordance with previous practice, which might be questioned, the par value of these securities has been added to the Sinking Fund Account and the discount obtained of $493,177.73 has been included in the current year's revenue (see Vol. II, page F-4).

The securities held as investments for the sinking funds of the London loans on March 31, 1929, as compared with those held on April 1, 1928, were:—

	March 31, 1929	April 1, 1928	Increase
3½ p.c.—1909-34 stock	$ 14,684,116 98	$ 14,002,161 63	$ 681,955 35
3½ p.c.—1930-50 stock	23,939,421 17	22,200,478 18	1,738,942 99
4 p.c.—1940-60 stock	12,276,560 15	11,235,146 16	1,041,413 99
	50,900,098 30	47,437,785 97	3,462,312 33

Securities and cash held by the Bank of Montreal, at Montreal, for sinking funds of the domestic War Loans, on March 31, 1929, as compared with those held on April 1, 1928, were:—

	March 31, 1929	April 1, 1928	Increase
War Loan Bonds, 1916-31	$ 799,300 00	$ 799,300 00	
War Loan Bonds, 1917-37	379,800 00	379,800 00	
Cash (accumulated interest)	389,210 36	340,177 90	$ 49,032 46
	1,568,310 36	1,519,277 90	49,032 46

Subsidies to Provinces

The payments of the subsidies to the various provinces amounted to $12,553,724.50, an increase of $36,984 over the amount paid in 1927-28. The increase was in the amounts paid Manitoba, Saskatchewan and Alberta as per capita allowances for the second half-year, which were calculated on the

Dominion Statistician's estimate of the population of those provinces as at January 1, 1929, in place of the previous basis of the population as established by the quinquennial census of 1926. In addition to the regular statutory subsidies the provinces of Nova Scotia, New Brunswick and Prince Edward Island were paid the amounts provided by Vote No. 313 in the Appropriation Act for 1928-29 as supplementary grants pending a general revision of provincial subsidies.

No adjustment appears to have been made as yet of the overpayment of $468,750 to the province of Alberta, during 1914, 1915 and 1916, the particulars of which are set out at page F-63 of Volume II of my report for the year 1924-25.

Unforeseen Expenses

The expenditure from the vote of $80,000 for Unforeseen Expenses amounted to $10,053.38, a summary of which, by departments, is shown on page 34 of this volume. In accordance with the terms of the vote these expenses were duly authorized by the Governor in Council, on the recommendation of the Treasury Board.

Diamond Jubilee of Confederation

The audit of the accounting records of the National Committee was continued, under my direction, covering the period from January 1, 1928, to June 18, 1929. The receipts during that period were $304.60, which with the balance of $68,648.89 on hand on December 31, 1927, made a total amount of $68,953.49 to be accounted for. The payments during the period amounted to $57,284.91, leaving a balance of $11,668.58 on hand on June 18, 1929, which was deposited to the credit of the Receiver General in July, 1929, the operations of the Corporation being completed. A summarized statement of the receipts and disbursements during the period under review will be found on page 199 of this volume.

Federal District Commission

In view of the greatly increased activities of the Federal District Commission, the total expenditure for 1928-29 amounting to $2,087,067.48, I considered it advisable to supplement the regular examination at this office of the statements and vouchers submitted, by an audit of the books of account and other records of the Commission. In the course of this special audit a survey was made of the methods applied by the Commission. A report thereon has been prepared which will be transmitted to the Minister of Finance shortly.

The following statements in connection with the operations of the Commission will be found on pages 144 to 147 of this volume: (a) Statement of Receipts and Expenditures; (b) Comparison of Approved Estimates with Expenditures; (c) Summary of Expenditures to March, 1929.

Government Employees' Compensation Act

The total expenditure in 1928-29, under the authority of this Act, was $402,251.81, an increase of $23,864.45 over that of the preceding year.

Special examinations in connection with the expenditures by the Manitoba and Alberta Boards were made, under my direction, at Winnipeg and Edmonton by officials of this office and comments in connection with these examinations were communicated to the Department of Railways and Canals.

Research Council

The Research Council Act of 1917, as amended in 1924 (Chap. 177, R.S.C. 1927), created a corporate body, and assigned to it such sums as may be appropriated by Parliament for the work of the Council or which may be received through bequest, donation or otherwise.

Owing to the fact that the Council is a corporate body and that a considerable part of the expenditures consists of payments to laboratories voluntarily co-operating in the research work and participating largely in the cost of the work undertaken by them for the Council, it has been claimed that executive regulations governing departmental expenditure should not apply to the expenditure of the Council and that the latter should be relieved from the necessity of supplying fully detailed vouchers for payments made to the laboratories so co-operating with the Council. On pages 230 and 231 will be found a precis of correspondence dealing with this matter.

In addition to a total expenditure of $299,745.68 under the parliamentary appropriation, in 1928-29 the Council received from other sources and assigned to special committees the total sum of $230,635.27, consisting of $219,119.95 which had been held in Suspense Account, being the balance of the proceeds arising from the sale of grain overages at government elevators, $10,961.47 from the Engineering Standard Committee and $553.85 bank interest. A further amount of $10,000 received from the Sun Life Assurance Company, was credited to the appropriation.

Grants for Assisted Industrial and Scientific Research which had not been accounted for on March 31, 1929, amounted to $359,910.80 as compared with $73,716.36 in the preceding year, the increases resulting principally from the special amount of $219,119.95 mentioned above, of which only $4,960 was expended during the year by the Grain Research Council.

International Fisheries Commission

The total expenditure during the year on account of the International Fisheries Commission was $61,956.53 of which $74 was considered as chargeable in full to Canada, leaving $61,882.53 as joint expenses to be borne equally by Canada and the United States.

Prior to March 31, 1929, the United States repaid $25,546.04 of its share of the expenditures, which was credited to the vote; the balance of $5,395.22 was repaid later and placed to the credit of Casual Revenue of 1929-30.

Lignite Utilization Board

I have been informed by the Department of Mines, under date of October 4, 1929, that the cash and other assets stated in my report for 1927-28, page

xxvi, as remaining in the hands of the Lignite Utilization Board after the transfer of the buildings, machinery, etc., to C. G. Ashwin, are to be disposed of in accordance with the terms of an agreement entered into between the three governments interested, which, when signed, will be communicated to me.

Old Age Pensions

During the year, agreements with regard to the payment of Old Age Pensions were entered into between the Dominion Government and the provinces of Saskatchewan and Manitoba, and the schemes submitted by those provinces for the administration and payment of pensions were approved by the Governor in Council. An agreement, approved by the Governor in Council in January, 1929, was also entered into with the Commissioner of the Northwest Territories, but no payments under that agreement were made in 1928-29.

The amounts paid in 1928-29, under the provisions of the Old Age Pensions Act, with the periods covered by the payments, were as follow:—

British Columbia—April 1, 1928, to March 31, 1929	$ 399,340 95
Saskatchewan—May 1, 1928, to March 31, 1929	191,041 97
Manitoba—Sept. 1, 1928, to March 31, 1929	242,303 86
	832,686 78

Since my last report, further inspections have been made of the methods followed by the various provinces in connection with the payment of these pensions and I am informed that there appears to be a sincere desire, on the part of the provinces visited by my representatives, to co-operate with the Federal Government, in order to effect uniformity in the methods of administration and control of these expenditures.

Yukon Federal Accounts

A statement is given on page 202 of this volume in which is shown, for each of the last three years, the revenues and expenditures of the various departments in connection with their activities in the Yukon Territory, as closely as they could be determined from the returns received at this office.

Subsequent to the publication of my last report, the Public Works Department submitted a return of the revenues and expenditures for 1927-28 of those telegraph offices which are actually situated in the Territory, and the figures for the year have been adjusted accordingly in the statement now presented.

From this statement it will be seen that while the total expenditure of $651,752.99 in 1928-29 was $21,644.92 greater than the adjusted expenditure in 1927-28; the total revenue of $255,637.31, showed an increase of $45,407.55 over that of the preceding year.

The following are the more important increases in revenue:—

Interior Department	$ 9,737 62
National Defence Department (Radiotelegraphs)	2,159 06
National Revenue Department	30,908 10
Post Office Department	1,360 21

Yukon Territorial Government Accounts

No local examination of the Yukon Territorial Accounts was made by this office during the year and, consequently, I am unable to say what effect has been given to the recommendations which I submitted to the Interior Department as a result of the local examination of 1927; however the usual monthly returns of the Territorial receipts and disbursements, supported by vouchers, were received and audited in this office.

General Administration Account—Following the practice of previous years an amount of $50,000 was transferred to this account from the Liquor Account, being the greater part of the book profits for the year. The total expenditure of $211,232.06 for administration, was $9,036.28 less than the total receipts of $220,268.34, which had the effect of changing the debit balance of $3,092.98 on March 31, 1928, to a credit balance of $5,943.30 on March 31, 1929.

Liquor Account—The practice of financing the liquor purchases by means of bank overdrafts at nine per cent interest and transferring, as mentioned above, the greater part of the profits to the General Administration Account was continued this year. It is noted, however, that the bank overdraft (less cash on hand) was reduced from $81.056.77 on March 31, 1928, to $59,633.75, or by $21,423.02, due mainly to an increase in the amount of sales which resulted in a net profit of $67,789.07 according to accounts rendered this office, as compared with $48,843.19 for 1927-28. The value of the stock on hand on March 31, 1929, including duty paid on the stock in store and payable on that in bond, as certified to by local officials, was $100,422.76 as against $101,554.62 on March 31, 1928.

Detailed and comparative statements with regard to the General Administration Account and the Liquor Account will be found on pages 203 to 207 of this volume.

CAPITAL EXPENDITURE

Items amounting to $28,650,923.24 were included in the Appropriation Act for 1928-29, for expenditures "Chargeable to Capital." The expenditure under these votes amounted to $23,226,834.51, leaving an unexpended balance of $5,424,088.73. A further amount of $288,736.30 was paid under the authority of the Exchequer Court Act, from unappropriated moneys, in settlement of Exchequer Court awards, making a total capital expenditure of $23,515,570.81.

A total amount of $706,295.68 was received as refunds of capital expenditures of previous years, including proceeds of sales of equipment, materials, etc.; this amount was credited directly to Capital account and is, accordingly, not included in the revenue for the year.

The following is a summary, by departments, of the expenditure charged to Capital and of the amounts credited as refunds of capital expenditure of previous

years; the details of the amounts will be found in Volume II, at the pages indicated and following pages:—

—	Page in Vol. II	Expenditure	Refunds	Net charge
Marine and Fisheries	O—72	$ 2,063,555 73	$ 40,584 96	$ 2,022,970 77
Public Works	V—144	1,322,102 70	2,359 70	1,319,743 00
Railways and Canals	W—51	20,129,912 38	663,351 02	19,466,561 36
Totals		23,515,570 81	706,295 68	22,809,275 13

The corresponding figures for 1927-28 were: Expenditure, $21,576,864.45; Refunds, $941,216.60; Net Charge, $20,635,647.85.

The largest capital expenditures during the year were: Welland Ship Canal, $13,670,899.26; Hudson Bay Railway and Terminals, $6,271,257.43; River St. Lawrence Ship Channel, $1,894,911.65. The largest amount credited to capital was $445,647.06, received from P. Lyall & Sons Construction Company for plant and stores taken over in connection with the Welland Ship Canal. An amount of $38,000 was received on account of the sale of government owned ships. Proceeds from the sale of the Halifax Dry Dock, which are not included in the above figures, are referred to in a separate chapter of this report.

In previous reports I have called attention to the nature of some of the expenditures charged to Capital account; included in this year's charges are certain compassionate allowances to relatives of deceased employees of the Sorel Shipyards and medical and hospital fees; such expenditures are not ordinarily chargeable to Capital.

I am still of the opinion that a revision, as in 1881, of the capital values at which certain assets are carried in the Dominion Balance Sheet should be undertaken at an early date.

Hudson Bay Railway

In addition to the regular audit made in this office of the expenditure in connection with the construction of the Hudson Bay Railway and Terminals, a special examination of the accounts for the year 1927-28 was made at the Winnipeg office of the Canadian National Railways. Comments based on the report of this examination were submitted to the Department of Railways and Canals.

On March 31, 1929, the total expenditure was established at $33,270,651.52. Details of the expenditure for 1928-29 are given in Volume II of this report, Part W, pages 51 to 55.

Welland Ship Canal

The expenditure during 1928-29, in connection with the construction of this canal, was $13,670,899.26, while $459,640.23 was received as refunds of expenditure of previous years, making a net charge of $13,211,259.03 for the year and bringing the total cost to March 31, 1929, up to $103,513,215.58. Details of the expenditure for 1928-29, will be found in Volume II, under Railways & Canals Department (Part W, pages 56 to 64).

AUDIT OF GOVERNMENT STORES

The following is a statement of the value of stores on hand on March 31, 1929, as reported by the various departments, with a comparison with the corresponding figures for the preceding year:

Department	March 31, 1929	March 31, 1928	Increase	Decrease
Indian Affairs	$ 60,867 56	$ 58,368 99	$ 2,498 57	
Interior (National Parks)	54,011 03	47,219 79	6,791 24	
Justice (Penitentiaries)	450,291 75	500,676 71	.....	$ 50,384 96
Marine and Fisheries	906,732 24	1,016,553 37	.....	109,821 13
Mines	73,832 58	76,362 72	.....	2,530 14
Pensions and National Health	403,629 51	394,879 00	8,750 51	
Post Office	1,442,208 18	1,505,856 88	.....	63,648 70
Printing and Stationery	540,630 57	521,244 78	19,385 79	
Public Works	140,566 31	178,121 60	.....	37,555 29
Railways and Canals	418,168 15	442,761 45	.....	24,593 30
Royal Canadian Mounted Police	270,121 54	298,749 40	.....	28,627 86
	4,761,059 42	5,040,794 69	37,426 11	317,161 38

The net decrease of $279,735.27 may be attributed in part to an endeavour by some departments to reduce the amount of their stores and to dispose of surplus and obsolete stores.

In the above statement, for reasons given in previous reports, the stores of the Department of National Defence are not included.

The statutory annual examination of the stock and stock records of the Government Stationery Office and Printing Bureau was made as at March 31, 1929. This inspection is further referred to on page xvii of this volume.

A satisfactory stock record of government publications is now maintained in the Distribution Branch of the Printing Bureau, and I propose making a test audit of the stock and records of this Branch during 1929-30.

The regular half-yearly joint inspections of the coin and bullion in the Ottawa Branch of the Royal Mint were made by duly appointed officials of this office and of the Finance Department and the results were communicated to the Deputy Master of the Mint.

Reference was made in my last report to a depot where important matters involving the principle of government control were under consideration. I am now informed by the department concerned that measures are being taken to discontinue certain practices to which I had taken objection.

Since my last report my officers have made a number of inspections of stores, including those of the Indian Department at Regina and at a number of Indian agencies and the National Parks stores at Banff and Jasper. The accounting methods appeared, on the whole, to be satisfactory but, as regards the Parks stores, closer supervision by the administrative officers is necessary in order to ensure that those methods are properly carried out.

I find that my recommendations to the various departments, based on the inspections made under my directions, are, as a rule, acted upon by the departments concerned with the result that improved methods in handling stores are gradually being introduced.

But, notwithstanding the improvements referred to above, there are still many others to be effected before all government stores can be regarded as being in as satisfactory a condition as is desirable. This will be apparent from the following observations made by me in the course of personal inspections of several stores depots, in Western Canada in the summer of 1928 and in the Maritime Provinces in 1929:

(*a*) In a number of depots there are still considerable quantities of obsolete stores.

(*b*) In some cases the quantity of stores on hand is greatly in excess of requirements, if one may judge by the annual issues.

(*c*) Quarters allotted to stores are, in many cases, ill adapted to such purpose and do not allow economical handling of the stores.

(*d*) Many stores are not sufficiently protected against loss by fire.

Surplus and Obsolete Stores.—The following is a brief statement of surplus and obsolete stores disposed of during the year by the Government Contracts Supervision Committee, with a comparison with the amounts for 1927-28:—

—	1928-29	1927-28	Increase or *Decrease
Transferred to other Departments	$ 59,268 57	$ 44,027 23	$ 15,241 34
Sales to General Public	53,630 33	122,206 75	*68,576 42
	112,898 90	166,233 98	*53,335 08

The method of valuing surplus and obsolete stores transferred between departments by the Committee, to which reference was made in my last report, has been changed, and one of the following values is now placed on these stores by the Committee:—

(1) The vocabulary price of the department transferring the goods.
(2) The value of the goods, as estimated by the transferring department.
(3) The market value, based on the cash sale price of similar goods.

Condemned, obsolete or surplus stores, transferred from one department to another, should be carefully checked by the officials of departments delivering or receiving these stores, in order to prevent loss or waste.

OPEN ACCOUNTS

Amounts Due the Dominion Government

The examination of those public accounts which record amounts due the Dominion Government was continued throughout the year. In the following paragraphs notes are given on such accounts as call for special mention.

In addition to the amounts shown in the Dominion Balance Sheet as due the Government, are some carried as arrears in the departmental ledgers, but not in the Dominion Ledger. These arrears are referred to at greater length in a subsequent chapter of this volume and a statement of them, as reported to me by the various departments, will be found on pages 175 and 176 of this volume.

Advances to Foreign Governments

Since my last report the Greek Government has paid a further instalment of $200,000 on account of its indebtedness, in accordance with the terms of the agreement of December 27, 1923, and also the interest in full for the year on the balance of the advances, which now stands at $7,080,000. Interest was also paid by the Roumanian Government on the bonds held as security for the advances to that government, but no payment was made of the bonds themselves, which do not mature until 1967. No payments of either principal or interest were received on the amounts due by the Russian and Italian Governments.

Canada Grain Act, Advance Account

At the close of the preceding fiscal year the outstanding balance of the Advance Account was $5,851.68, while the actual amount due by the trade for advanced freight, weighing and inspection fees was $11,521.77. The difference of $5,670.09, which represented profits accrued from various sources over a period of several years, was transferred in 1928-29 to the credit of General Revenue (Canadian Government Elevators).

A statement of this account for 1928-29 is given on page 174 of this volume, showing a debit balance of $10,121.37 at the close of the year.

During the year my examining officers made an inspection of the accounting records maintained at Fort William by the management of the Canadian Government Elevators and of the records of their agency at Winnipeg. Inspections were also made at both these places into the accounting system of the Board of Grain Commissioners. Matters arising out of these inspections were subsequently discussed with the department.

Canada Land and Irrigation Company

Particulars of the amount of $514,115.35 due the Dominion Government by this company, as at December 31, 1926, were given in the Introduction to my last report on page xxxii, together with a brief outline of the agreement which the Minister of the Interior was authorized to enter into with the company.

In accordance with the provisions of this agreement, 257,058 acres of the company's lands were conveyed to the Crown at a valuation of $2 per acre, and the whole indebtedness written off. This entailed a charge of $380,473.74 against Consolidated Fund, consisting of the two amounts of $329,573.96 and $50,899.78 stated, in my last report, as appearing in the Public Accounts among the Miscellaneous Investments (Non-Active), schedule "L" to the Balance Sheet.

Canadian Farm Loan Board

This Board was organized during the year, under the provisions of the Canadian Farm Loan Act (R.S.C. 1927, Chap. 66). The amount of $50,000 provided by Vote 505 of the Appropriation Act for 1928-29, for salaries and expenses in connection with the operation of the Canadian Farm Loan Act, was paid to the Board as a repayable advance.

This amount was redeposited with the Finance Department, pending final banking arrangements by the Board, from which $5,010.05 was paid out during the year, leaving, on March 31, 1929, a credit balance of $44,989.95, which has since been repaid to the Board.

Section 14 of the Act provides for the audit of the books of the Board by a firm of chartered accountants appointed for the purpose by the Governor in Council.

Government Annuities Fund

A statement of the Government Annuities Fund, showing the transactions during the fiscal year, is given on page 158 of this volume, together with a statement, prepared in the Annuities Branch of the Department of Labour, of the liabilities, as at March 31, 1929.

Subsequent to the publication of my last report the Annuities Branch amended their valuation of the contracts in force on March 31, 1928, with the result that the deficiency at that date was reduced from $263,146.13 to $132,844.13. This fact explains the difference between the amounts shown in my report and in the departmental report for 1927-28.

In order to cover the above deficiency the amount of $132,844.13 was transferred during 1928-29 from the Consolidated Revenue Fund to the credit of the Annuities Fund.

On March 31, 1929, the liabilities, or net present value of outstanding contracts, were computed to be $18,335,193, while the cash balance at the credit of the fund was $18,369,099.88, or $33,906.88 in excess of the liabilities.

Halifax Dry Dock

On March 31, 1929, the original cost of the Halifax Dry Dock, $1,552,827.43, still appeared as an asset of the Dominion, but immediately after the closing of the accounts for the fiscal year 1928-29, effect was given to the recommendations made on page xvi of the Introduction to my report for 1925-26.

Indian Commissioner's Greater Production Account

Farming operations under the Greater Production Scheme are still carried on to a limited extent, although the authority under which the Scheme was inaugurated was rescinded in 1922, as previously reported.

Comments based upon inspections, made under my supervision at the office of the Indian Commissioner at Regina, of the transactions from the inception of the scheme to March 31, 1928, were forwarded to the Department of Indian Affairs in February, 1929, with several recommendations which in my opinion would provide a more efficient accounting control. These comments have been carefully considered by the department and a number of the recommendations have already been put into effect.

The following is a summary of the cash transactions in connection with the scheme from its inception in 1918 to March 31, 1929:—

Receipts—		
Advances from War Appropriation	$ 362,000 00	
Sales of grain, stock, etc	1,170,220 42

A detailed statement of the transactions of 1928-29 will be found on page 153 of this volume.

Loans to Harbour Commissioners

The following statement shows the amount of advances to the various Boards of Harbour Commissioners, and those authorized by Parliament, as at March 31, 1929:—

—	Advanced in 1928-29	Total advances as at March 31, 1929	Total authorized by Parliament to March 31, 1929
Chicoutimi	$ 500,000 00	$ 500,000 00	$ 500,000 00
Halifax	30,000 00	30,000 00	500,000 00
Montreal	1,370,000 00	50,350,000 00	59,250,000 00
Quebec	2,888,000 00	18,117,995 68	26,125,000 00
St. John	602,000 00	602,000 00	5,000,000 00
Vancouver	1,596,000 00	17,460,900 00	19,000,000 00
	6,986,000 00	87,060,895 68	110,375,000 00

In accordance with Chapters 6 of the Statutes of 1926 and 58 and 67 of 1927, respectively, Boards of Harbour Commissioners for Chicoutimi, Halifax and St. John were organized; and, under the authority of the Governor in Council, works previously under the control of the Department of Railways and Canals, to the capital value of $12,830,122.16 at Halifax and $645,182.77 at St. John, were transferred to the respective Harbour Boards for administration.

The total advances to the Montreal Board amounted to $51,350,000, but $1,000,000 of this was repaid in 1927-28 and is not available for re-loan.

The total of $17,460,900 shown as advanced the Vancouver Board includes an amount of $550,000 at which the Vancouver Elevator was transferred to the Board in 1925-26 and for which a debenture was issued by the Board under authority of Sections 26 and 27 of the Vancouver Harbour Commissioners Act. The Department of Marine and Fisheries considers that this amount should not be included in the advances out of the $19,000,000 authorized by Parliament.

Interest in full to January 1, 1929, was received on the advances to the Chicoutimi, Montreal, St. John and Vancouver Boards. The first advance to the Halifax Board was made on February 6, 1929, and consequently no interest fell due this year.

No interest was paid in 1928-29 by the Quebec Board, and interest arrears on January 1, 1929, as reported by the Finance Department, amounted to $10,056,180.24, an increase of $636,273.83 over the preceding year. Further advances, however, were made to the Board under the legislation of 1928. The claim of the Commissioners against the Government for the use of the wharves is still unsettled.

The situation as regards the account against the Three Rivers Harbour Commissioners remains unchanged (see Report 1926-27, Vol. I, page xxix). The amount of the outstanding interest as at January 1, 1929, is reported by the Finance Department as being $374.915.51.

Outstanding Cheque Account

A balance of $30,975.68 appears at the credit of the Outstanding Cheque Account on March 31, 1929, and as a liability in the Public Accounts but, as explained in previous reports, the amount thus shown at the end of each fiscal year does not represent the full liability arising from cheques not presented for payment.

Railway Grade Crossing Fund

The total expenditure from this fund, up to March 31, 1928, amounted to $1,368,354.16, which left a balance of $631,645.84 at the credit of the account on that date, to be carried forward into the following year.

The total amount expended during 1928-29 on aid to grade crossings, under authority of the Railway Commission, was $855,815.17, as is shown in detail on pages 170 and 171 of this volume, exceeding by $224,169.33 the amount then standing at the credit of the account. To meet this excess a like amount was credited to this account and debited to Consolidated Revenue Fund as a charge against the amount of $2,000,000, authorized by sub-section 5 of section 262 of the Railway Act (R.S. 1927, Chap. 170).

Seed Grain and Relief Advances

These advances are recorded in the two following accounts—

Seed Grain and Relief, Department of the Interior—In accordance with my recommendations which followed the audit of the Seed Grain accounts mentioned in my reports for 1926-27 and 1927-28, the sum of $745,496.23 was credited to this account and charged to Consolidated Fund, thus bringing the account, as shown in the books of the Finance Department into agreement with the accounts of the Interior Department. A further amount of $31,311.38 was written off by the Interior Department, under the authority of the Dominion Lands Act and Orders in Council. These amounts were credited to that part of this account stated in my last report as having been transferred, in the Public Accounts, from Active to Non-active assets, which was thus reduced from $2,000,000 to $1,223,192.39.

A statement of this account is given on page 157 of this volume, showing a total debit balance of $3,879,283.51 on account of principal. In addition to this amount the Interior Department reports a total of $2,135,379.39 due, as at March 31, 1929, on account of outstanding interest, thus establishing a total amount of $6,014,662.90 as due the Government on this account.

Saskatchewan Government, Seed Grain Advances of 1908—During the year the Saskatchewan Government repaid $2,925.13 on account of these advances, thus reducing their indebtedness, as regards principal, to $90,303.33. In addition, the interest due on these advances, as at January 1, 1929, is reported by the Finance Department as $212,718.40, an increase during the year of $4,622.49.

Suspense Account

The following is a summarized statement of this account for 1928-29, to which are added explanations of the principal transactions during the year.

	502,074 98	1,530,088 95	1,744,254 68	287,909 25

The items making up the balance on April 1, 1928, were explained in previous reports.

Canadian Wheat Board Reserve, $173,000—This amount has not yet been transferred to revenue, although under the terms of Order in Council of March 15, 1927, (P.C. 471) it would appear to be now the property of the Crown. No statement was received during the year of the expenditure under the advance of $2,000 made to the Secretary in 1927-28 (see Report for 1928, Vol. I, page xxxvii), but in May, 1929, an amount of $258.53 was received from the Department of Trade and Commerce as the unexpended balance of that advance and was credited to this account in 1929-30.

Overages at Elevators (Surplus Grain).—During the year, in accordance with sub-sections 5 and 6 of section 87 of the Canada Grain Act, an amount of $65,913.26 was received from the Board of Grain Commissioners as the proceeds of the sale of overages of the grain year 1926-27. Under authority of an Order in Council of June 30, 1928, $219,119.95 of the total amount received from this source for the grain years 1925-26 and 1926-27 was paid to the National Research Council to be expended on grain research problems; the balance of $10,000, remaining in the account, had been set aside, by Order in Council of June 28, 1928, for use by the Board of Grain Commissioners on research work. Of the $10,000, stated in my last report as having been retained by the Board for a similar purpose from the receipts for 1925-26, $9,998.24 was expended, the details of which were given in my report for 1927-28, Volume II, page ZZ-15.

Pecuniary Claims Convention (1910) Awards—$30,518.77 was paid in full settlement of four awards, $2,699.37 was transferred to Casual Revenue as Canada's share of the amount retained for the expenses of the tribunal, and $7,404.83 was remitted to the British Government on account of the expenses of the British and United States governments.

Deposits by Insurance Companies—The amount of $39,962.50 deposited in cash in lieu of securities, during the year, and the $20,000 deposited in 1927-28 were returned on receipt of the requisite securities.

British Treasury *re* Outstanding War Claims, $1,400,000—The receipt and subsequent application of this amount is explained in a preceding chapter of this report, under the heading "Special Revenue", (see page viii).

West Indies Steamship Service, Loss on Operation—The total amount of $22,401.73, received from the governments of Bahamas, British Honduras and Jamaica as their share of the loss in operating the service in 1927, was paid over to the Government Merchant Marine, by whom the service was maintained.

Unclaimed Dividends Under Bankruptcy Act

An amount of $668.38 was received from the liquidators of various insolvent estates and $46.90 was paid to creditors who applied for the amounts due them. The balance at the credit of the account, on March 31, 1929, was $25,869.77.

The following is a comparative statement of the cash balances on March 31, 1928, and March 31, 1929, standing at the credit of certain open accounts which

were classified as "Trust Accounts" on page xxxviii of my report for 1927-28, and in schedule "O" to the Balance Sheet in the Public Accounts. No new accounts of this nature appear to have been opened during the year.

In addition to the above cash balances, securities to the amounts shown below are held in the Finance Department on behalf of the funds indicated, being either securities taken over at the time the funds were established or the proceeds of the investment of moneys received. No verification of these securities is made by this office.

The following remarks on certain of the accounts refer to the transactions of the year under review:—

Indian Agents' Trust Accounts

Until after the close of this year no statements of these accounts were furnished to this office, but following an examination made by my officers in 1928, at the Indian Commissioner's Office at Regina and also at a number of the agencies under his control, I requested the department to transmit to me copies of all statements received from the Indian Commissioner, together with vouchers, paid cheques, etc. Since May 1, 1929, these monthly statements and vouchers have been received, and a continuous audit is now made at this office.

Recommendations resulting from an inspection made at the New Westminster, B.C., agency by one of my officers were communicated to the department. A précis of correspondence with the department regarding this matter appears on page 219 of this volume.

Indian Trust Fund Accounts

A summarized statement of the Indian Trust Fund, as it is dealt with in the Dominion Ledgers, is given on page 154 of this volume and a tabular statement of the accounts with the several Indian bands is given in Volume II, part I, pages 49 to 67.

Full details of the revenues and expenditures of the individual band accounts and any information desired with regard thereto are readily available in this office.

Intercolonial and Prince Edward Island Railway Employees' Provident Fund

There has been no change since the date of my last report in the method of operating this fund. The contributions by the Government and by the employees, called for by the Provident Fund Act, still continue to be inadequate to meet the financial obligations. As a result, special contributions, to the amount of $437,031.93, were required to be made during the year by the Canadian National Railways.

A statement of this fund, showing the receipts and disbursements for the year, will be found on page 169 of this volume.

Militia and Defence Regimental Funds

The Canteen Funds (Canada) Act of 1928 (18-19 Geo. V, Chap. 14) authorized the disposal of certain "Canteen Funds" held by the Receiver General.

It directed that $5,000 be retained until April 1, 1930, for the purpose of paying any claims or accounts which may be outstanding against any of the units by whom the funds had been accumulated and that the residue be handed over for administration to the Provincial or Territorial Boards of Trustees appointed under the provisions of the Canteen Funds Act (15-16 Geo. V, Chap. 34), in the proportion indicated in section 6 (*e*) of that Act.

The $4,000 Victory bonds stated in my last report (page xl) as held by the Finance Department on behalf of this fund were sold at $102.50 per hundred dollars with interest accrued and the proceeds were placed to the credit of this account.

The actual distribution was made as at November 30, 1928, at which date the funds amounted to $129,690.31, including the above mentioned $5,000 which was retained in the account, and the balance was paid to the Provincial Trustees as directed by the Act and as set out in the statement of this account given on page 163 of this volume. To the $5,000 retained, $50 was added as interest at 3 per cent from December 1, 1928, to March 31, 1929, increasing the balance at the latter date to $5,050.

Of the balance of the principal remaining in the fund on March 31st, $700,000 was invested in Dominion of Canada 5 per cent Debenture Stock early in 1929-30.

The interest on Debenture Stock and on the cash balances is dealt with altogether by the Department of Finance. Other collections are made by the Department of the Interior by whom $2,645,302.42 was collected in 1928-29, at an expense of $131,680.01 or 4·98 per cent. In 1927-28, the expenses were 5·26 per cent of the amount collected.

MISCELLANEOUS STATEMENTS

Statements dealing with special activities of the Government will be found on pages 175 to 207 of this volume. In addition to those which correspond with the statements published last year is one in connection with the "New Brunswick Settlement Scheme", a new activity. Observations with regard to these statements will be found below and in other chapters of this report.

Arrears Due

The following comparative statements of amounts due the Dominion Government, as at March 31, 1929, will be found on pages 175 to 177 of this volume, presented in the same form as in previous years:—

Arrears Due (General).
Interest Accrued on Loans and Advances to Railways, etc.
Principal Outstanding on account of Indian Land Sales.

As stated in previous reports, these statements are compiled in this office from returns, prepared, at my request, by the various departments, of amounts standing in their books of account which are not included among the assets shown in the Balance Sheet of the Dominion.

No statements of arrears of sales tax, business tax or income tax were received from the Department of National Revenue and, consequently, none are reported herein. I understand, however, that while these arrears still amount to a considerable sum a comparatively large amount was recovered during the year through court proceedings and otherwise.

As a large part of the arrears reported consists of amounts which have been standing for several years, I have asked the various departments to give me definite statements of those which they consider as uncollectible and I propose submitting these statements to the Minister of Finance for his consideration as to the advisability of obtaining the authority of Parliament to write them off; among these amounts is that of $22,743.55, shown in Vol. II, Part K, page 32, which still appears under the Interior Department vote for Topographical surveys as due by surveyors on advances prior to 1906.

In my last report mention was made of the claim of the Department of the Secretary of State against the Clerk of the Peace for York county, Ontario, of $19,362.50, for fees received by him under the Naturalization Act, the greater part of which had been paid over to the Provincial Treasurer. In 1928 a further amount of $2,595 was collected by him, increasing the amount of fees collected but not remitted to the Receiver General, to $21,957.50. No settlement was made of these arrears, but on March 31, 1929, an Order in Council, based on the report of the Commissioner appointed to enquire into the matter, was passed granting the Clerk of the Peace an allowance of $1,100 per year for the period from 1919 to 1927, both inclusive, for extra clerical assistance rendered necessary by the volume of work entailed in dealing with applications for Naturalization. In consequence of this allowance the amount of the claim, as at March 31, 1929, was reduced to $12,057.50.

Arrears Due (General)—In the comparative statement presented this year, the arrears for the year ended March 31, 1928, are given as $10,163,174.39,

whereas in my last report they were given as $10,065,485.59. The difference arises from the following amounts which were omitted from last year's statement being included this year:—

Research Council	$ 73,716 36
Canadian Government Elevators	2,751 70
Board of Grain Commissioners	27,040 00

and a number of small adjustments made by various departments in the figures submitted by them last year.

The total amount of General Arrears reported to me, as at March 31, 1929, was $9,216,453.36, which is $946,721.03 less than the adjusted amount for March 31, 1928. The principal increases and decreases during the year were:—

—	Increase	Decrease
Interior—Dominion Lands		$ 1,000,699 83
Interior—Petroleum and Natural Gas Leases	$ 209,694 17	
Interior—Timber dues		59,609 68
Interior—Seed Grain, interest	32,981 43	
Marine and Fisheries—Marine Branch	34,222 95	
Marine and Fisheries—Fisheries Branch	75,441 47	
Mines	88,765 31	
Pensions and National Health		101,391 96
Trade and Commerce—Advances		304,375 37
Trade and Commerce—Research Council	78,462 16	

The variations in the arrears reported by the Interior Department are attributable to the same causes as those mentioned in 1927-28 (A.G's Report 1927-28, Vol. I, page xliv).

The principal factor in the increase of arrears reported by the Marine Branch is an amount of $25,000 advanced to Dr. H. T. Barnes for expenditure on remedial work on the ice in the St. Lawrence River, complete vouchers for which had not been received at the date of the closing of the accounts for the year.

The increase in the arrears on account of Fisheries is due to the same cause as last year, namely the non-enforcement of the collection of certain license fees pending a decision by the Imperial Privy Council as to the constitutionality of the sections of the Fisheries Act under which they were imposed. In October, 1929, a decision was given by the Imperial Privy Council to the effect that sections 7 and 18 of the Fisheries Act, under which these fees were imposed, were *ultra vires* of the Parliament of Canada. As a consequence any fees imposed under either of these sections, which have not been collected already, can no longer be considered as Arrears Due.

The greater part of the increase of $88,765.31 in the arrears due the Mines Department arises from the Government's claim, which is now before the Exchequer Court, against the Peat Fuels Limited, of Montreal, for the amount of $78,340.03 with interest, in connection with the operation of the Peat plant at Alfred by that company.

The decrease of arrears due the Department of Pensions and National Health, formerly Soldiers' Civil Re-Establishment, is again due in part to the value of equipment transferred from Accounts Receivable to Equipment Account and also to increased collections of the recoverable accounts of that department.

In the Department of Trade and Commerce the decrease in the outstanding advances arises from a change in the system of reporting such advances while the increase shown against the Research Council is due to further advances

made in connection with the scientific researches which are being conducted under the auspices of that body.

During the year an amount of $80, being the outstanding balance of an advance to a Fisheries official was written off under the authority of the Governor in Council, notwithstanding my contention that the power to remit debts due the Crown rests with Parliament alone. A precis of correspondence on this subject will be found on page 224 of this volume.

Interest Accrued on Loans and Advances to Railways, etc.—The amount of interest reported by the Department of Finance as having accrued during 1928 on those loans and advances, the majority of which are indicated by that department as "non-active assets", was $38,999,709.98, an increase of $1,070,534.15 over the amount reported for 1927.

Principal Outstanding on Indian Land Sales, Indian Trust Fund—The Department of Indian Affairs reported an amount of $1,422,530.71 as outstanding on March 31, 1929, on account of principal on sales of Indian lands, which is $211,776.09 less than the amount reported last year. No statement, however, was furnished me of the amount of interest due or of arrears of rentals.

Graving Docks, Public Works—Revenue and Expenditure

A comparative statement of revenue and expenditure of Government-owned graving docks and repair slips for the years 1926-27, 1927-28 and 1928-29 is given on page 195 of this volume. From this statement it will be seen that in 1928-29 there was an increase of $14,759.66 in the revenue and a decrease of $3,968.23 in the expenditure as compared with the amounts for 1927-28 and also that the excess of expenditure over revenue was reduced from $75,473.84 in 1927-28 to $56,745.95 in 1928-29.

Telegraphs, Public Works—Revenue and Expenditure

A comparative statement of the revenue and expenditure of the telegraph and telephone lines operated by the Government is given on page 195 of this volume. The total revenue of $300,662.27 exceeded that of 1927-28 by $4,064.20, while the total expenditure, which amounted to $723,579.18, was $2,190.07 less than that of the preceding year.

The increase and decrease of the various lines are as follows:—

—	Revenue	Expenditure
Increases—		
Maritime Provinces and Lower St. Lawrence	$ 716 34	$ 12,898 99
Pelee Island		1,094 66
Saskatchewan and Alberta	8,319 34	4,543 64
Vancouver Island District	7,211 00	
Yukon District, including Northern B.C.	11,057 45	2,544 32
Total Increases	27,304 13	21,081 61
Deacreses—		
Pelee Island	16 80	
British Columbia Mainland	23,223 13	22,973 31
Vancouver Island District		89 49
General		208 88
Total Decreases	23,239 93	23,271 68
Net Increase in Revenue	4,064 20	
Net Decrease in Expenditure		2,190 07

The large decrease in both revenue and expenditure of the British Columbia Mainland line was due to the fact that during the year a large section of this system was sold to the B.C. Telephone Company. The sum of $50,000 received for this property was credited to Casual Revenue and is not included in the figures given above.

Pacific Cable

A statement of the receipts and disbursements of the Pacific Cable Board for the fiscal year 1927-28 is given on page 207 of this volume. I am unable to furnish the corresponding statement for 1928-29 as the annual report of the Board for that year has not yet been made public.

SPECIAL AUDITS

A number of special audits and inspections were made, in many cases locally, by my examining officers, several being personally supervised by me. Comments on the results of these examinations have been communicated to the departments concerned. Several of the special audits, which are in addition to the ordinary audit of revenue and expenditure called for by the Consolidated Revenue and Audit Act, were made in compliance with statutory directions, others were considered advisable.

The following is a partial list of the special audits, references to the more important of which will be found below or in those chapters of this report which deal with the particular subjects: Board of Grain Commissioners; Canadian Battlefields Memorial Commission; Canadian Government Elevators; Canadian Patriotic Fund; Diamond Jubilee of Confederation; Dominion Lands and Timber Offices at Edmonton and Winnipeg; Dominion Parks Offices at Banff and Jasper; Empire Settlement Schemes; Federal District Commission; Government Employees Compensation Act; Halifax Relief Commission; Hudson Bay Railway Construction; Indian Commissioner's Office at Regina and various Indian Agencies; Indian Commissioner's Greater Production Account; King's Printer's Advance Account; National Revenue, Drawback Claims; New Zealand War Pension Payments; Old Age Pensions, Saskatchewan and British Columbia; Post Office Guarantee Fund; Royal Mint; Seed Grain and Relief Advances; Sorel Shipyard; Yukon Territorial Accounts.

Audit of Canadian Patriotic Fund

In accordance with the requirements of the Canadian Patriotic Fund Act of 1914 (5 Geo. V, Chap. 8, Sec. 10), an audit was made, under my direction, of the accounts of the above fund for the fiscal year ended March 31, 1929. My report thereon was transmitted to the Honorary Treasurer of the fund on June 24, 1929.

The total amount at the credit of the fund, as at March 31, 1929, including amounts invested in securities, was $1,558,702.94 as compared with $1,860,929.11 on March 31, 1928. This reduction of $302,226.17 was due to the fact that some of the securities had to be sold to meet the excess of disbursements over receipts for the year.

New Zealand Pensions Audit

An audit was made, on behalf of the New Zealand Government, of accounts rendered that government by the Department of Pensions and National Health for payments to New Zealand pensioners resident in Canada or the United States, and a certified statement was furnished that department for transmission to the New Zealand Commissioner of Pensions.

Halifax Relief Commission

Under the authority of an Order in Council of June 27, 1928 (P.C. 1119) an investigation into the expenditure and accounts of the Halifax Relief Commission was made, under my direction, at the offices of the Commission, for the purpose of reporting on the financial standing of the Commission and the adequacy of the system of accounting.

A previous audit of the Commission's accounts had been made in 1922, and the present audit dealt with the accounts from July, 1922, to June 30, 1928.

A full report on this investigation was submitted to the Minister of Finance and, through him, communicated to the Chairman of the Commission.

SUPERANNUATION AND PENSIONS, CIVIL AND MILITARY

A statement of the receipts and disbursements during 1928-29, on account of superannuation and civil and military pensions, is given on page 196 of this volume, with a comparison of the balances at the credit of the Superannuation Fund at the close of the year with those at the close of the preceding year. The total receipts were $5,033,712.26, an increase of $270,431.49 over those of 1927-28; the total expenditure was $43,491,573.38, an increase of $1,806,468.90 over that year.

I consider that any decisions given with regard to questions, such as those referred to below, arising in the course of the audit of revenues and expenditures under the Superannuation Act of 1924, may serve as a guide when similar questions present themselves to the departments in the future.

Contributions not made on Full Salary—In previous reports attention was called to the fact that although living and residential allowances are included with the regular salaries in determining what are "salaries" under the Superannuation Act, the values of these allowances had not been established in all departments by the Governor in Council, as called for by the Act, with the result that the proper deductions were not being made in respect of all employees. Such is the case in the Departments of Indian Affairs and Agriculture, the first of which is making deductions on the allowances recommended by the department although their value has not been approved by Council, while in the case of the Agriculture Department no such deductions are being made in respect to the majority of the employees concerned. The longer the delay in determining these values, the larger will be the amount of arrears of contributions and the

greater the hardship to the contributor who must eventually pay them before receiving any superannuation benefits. These arrears of contributions, which are deducted from the salaries of other contributors, will never be collected in the case of the contributor who dies while in the service leaving no dependents. To that extent such contributor will have received a potential benefit without having made the corresponding contributions, and the fund will be short, not only the amount of the contributions unpaid by these employees, but also the Government's equivalent contribution which is based upon the amounts received from the contributors. For these reasons it is desirable that steps to value these allowances be taken as soon as possible.

Non-payment of Superannuation Contributions—On examination of the pay-lists of the Departments of External Affairs and National Revenue it was found that contributions were not being made on the salaries of all the permanent employees on the staffs of the High Commissioner's Office, London, the various Legations, the Canadian Advisory Office League of Nations, and the Income Tax Branch. The attention of these Departments was called to the fact that all persons permanently appointed at annual salaries of $600 or more, automatically come under the provisions of the Superannuation Act and that the statutory contribution of five per cent should be made in respect of their salaries. Contributions are now being made.

Determination of Salaries for Superannuation Purposes—A permanent employee of the Civil Service may be selected by a Minister of the Crown for appointment temporarily to a position on the Minister's secretarial staff and, while so employed, may be paid a salary in excess of what he received as a permanent employee and in excess also of the salary he will receive when he reverts to his former position. The question arose as to what was the authorized salary upon which contributions for superannuation purposes should be made by these employees. As the departments were not dealing with this matter uniformly the question was referred to the Department of Finance, by whom the Act is administered, and it was ruled that contributions should be made on the salary actually received by the contributor, whether he was employed in a temporary or permanent capacity and that on retirement he would be entitled to an allowance calculated on the same basis. Contributions are now being made by all such employees on the basis of salary actually received.

Discontinuance of Superannuation Contributions before Retirement—As soon as the termination of a contributor's employment was decided upon it was the practice for some departments to discontinue making abatements from the salary subsequently paid to him. This practice raised no difficulty in the case of an employee voluntarily retiring with more than ten years' service, as he was eligible for a return of all his contributions. The employee with less than ten years' service, however, is not eligible to withdraw the amount of his contributions on retirement, and when a department discontinues making the abatements on such contributor's salary and pays him his gross salary, they are in effect returning to him a part of his contributions. The Superannuation fund is thus not credited with the amount of these contributions nor with the proportionate amount of the Government's contributions based on the amount collected from the contributors. A circular was sent to all the departments calling attention to the fact that a deduction of 5 per cent must be made on all salaries paid except in respect of service in excess of thirty-five years.

Change of status from permanent to temporary disqualifies some contributors from receiving a return of contributions—Contributors holding permanent positions have been assigned temporarily by the Civil Service Commission to higher grades of positions for which they had qualified by examination when their resignations from their permanent positions had been approved by the Governor in Council. Some of these contributors were female employees with less than ten years' service under the Superannuation Act. They were subsequently married during their temporary employment and departmental ap-

plications were submitted for a return of their contributions. As these employees resigned to accept temporary positions and not to be married, I considered they were ineligible under the Act to be repaid such amounts and the applications were not certified for payment. The Civil Service Commission was informed of the effect of their procedure upon the claims which these employees considered they had in respect of their contributions.

Annuities to Children Limited to 50 per cent of Contributor's Allowance—An application was received to pay to the four dependent children of a contributor, who had died in the service and whose wife had predeceased him, an aggregate amount equal to 80 per cent of the allowance which the contributor would have been entitled to receive. This was objected to by me as, according to my interpretation of the Act, in the event of both parents being dead the aggregate allowance to the children must not exceed 50 per cent. A reference was made to the Department of Justice who confirmed my viewpoint and the application was amended accordingly.

ADMINISTRATION OF THE CIVIL SERVICE ACT

In the precis of correspondence between this office and the various departments, which will be found on pages 215 to 232 of this volume reference is made to the following matters regarding the administration of the Civil Service Act which I consider of sufficient importance to be specially brought to the attention of the House of Commons:—

Objection to payment of arrears of salary to clerk promoted after resignation became effective.. .. .. Page 218
Payment to permanent official in addition to his regular salary.. .. .. Page 219
Employment of a stenographer in more than one position.. Page 219
Explanation requested *re* appointment of customs appraisers and enforcement officers by Governor in Council.. .. .. Page 225
Payment of gratuities on death to others than the widows of the deceased officers without authority of Treasury Board Page 226
Ruling of Department of Justice with reference to increase of remuneration of postmasters paid from revenue.. .. .. Page 229

In my last report reference was made to difficulties encountered in dealing with the payment of arrears of salary for a previous fiscal year after the appropriations for that year had lapsed. Steps have been taken by the Civil Service Commission and the Treasury Board which will remove those difficulties.

The departments were again circularized with regard to their exempted positions and were requested to indicate in future on their monthly paylists those that have been classified. Most departments concerned have complied with this request, while with others the question is still under consideration.

In addition to the matters dealt with in the precis, correspondence took place, principally with the Civil Service Commission, in regard to the following matters which are here specially referred to as they are of interest to all departments in dealing with matters of personnel.

Leave of absence and death gratuity to employees in exempted positions: The provisions of the Civil Service Act and the Regulations of the Civil Service Commission in regard to statutory leave, sick leave and retiring leave and the two months' salary gratuity payable on death, have been applied by the departments to their employees irrespective of whether they occupy positions under the Civil Service Act or positions that have been excluded from its operations. As there

was doubt as to the eligibility of employees who occupied excluded positions to receive benefits provided in or under the Act, the opinion of the Department of Justice was requested on the matter, who stated that the present Regulations of the Civil Service Commission were not applicable to such employees in these respects, and that they should be dealt with under the law governing such matters which was in force prior to the enactment of the Civil Service Act of 1918. As, in some cases, employees are now being granted leave to which they are not legally entitled and as it is not only inconvenient but almost impossible to apply to the Service two sets of Regulations in regard to leave of absence, I forwarded a copy of my correspondence with the Department of Justice to the Civil Service Commission and stated that it appeared advisable that some action be taken to remedy the situation. The Civil Service Commission are giving this matter consideration and have circularized the departments for further information on the subject.

Salary for month of death not payable in all cases: Under an Order in Council of February 9, 1875, authority is provided for the payment of the full salary for the month in which an official dies. A number of departments, at different times, inquired of this Office whether this authority could be applied to cases in which the employee was occupying a position which was excluded from the operation of the Civil Service Act and was paid at prevailing rates. The matter was referred to the Department of Justice, who ruled that these employees were not eligible to benefit by this regulation.

OPERATION OF THE CONSOLIDATED REVENUE AND AUDIT ACT

In the Introduction to my report for 1923-24 I called attention on page xvii to certain sections of the Consolidated Revenue and Audit Act which had been found difficult of application or which, through variations in the practice governing the disbursement of public moneys, were not fully complied with in the form prescribed.

I desire to call attention once more to these sections and more particularly to section 49 (former section 50). The difficulty of complying strictly with this section was again fully demonstrated at the close of the fiscal year under review. It was found at that time that most of the departments had in hand unpaid accounts amounting to a large sum, which, for various reasons, could not be paid before March 31, 1929, after which date, under the terms of this section, the appropriations were no longer available. It was also clearly impossible to pay the outstanding obligations of the old year and to charge them against the appropriations for the new year as at that date Parliament had granted only one-twelfth of the main estimates for 1929-30, an amount barely sufficient to meet the current requirements of the new year. Under these circumstances the Department of Finance took the view, in which I concurred, that all urgent claims incurred in 1928-29 should be paid and charged against the appropriations for that year. This course was adopted, and while it must be regarded as irregular it appeared to be imperative and in the public interest. So long as this section remains unchanged similar situations are bound to arise and accordingly I would strongly urge that, in order to prevent their recurrence, this section be amended so as to provide a reasonable length of time, not exceeding say thirty days, after the close of the fiscal year, during which the appropriations for the old year may be available for the payment of the outstanding obligations of that year.

My remarks in the 1923-24 report with regard to sections 35 and 37 still apply and I am of opinion that the Act should be so amended as to contain

definite provision for the payment of certain classes of postmasters from revenue and for other diversions of revenue to which I have already drawn attention and which, while apparently at variance with these sections, are authorized by other Acts or have become, in the course of years, matters of regular practice. As regards the accounts of issues from Consolidated Revenue Fund and of Appropriations, called for under sections 47 and 50 (former sections 48 and 51), a standardized form, prepared by me, has been introduced, on which the responsible departmental officers now certify to the correctness of the amounts shown therein as having been expended under each item of supply or other statutory authority; these two sections are, accordingly, more fully complied with than formerly.

AUDITOR GENERAL'S OFFICE

The number of employees on my staff in March, 1929, was 200, of whom 88 were men; in March, 1928, there were 198 employees, including 81 men. The average number of employees during the year was 200, as compared with 201 during the preceding year.

The aggregate leave with pay increased from 3·85 per cent of the total number of working days in 1927-28 to 5·45 per cent in 1928-29, the increase being due mainly to the influenza epidemic in December, 1928.

I would draw attention to the fact that the sick leave amongst the employees of the office housed in the Transportation Building was approximately 40 per cent greater than amongst those in the East Block. This would seem to confirm the opinion I have expressed in previous reports as to the unsatisfactory housing conditions of the Transportation Building.

GENERAL REMARKS

A study of my present report will reveal a greater trend towards an understanding and co-operation between the various departments and this office with regard to the examination of the departmental accounts. This co-operation, which becomes more evident from year to year, is especially noticeable during the year under review and has a very beneficial effect on all services. The greater attention given by the House, during last session, to matters published in my report should be an incentive to the departments towards further improvements in this direction in future.

Although the Auditor General, as an official directly responsible to Parliament, has very definite duties to perform, among which are those of assuring a continuity and permanency of parliamentary control, as set out in the Consolidated Revenue and Audit Act and various other Acts, it is to be recalled that his duties are subject to certain limitations as regards some classes of accounts, other than Appropriation Accounts, which, under the provisions of section 62 of the Act, he may be required to examine and audit. Under this section the Auditor General has been specially directed to examine Revenue Accounts, Stores Accounts and the Indian Trust Fund. Certain other accounts, not directly related to the revenue and expenditure, are examined as they are closely connected with the Appropriation Accounts. But, as previously mentioned in my report of 1924, the accounts relating to the issue and redemption of loans, as well as others mentioned in the above section of the Act, do not come under my purview. The only direction I have received in regard to the audit of these accounts is that contained in a Treasury Board Minute of January 20, 1925,

which repealed a previous minute of 1881 and also one of 1910 directing the Auditor General to audit the accounts of the several Assistant Receivers General and the stock in vault. The above minute of 1925 only authorises me to make an audit of exchanged or transferred securities in the same manner as redeemed bonds are examined by me under the provisions of Sect. 18, Sub-sect. 2 of the Act, with the result that practically the only thing done in connection with the loan accounts, in addition to the examination of cancelled securities referred to above, is a mere recording of the amounts realized from the sale of bonds and of the payments to the banks through whom the bonds are redeemed at maturity.

With regard to the leaves of absence granted to departmental employees at Ottawa, monthly statements are received from all departments, but as the leave is not reported uniformly in respect of all the employees it is not possible to make an accurate comparative statement of the total leave by departments. The departmental statements, however, show that the leave granted the several employees does not exceed the leave which may be granted under the Civil Service Act and Regulations.

Ever since my appointment in 1924, I have endeavoured to provide my staff with a means of reference to Acts of Parliament, Orders in Council, Treasury Board rulings, Department of Justice opinions and Departmental regulations, in a form which would facilitate the ready access to any desired information in connection with the audit of the public revenue and expenditure, there being no such facilities hitherto available. Until last year progress along these lines was slow, though useful; since then, however, considerable advance has been made work having been started on the preparation of a "Manual of Instructions" for the use of the staff of this office. This Manual will be of great value as a time-saver and as a guide and Vade Mecum for the personnel of my office, and, no doubt, for others in the Government service, as it will comprise a digest of laws, regulations, etc., having a bearing on the examination of government accounts together with comprehensive audit instructions and procedure, thereby increasing the efficiency of the audit. A manual of this kind requires many years to prepare but the compilation and manuscript are already fairly advanced and the interest taken in this work by my officials who are in direct charge of its preparation, and by those called upon to co-operate when required, is such that the greater part of the final manuscript may be completed within the coming year.

In addition to the question of inadequate office quarters, the other factors mentioned in my reports of 1924 and 1925, pages xiv and xx respectively, tend to delay if they do not paralyze, in part at least, my efforts to apply the audit more extensively and more frequently, and otherwise to increase the efficiency of the work of this office. And here I may refer again to the difficulties which I encounter in procuring additional high grade personnel of the right caliber and qualifications, who have had satisfactory and actual training as auditors, and I must again emphasize the necessity for greater facilities being granted me in this connection as well as more confidence and latitude in the selection of the staff who are to assist me in the performance of my duties under the Consolidated Revenue and Audit Act. Until such time as I am able to secure an increased number of special investigators, I shall not be in a position to apply more extensively the audit at the Departments, a course which I consider one of the essential features, paramount in importance, of the work of the audit office, a work increasing every year on account of new activities resulting from the development of the country. The above remarks are not to be taken as refletcing in any way upon the competency and assiduity of my present staff, whose loyal and conscientious assistance in the past I desire to acknowledge.

GEO. GONTHIER, *L.I.A., C.A.*
Auditor General.

Ils sont suivis de notes explicatives, fournies par les Ministères, sur les différences existant entre les crédits et les dépenses correspondantes et des notes de vérification de mes examinateurs. Un précis de la correspondance, nécessitée par des observations ou des objections faites aux Ministères, paraît aux pages 233 à 248 de ce volume.

On remarquera que, cette année trois Ministères ne fournirent encore aucune explication, ni sur leurs dépassements de crédits, comme le demande l'article 55 de la loi, ni sur la partie de leurs crédits qui ne furent pas employés. Ces explications devraient être données dans les deux cas (tout au moins quand la différence est substantielle), pour que la Chambre puisse exercer un contrôle plus complet sur les dépenses, et qu'elles lui soient un guide quand elle considère les crédits. Comme la Chambre semble partager ma façon de voir sur ce point, chaque Ministère devrait être tenu de me fournir ces explications.

Le total global des balances de crédits qui ne furent pas employées s'est élevé, en 1928-29, à $58,256,086.45, soit une augmentation de $23,652,401.15, sur le montant de $34,603,685.30 de 1927-28. Les crédits furent par contre dépassés de $1,572,328.10, qui devront être couverts par un vote du Parlement.

Le tableau comparatif suivant donne, par service, le montant de ces dépassements au cours des trois dernières années.

Dans les dépenses du Ministère des Travaux publics, prévues au chapitre du Budget "Travaux publics (imputables sur le revenu)", soixante-quinze des sommes votées spécialement pour des travaux déterminés furent dépassées par de faibles montants, qui, en aucun cas, ne furent supérieurs à $200. Ces dépassements s'élevant à $4,633.56 sont couverts par le montant de $5,000, prévu au crédit 150.

Il ressort du tableau précédent que les dépassements de 1928-1929 furent de beaucoup supérieurs à ceux de l'une ou l'autre des deux années précédentes.

La responsabilité de ces dépassements repose entièrement sur les Ministères auxquels ces argents ont été votés car, dans chaque cas, ils résultèrent du fait que le montant des chèques émis par eux excéda les crédits qui leur étaient ouverts en banque par lettres de crédit. Mes examinateurs apportèrent tous leurs soins à ce que, conformément à l'article 40 de la loi du Revenu consolidé et de la Vérification, le montant total des lettres de crédits, autorisées en banque à chacun des Ministères, ne dépassât pas le montant prévu aux appropriations, mais, comme dans la plupart des cas, ces crédits sont également applicables à tous les services dont un Ministère a l'administration, les portions non employées de l'un ou de plusieurs crédits lui procurent des montants disponibles qui, dans quelques cas, furent appliqués à d'autres dépenses et occasionnèrent ces dépassements. Dans le cas des Archives publiques, comme dans celui du Rétablissement des soldats dans la vie civile, les dépassements se produisirent du fait que ces Départements émirent des chèques dont le montant dépassa les crédits votés. Cette question est traitée plus au long à la page lxi de cette introduction.

Afin d'empêcher, qu'à l'arrêt des comptes de chaque année financière, il ne se reproduise de semblables dérogations au programme préparé par le Parlement, et afin que l'Auditeur Général, pour éviter des découverts en banque, ne soit pas dans l'obligation d'approuver l'extension de crédits, pour des montants supérieurs à ceux autorisés par le Parlement, les Ministères devraient prendre des mesures pour ne plus émettre de chèques en excès des crédits votés. De pareils cas ne se reproduiraient plus si l'on se conformait aux directions d'un arrêté en Conseil du 7 juillet 1892, ayant force de loi et stipulant que: "il est du devoir du comptable de chaque Ministère de prévenir le Sous-ministre chaque fois que le montant d'un chèque sur le point d'être émis serait cause d'un dépassement des appropriations ou des lettres de crédit, afin que l'émission en soit différée en attendant que, dans le premier cas, l'autorisation du Parlement soit obtenue et que, dans le second cas, l'ont ait approuvé un crédit additionnel, conformément aux autorisations prévues par la loi de Vérification".

Les balances des comptes de crédits de 1927-1928 furent ajustées et la portion non employée s'élevant à $34,603,685.30 reversée et rayée des livres. Les dépassements d'un total de $109,406.72 furent couverts par le crédit 460, Appendice C, loi des Subsides N° 4, 1929.

VÉRIFICATION DES REVENUS

Aux pages 82 à 86 de ce volume, paraissent des états des revenus, et les "Sommaires des revenus et des dépenses, par Ministère", pages 87 à 136, donnent le résumé des revenus de chaque Ministère.

REVENUS ORDINAIRES

Les principales augmentations de revenus ont été les suivantes:—

	Augmentation	Pourcentage
Droits de douane	$ 30,220,514 82	19 p.c.
Droits d'accise	6,284,056 26	11 "
Intérêts sur placements	1,289,739 49	11 "
Impôt sur le revenu et bénéfices commerciaux	2,350,476 69	4 "

Les plus forts fléchissements se produisirent dans les droits d'accise et le produit des Postes; ils furent respectivement de $7,215,648.54 ou 8 p.c. et de $950,616.34, ou 3 p.c.

Des inspections furent faites cette année encore dans plusieurs bureaux de perception, et de nouvelles améliorations furent constatées dans les méthodes de comptabilité, de contrôle et de reddition des comptes qui peuvent avoir été un des facteurs de l'augmentation des revenus ordinaires de l'année.

Mes examinateurs trouvèrent les Ministères désireux de coopérer avec mon Bureau pour établir de nouvelles formules de relevés et me fournir les informations nécessaires pour me faciliter la vérification des revenus perçus et la rendre plus efficace.

Cependant, je réitère encore mes remarques de l'an dernier, à l'effet que, pour mieux assurer la sauvegarde des deniers publics, il est essentiel que des fonctionnaires expérimentés fassent, à l'improviste, des inspections et des vérifications dans les bureaux locaux de leurs Ministères respectifs.

Je puis maintenant donner des informations complémentaires sur certaines questions concernant les revenus mentionnées dans le précis de correspondance de mon dernier rapport, pages 231 à 246.

Page 232—Remboursement à la Colombie-Britannique d'une partie de la taxe d'entrée perçue sur les Chinois en 1923.—Au début de l'année, le Gouvernement de la Colombie-Britannique demanda que la somme de $5,000, détenue par le Ministère de l'Immigration pour des remboursements possibles, lui soit versée en totalité, mais je ne fus pas d'avis d'accéder à cette demande. La taxe d'entrée d'un Chinois fut remboursée pendant l'année réduisant la somme ci-dessus à $4,750.

Page 241—Sommes encaissées pour d'autres Ministères, etc.—Les instructions données à ce sujet aux receveurs par le Ministère du Revenu National, sont maintenant en vigueur et les dépôts et retraits de revenus, faits au nom d'autres Ministères, paraissent régulièrement dans les comptes de banque des receveurs.

Page 242—Rapports du revenu des Postes.—Depuis la publication de mon dernier rapport les états de ces revenus furent quelque peu modifiés, cependant, ils ne donnent pas encore des informations suffisantes pour permettre, soit l'examen des montants encaissés, soit de faire une vérification partielle satisfaisante.

Un précis de la correspondance échangée avec le Ministère du Commerce, relativement à l'emploi des fonds perçus pour mener une campagne de publicité ayant pour but d'augmenter la vente des pommes canadiennes en Angleterre, paraît à la page 234 de ce volume.

REVENU CASUEL

On trouve à la page 86 de ce volume une classification de ce revenu dont le développement paraît dans les différentes parties du Volume II. Le sommaire ci-après donne le montant des recettes de l'année créditées au revenu casuel, et permet leur comparaison avec les recettes correspondantes de 1927-1928.

Catégorie de recettes	1928-29	1927-28	Augmentation
Revenus divers, droits, licences, etc.	$ 2,366,200 38	$ 2,110,192 56	$ 256,007 82
Produit de la vente de propriétés, de matériel, etc.	643,921 34	643,424 54	496 80
Recettes diverses	335,830 32	293,786 62	42,043 70
	3,345,952 04	*3,047,403 72*	*298,548 32*
Recouvrements sur les dépenses des années antérieures	695,142 55	578,832 41	116,310 14
	4,041,094 59	3,626,236 13	414,858 46

Revenus divers.—L'augmentation de $256,007.82 provient, en grande partie, des mêmes sources de revenus qui, en 1927-1928, accusaient une augmentation sur 1926-27. Les principales augmentations de cette année sont:—

Ministère des Finances—Hôtel Royal des Monnaies	$ 90,487 35
Marine et Pêcheries—Service radiotélégraphique	39,254 74
Secrétariat d'Etat—Droits pour chartes	77,693 61

Produits de ventes.—Bien que le total soit à peu près égal à celui de l'année dernière, plusieurs Ministères font voir des augmentations ou des diminutions substantielles. Le Ministère de la Défense Nationale accuse la plus forte diminution, $44,616.48, et celui des Travaux publics la plus forte augmentation, $41,674.52, due à la vente, pour un prix de $50,000, de la ligne télégraphique du Sud de la Colombie-Britannique à la Compagnie des téléphones de la Colombie-Britannique.

Recettes diverses.—La nature incertaine de cette catégorie de revenus en fait varier le montant d'une année à l'autre. En 1928-29, la plus forte augmentation se produisit dans le Département de l'Imprimerie et de la Papeterie; elle fut de $32,052.83 et résulta de plus forts bénéfices d'exploitation.

Recouvrements sur dépenses.—L'augmentation de $116,310.14, provient en grande partie d'une somme de $87,500 versée par la province de la Saskatchewan à la Gendarmerie Royale à cheval, comme premier paiement semestriel pour assurer la police de cette province, service dont elle s'acquitte depuis le 1er juin 1928, conformément aux termes d'une convention approuvée par le Gouverneur en son Conseil.

Les recettes ci-après, mentionnées dans mes rapports précédents, comme assez importantes et perçues assez régulièrement pour faire l'objet d'un chapitre spécial, figurent encore cette année au revenu casuel:—

Droits d'inspection—Agriculture	$ 147,034 36
Ventes des produits des fermes expérimentales—Agriculture	171,559 35
Service radio-télégraphique—Marine et Pêcheries	353,647 14
Loyer des édifices publics—Travaux publics	91,214 87
Droits perçus en vertu de la "Loi sur les Compagnies"—Secrétariat d'Etat	710,940 48

REVENUS SPÉCIAUX

Guerre et Démobilisation. Recouvrement sur les dépenses des années précédentes, $789,246.80. Trésor Britannique, règlement final des réclamations de guerre en suspens, $662,442.12. Le Chancelier de l'Echiquier et le Ministère des Finances du Canada ayant conclu une entente approuvée par arrêté en Conseil (C.P. 1593), le 30 août 1928, le Gouvernement Impérial, en règlement définitif de certaines réclamations en suspens entre la Grande-Bretagne et le Canada, versa la somme de $1,400,000, qui fut employée comme suit:—

Payé à la Société de la Croix-Rouge, pour une réclamation contre le "Shipping Liquidation Department"	$ 14,768 76
Crédité au Fonds du Revenu consolidé pour frais judiciaires et jugements adjudicatifs de la Cour de l'Echiquier, payés en 1922-23, par le Ministère de la Marine et des Pêcheries, pour l'affrètement des navires "*Lord Dufferin*" et "*Lingan*"	662,442 12
Crédité à "Guerre et Démobilisation" comme recouvrement sur les dépenses des années précédentes	732,789 12

Sur ce dernier montant, $6,020.80 étant attribués à un item ne se rapportant au litige initial, furent virés dans la suite au crédit du Compte spécial, "Gouvernement Impérial, Service de la Marine". Une somme de $59,008.69, provenant de la vente du collège St-André, Toronto, fut perçue et également créditée comme recouvrement sur les dépenses résultant de la guerre et de la démobilisation.

Versements par l'Allemagne au titre des réparations.—En 1928-29, le Gouvernement Impérial, sur les sommes versées par l'Allemagne au titre des réparations paya $4,025,165.12 qui furent crédités au fonds du Revenu consolidé. Ce montant, ajouté à celui de $10,800,997.21 reçu au 31 mars 1928, et mentionné dans mon rapport précédent, porte à $14,826,162.33 la quote-part du Canada sur les versements faits par l'Allemagne au titre des réparations.

VÉRIFICATIONS DES DÉPENSES

Comme je l'exposais dans un chapitre précédent, le total des dépenses de l'année, autorisées par les lois de crédits ou des lois spéciales, fut de $392,812,-022.93, soit une augmentation de $20,344,533.77 sur 1927-1928.

Un "Etat comparatif des dépenses, par Service" paraît aux pages 4 et 5 de ce volume; il permet de comparer les dépenses de chaque service au cours de cette année et de la précédente. Des états sommaires des dépenses de chacun des Ministères, établis autant que possible d'après le budget, paraissent aux pages 87 à 136, ils sont suivis des relevés des "Comptes spéciaux", tenus dans les différents Ministères, et d'"Etats divers".

Les sommaires des dépenses de chaque Ministère, établis d'après la classification adoptée par moi les années précédentes, sont donnés dans les différentes parties du Volume II et ont été réunis dans un Sommaire Général, pages 138 et 139 de ce volume. Dans le développement de ces dépenses paraissant dans le

Volume II, on remarquera que, dans plusieurs cas, j'en ai aussi donné un sommaire d'après la classification des Ministères, différant, quant au détail mais non quant au total, de ma classification qui fait suite aux crédits. Les Ministères adoptèrent cette classification pour des fins leur étant propres et je la publie pour établir la concordance entre ces montants et ceux paraissant aux différents sous-titres des crédits. Ci-dessous paraît un état comparatif établi d'après ma classification de ces dépenses en 1928-1929 et 1927-1928.

Dans le tableau suivant, les dépenses sont réparties en six catégories principales; on y trouve leur pourcentage de l'année et une comparaison avec les dépenses et les pourcentages de l'année précédente:—

Conformément aux termes de l'article 60 de la loi du Revenu consolidé et de la Vérification, je donne ci-dessous les résultats de mon examen des comptes de crédits relativement aux questions suivantes:

(*a*) Emission de chèques—Aucun chèque du Receveur Général ne fut émis sans être certifié par moi;

(*b*) Crédits dépassés—Un état des crédits dépassés paraît dans un chapitre précédent intitulé "Comptes des crédits";

(*c*) Argents reçus par un Ministère et provenant d'autres sources que les crédits de l'année—En ce qui concerne la pratique suivie par certains Ministères, déjà signalée dans mes rapports précédents, de payer des réclamations à même des recettes diverses provenant de la vente de matériel, etc., on trouve cette année, relativement à cette pratique, des notes de vérification paraissant à la suite des comptes de crédits (pages 8 à 81), et des remarques dans le précis de correspondance.

(*d*) Preuve de paiement—Sauf dans quelques cas, faisant aussi l'objet de notes de vérification, et mentionnés dans le précis de correspondance, les différents Ministères me transmirent les pièces justificatives de dépenses et autres documents exigés par la Loi.

(*e*) Les paiements non effectués pendant l'année financière où les dépenses furent faites, font l'objet d'un chapitre séparé et ceux, improprement chargés à un crédit ou entachés de quelque irrégularité, ayant motivé des observations ou des objection sont mentionnés dans le précis de correspondance (pages 233 à 248).

La vérification fut effectuée conformément aux dispositions de l'article 56 de la loi du Revenu consolidé, et plus généralement que les années précédentes *pari passu* avec les mouvements de caisse. Des vérifications préalables furent faites de même manière et en aussi grand nombre qu'auparavant.

Comme ces dernières années, des inspections et des vérifications de certains comptes ou de certaines activités du Gouvernement, au sujet desquels je ne puis obtenir que sur place les renseignements voulus, furent faites, sous ma direction, dans plusieurs bureaux de l'extérieur. Les résultats en sont donnés plus en détail au chapitre " Vérifications spéciales", et dans différents autres chapitres.

Je donne ci-après des informations complémentaires sur certaines dépenses déjà mentionnées dans le précis de Correspondance, paru dans mon rapport de 1927-28, pages 231 à 246, volume I.

Page 233.—Indemnité de vivres et de logement aux employées d'un parc. Le paiement de ces indemnités se continua en 1928-29, et semble-t-il, sans avoir été approuvé par la Commission du Service Civil. Il faut, toutefois ajouter que ces indemnités ne furent payées qu'en tant que ces fonctionnaires remplissaient temporairement d'autres fonctions que celles dont ils avaient à s'acquitter régulièrement; dans le cas de deux de ces employés, nommés à titre permanent en 1928-29, ces indemnités ne furent plus payées.

Page 234.—Comptes de dépenses—Agents des rentes viagères de l'Etat—Le Ministère continue de payer ces dépenses sans l'autorisation du Conseil du Trésor, considérant qu'elles sont comprises dans le n° 4 des règlements approuvés par le Gouverneur en son Conseil, stipulant que le Ministre du Travail "peut, de temps à autre, nommer les auxiliaires temporaires qu'il juge lui être utile, et fixer de gré à gré leur traitement".

Page 224.—Abonnements à des journaux non imputés aux dépenses contingentes. La pratique d'imputer ces abonnements au crédit de la "loi

de la Conciliation et du Travail" fut continuée en 1928-29, et aucun changement n'a été apporté dans la rédaction de ce crédit pour 1929-30.

Page 235.—"Dominion Shipbuilding and Repair Co. Ltd"—Compte fiduciaire—J'ai été avisé par le Ministère que la ville de Toronto l'avait notifié qu'elle poursuivait le liquidateur de cette société en faillite pour le recouvrement de taxes lui étant dues; en conséquence, le règlement final ne pourra être effectué que lorsque le jugement aura été rendu.

Page 236.—Dépenses des fonctionnaires du Ministère ayant pris part aux travaux de la Commission sur l'industrie de la pêche—En 1928-29, les dépenses des fonctionnaires du Ministère ayant pris part aux travaux de cette Commission furent régulièrement imputées au crédit "pour favoriser la conservation et le développement des pêcheries de haute mer".

Page 236.—Gratification aux familles des employés décédés—D'après une nouvelle décision du Ministère de la Justice, le Gouverneur en son Conseil peut autoriser le paiement de ces gratifications, à même la balance des argents prévus pour le paiement du traitement de ces fonctionnaires.

Page 237.—"Prince Rupert Drydock and Engineering Company"—Compte fiduciaire—Le 18 avril 1929, je recevais une lettre de M. R. A. Tibbitts, fidéicommissaire, m'informant qu'un règlement était intervenu avec les créanciers et que, sous peu, il pensait me communiquer un état de tous les déboursés à même le fonds fiduciaire. Je n'ai pas encore reçu cet état.

Page 238.—Monuments commémoratifs sur les champs de bataille—Le paiement en trop de $1,291.80 a été recouvré en totalité.

Page 241.—Paiement non approuvé par le Gouverneur en son Conseil—Le plein montant a été remboursés par l'employé responsable de l'accident.

Page 243.—Augmentation du salaire des ouvriers spécialistes—J'ai été prévenu que cette question était toujours devant le Conseil. Aucun arrêté fixant le taux de ces paiements ne m'est encore parvenu.

Page 244.—Revenus des canaux provenant de la "Canada Sugar Refining Company"—Cette question fut réglée; un bail ayant été consenti à la compagnie pour un loyer annuel de $1,850.

Page 244.—Allocation de $5,000 à même le crédit 294—Une copie de l'arrêté en Conseil autorisant le paiement de cette allocation fut déposée sur la table de la Chambre le 15 avril 1929.

Page 245.—Reliure des documents de l'inspection des grains—La Commission des grains s'adresse maintenant à l'Imprimeur du Roi pour l'exécution de ces travaux.

Page 246.—Compte spécial de fret—Des informations plus détaillées sur ce compte sont données dans les Comptes spéciaux au chapitre "Loi sur les grains du Canada, Compte d'avances", page lxxviii.

Mes lettres relatives aux paiements supplémentaires faits aux "Fonctionnaires ayant fait partie de l'expédition dans la baie et le détroit d'Hudson" (page 237), et aux "Différences dans les prix payés" (page 238), sont restées sans réponse.

A la page 213 de ce volume on trouve une décision du Conseil du Trésor, à l'effet que les propriétés du Gouvernement dans les différentes légations sont soumises aux mêmes règles que les autres propriétés du Gouvernement, en ce qui concerne les assurances contre l'incendie.

Parmi les questions concernant la vérification des dépenses de 1928-29, qui sont mentionnées ci-après ou dans d'autres chapitres de ce rapport, comme ayant donné matière à un échange de correspondance, se trouvent des irrégularités et des divergences de vue que je crois devoir signaler à la Chambre. Plusieurs autres points se rapportant à des questions de principes furent expliquées ou réglées d'une manière satisfaisante, et je les publie pour indiquer aux Ministères les mesures à prendre à l'avenir quand de pareils cas se produiront:—

Paiement de subvention devant être autorisé par arrêté en Conseil (page 233).

Réduction du taux des primes d'assurance de garantie (page 238).

Sténographe occupant simultanément plusieurs positions (page 239).

Fonctionnaire permanent ayant reçu un paiement additionnel à son traitement régulier (page 239).

Contrats accordés sans provoquer de soumissions publiques (pages 239 et 240).

Travaux contre les embâcles dans le St-Laurent (page 243).

Immeubles achetés à tempérament

En 1928-29, les paiements d'intérêt et de capital dus sur les immeubles achetés à tempérament furent effectués en totalité. Je n'ai pas eu connaissance que de nouveaux achats à tempérament aient été faits.

Dépassements des crédits ouverts en banque par lettres de crédit

Il fut constaté à la fin de l'année financière que plusieurs Ministères avaient émis des chèques en excès du montant des lettres de crédit tirées sur leurs appropriations respectives. Ces dépassements, pour la plupart peu importants, semblent provenir du désir des Ministères de payer tous les comptes qu'ils ont en main avant que leurs crédits ne soient automatiquement périmés.

Les dépassements du Ministère de la Marine et des Pêcheries, ceux des Pensions et de l'Hygiène et des Archives publiques fournirent matière à correspondance, dont un précis paraît dans ce volume, pages 233 et 240, car, dans le cas de ces Ministères, les crédits furent aussi dépassés par des montants excédant, au moment où les chèques furent émis, les sommes disponibles en vertu des crédits votés.

Nonobstant les dispositions de l'article 49 de la Loi du Revenu consolidé et de la Vérification stipulant que "les soldes des crédits restés sans emploi, et les soldes des crédits émis à leur égard, et contre lesquels il n'a pas été émis de chèques soient périmés à la fin de l'année financière", je jugeai opportun, pour que ces chèques soient honorés à la banque, de recommander l'émission de lettres de crédit pour le montant exact du dépassement, car dans chaque cas, ces chèques, cause du dépassement, étaient signés par les fonctionnaires responsables des Ministères.

Dépenses impayées au cours de l'année où elles furent faites

Conformément aux dispositions de l'article 60, alinéa (*e*), de la loi du Revenu consolidé et de la Vérification, l'Auditeur Général doit signaler chaque cas où un "paiement débité n'a pas été effectué durant la période couverte par le compte". Le montant payé pour les dépenses antérieures au 1er avril fut d'environ $2,500,000, soit une augmentation de près de $500,000 sur 1927-28. Comme je l'expliquai dans mes rapports précédents, ces paiements proviennent de ce qu'à l'arrêt des comptes de l'année les balances non employées des crédits votés pour cette année sont automatiquement périmées, et leur grand nombre m'empêche de tous les signaler en particulier. L'un de ces paiements est toutefois mentionné dans le précis de correspondance, page 245, ou je rapporte que le Ministère des Postes paya au Département de l'Imprimerie et de la Papeterie, une somme de $133,041.79, pour articles de bureau livrés avant le 1er avril 1928. Si, comme je le propose dans un chapitre subséquent sur l'"Application de la loi du Revenu consolidé et de la Vérification", les appropriations étaient encore disponibles pendant un certain temps après la fin de l'année financière, ces paiements seraient, sinon entièrement supprimés, tout au moins réduits d'une façon très substantielle.

Balances d'avances non employées

Bien qu'à la fin de l'année différents Ministères continuent de reporter à l'année suivante les montants inemployés des avances consenties à certains de leurs fonctionnaires, mes examinateurs constatèrent à ce sujet une amélioration marquée, la plupart des Ministères ayant considérablement réduit ces montants, celui de l'Intérieur accusant seul une augmentation d'environ $8,000. Les montants dont ont à rendre compte les liquidateurs de la Home Bank et le Conseil des Recherches sont mentionnés dans des chapitres suivants.

Je signalais dans mon rapport de 1927-28, un déficit de $3,529.47, dans le Bureau des forêts de Prince Albert, qui n'a pas été remboursé et il est peu probable qu'il le soit, même en partie.

Achat et frais d'entretien des automobiles

Le total des dépenses pour achats d'automobiles, remises à neuf, réparations, etc., non compris le coût de l'essence et des lubrifiants, fut de $634,549.10, soit une augmentation de $92,622.46, ou près de 17 p.c. sur l'année précédente. Ces dépenses accusant une augmentation dans presque tous les Ministères, je veux encore attirer l'attention sur les avantages d'un contrôle systématique et insister sur les importantes économies, qu'à mon avis, il ne pourrait manquer d'en résulter.

Cautionnement des fonctionnaires

Cette question mentionnée à la page lxiii du volume I de mon rapport de 1927-28, est à l'étude au Ministère des Finances.

Des précis de correspondance paraissant dans ce volume (page 238), font voir qu'à la suite des observations adressées par moi à différents Ministères relativement au paiement de leurs primes d'assurance de garantie, ils obtinrent des compagnies une réduction sur les taux demandés auparavant.

Essayerie du Dominion, Vancouver

L'Hôtel des Monnaies d'Ottawa évalue à $1,652,672.22 les consignations d'or que lui adressa pendant l'année l'essayerie de Vancouver. Sur ce montant la différence résultant des essais occasionna une perte de $282.26, donnée dans le volume II, partie "P", comme déduite du Revenu casuel du Département des Mines. En 1927-28 cette différence n'avait été que de $59.80.

Au 31 mars 1929, le directeur de l'essayerie évaluait l'or disponible à $86,721.66.

Elections

Durant l'année, les frais d'élections payés par mon Bureau s'élevèrent à $62,454.08, dont $24,502.05 pour les élections complémentaires, $35,925.21 pour les "Dépenses en général", y compris la garde des boîtes de scrutin et $2,026.82 pour des comptes impayés des élections générales de 1921, 1925 et 1926. Au chapitre "Dépenses en général", l'augmentation d'environ $15,500 sur 1927-28 est due en majeure partie à la publication des nouvelles "Instructions électorales".

Dépenses résultant directement de la guerre

Il ressort du tableau ci-dessous que les dépenses résultant directement de la guerre furent supérieures de $751,835.54, à celles de l'année précédente. Aucune partie d'intérêts de la dette publique représentant des emprunts de guerre n'y est comprise.

Services	1928-29	1927-28	Augmentation	Diminution

Augmentation nette	.....	.....	.....	751,835 54

La forte diminution constatée dans les ajustements des réclamations de guerre est due en grande partie à ce qu'en 1928-29 il n'y eut aucun paiement correspondant à celui de $1,678,967.20, fait l'année précédente au "Shipping Liquidation Department of the Imperial Board of Trade" représentant, jusqu'en janvier 1920, les intérêts sur des avances de guerre. Les pensions de guerre augmentèrent de $1,587,098.49 par suite du plus grand nombre de pensionnés et du rajustement des pensions. Les dépenses plus élevées du Rétablissement des Soldats dans la vie civile résultent d'une augmentation de la solde, des allocations et des soins donnés aux malades.

Fermes expérimentales

Un sommaire des revenus et des dépenses des fermes expérimentales du Dominion, établi comme les années précédentes et sujet aux mêmes observations, paraît dans ce volume, page 194. Il en ressort que le coût net d'exploitation de toutes les fermes, y compris celui des constructions, fut de $1,849,392.95, soit une augmentation de $250,571.30 sur 1927-28.

Des changements furent apportés en 1928-29 dans la manière de voter les fonds requis pour les fermes expérimentales, les montants pour les achats de terre et la construction de nouveaux bâtiments étant actuellement compris dans le crédit "Fermes Expérimentales", au lieu de l'être dans les crédits des Travaux publics. Cependant, les remplacements, réparations, améliorations continuent d'être payés à même les crédits votés aux Travaux publics. Je suis toujours d'avis que le coût de ces travaux devrait être compris dans le crédit général "Fermes expérimentales".

Le Ministère de l'Agriculture n'a, par contre, apporté aucun changement dans la disposition des recettes provenant de la vente des produits agricoles qui s'élevèrent à $295,061.97, sur lesquels, $123,502.62 furent employés en plus des crédits votés par le Parlement, et $171,559.35 déposés comme revenus au crédit du Receveur Général.

Le système de contrôle des avances consenties aux surintendants des fermes n'a pas encore été modifié suivant les suggestions faites dans mon dernier rapport.

Représentation à l'étranger et dans l'empire

Il ressort du tableau comparatif ci-après, que bien que les frais de représentation à l'étranger et dans l'Empire paraissent inférieurs de $409,803.80 à ceux de 1927-28, il y eut en fait dans les frais ordinaires de représentation, une augmentation de $86,365.44, due à l'ouverture de la légation du Canada, à Tokio (Japon). Les dépenses de 1927-28 comprenaient une somme de $477,754.35, montant des prix d'achat de l'hôtel de la légation à Washington et de dépenses diverses s'élevant à $18,414.89, qui ne se reproduisirent pas en 1928-29.

Vérification des paiements d'intérêts et des emprunts remboursés

Les paiements d'intérêts, des emprunts émis au Canada et à New-York, furent vérifiés en totalité, les intérêts des obligations nominatives ou les coupons d'intérêts des obligations au porteur ayant tous été examinés et leur concordance constatée avec les divers comptes d'intérêts paraissant dans les Comptes publics.

Conformément aux dispositions du paragraphe 2, de l'article 18 de la Loi du Revenu consolidé et de la Vérification, les paiements d'intérêts furent vérifiés concurremment avec ceux des rachats d'emprunts échus; ils furent justifiés par la production des obligations rachetées et annulées. Suivant une pratique déjà suivie, après examen, les coupures annulées sont détenues conjointement par mon Bureau et le Ministère des Finances en attendant l'autorisation de les détruire.

Les coupures d'obligations annulées, comprenant les obligations transférées ou échangées reçues par le Ministère des Finances, et se rapportant aux emprunts courants, furent vérifiées comme le demande la minute du Conseil du Trésor du 20 janvier 1925. Cette vérification ne porta toutefois que sur celles des obligations qui me furent transmises, les registres de comptabilité du Ministère des Finances comprenant ces écritures n'étant pas soumis à ma vérification, comme je l'explique au chapitre intitulé "Remarques Générales", page xc.

Le tableau sommaire suivant fait ressortir l'étendue de ces vérifications, et le travail considérable qui en résulta:—

Coupons, chèques, obligations—Nombre vérifié	6,185,334
Chèques d'intérêts payés	$ 39,513,791 76
Coupons d'intérêts—Comptés et totalisés	$ 68,396,519 43
Obligations rachetées vérifiées	$ 53,567,200 00

Imprimeur du Roi—Compte d'avances

Conformément aux dispositions de la "Loi du Département des Impressions et de la Papeterie publiques", je fis faire une vérification des comptes-matières de l'Imprimeur du Roi, ainsi que l'inventaire des stocks disponibles, dont la valeur s'élevait à $540,630.57, à la fin de l'année financière, soit une augmentation de $19,385.79 sur l'inventaire du 31 mars 1928.

Le montant total dû par les différents Ministères était à la fin de l'année de $293,936.37, soit une augmentation de $99,660.36 sur 1927-28 et de $246.697.50 sur 1926-27; ces chiffres établissent que certains Ministères n'apportent pas toute la diligence voulue dans le règlement de leurs comptes d'impressions et d'articles de bureau qui, à mon avis, doivent être payés mensuellement, afin que le Compte d'avances de l'Imprimeur du Roi soit, aussitôt que possible remboursé de ces montants, et aussi pour que les Ministères les comprennent dans les dépenses de l'année à laquelle ils appartiennent.

Les travaux d'imprimerie, lithographie, etc., exécutés en dehors de l'Imprimerie, mais sur l'ordre de l'Imprimeur du Roi, s'élevèrent à $324,505.81, contre $356,901.73 en 1927-28, soit une diminution de $32,395.92.

En ce qui concerne les manquants, et tout particulièrement le manquant de toiles mentionné dans mon dernier rapport, l'Imprimeur du Roi déclare que le surintendant de la Papeterie a fait rapport qu'une enquête approfondie n'avait pu expliquer les différences, mais qu'il n'y avait aucune raison plausible de supposer que ces différences aient été une cause de perte pour le Département. Je ne trouve pas cette explication satisfaisante.

La dernière vérification annuelle fit ressortir que les améliorations apportées, au cours de l'année, dans la gestion des matières avaient eu pour résultat une réduction sensible dans les différences entre les comptes matières et le stock disponible.

On trouve les états financiers des comptes d'avances de l'Imprimeur du Roi, pages 167 et 168 de ce volume, et le développement en est donné dans le volume II, partie T, pages 9 à 14.

Les états des différents Comptes de colonisation, établis conformément à la classification adoptée l'an dernier, paraissent, pages 151 et 172 à 174 de ce volume.

Établissement Impérial—Aide pour frais de traversée.—Depuis 1926-27, pour les mêmes raisons que celles données dans mon dernier rapport, il ne fut fait aucune nouvelle vérification des écritures du Ministère de l'Immigration et de la Colonisation relatives aux frais de traversée, toutefois, la vérification courante des recettes et des déboursés en est continuée dans mon Bureau. Je comprends, cependant, que ce Ministère s'efforce d'améliorer sa comptabilité, et ce travail une fois terminé, les vérifications périodiques seront reprises.

La première convention intervenue avec le Gouvernement Impérial ayant expiré le 31 décembre 1928, une seconde fut conclue le 1er janvier 1929. D'après cette dernière, le prix de la traversée de l'un des ports d'Angleterre à Halifax, Saint-Jean ou Québec est fixé à £10, dont £2 sont payés par l'émigrant ou lui sont avancés, £4, 10s. sont à la charge du Gouvernement Impérial et £3, 10s. à celle du Dominion. Les dépenses de l'année résultant de ces deux conventions paraissent à la page 151 de ce volume.

Une autre convention, également conclue pendant l'année avec le Gouvernement Impérial, prévoit une assistance pour les frais de traversée des femmes et des enfants des immigrants autres que les agriculteurs. Ces immigrants n'ayant pas droit à des prêts doivent payer les £2, la balance des frais étant partagée entre les deux Gouvernements sur la même base que ci-dessus.

Établissement Impérial.—Ferme de "Vimy Ridge", pour jeunes gens.—Conformément aux termes de la convention mentionnée dans mon rapport de 1927-1928, $3,910 furent payés à la province d'Ontario pour les 391 jeunes gens venus du Royaume-Uni qui se fixèrent au Canada après un séjour sur cette ferme.

Prêts pour l'établissement des soldats colons.—Le total en capital dû par les soldats colons sur les prêts leur ayant été consentis était, au 31 mars 1929, de $72,589,863.29, soit une diminution de $5,316,318.47, sur les $77,906,181.76 dus par eux au 31 mars 1928. Cette réduction s'établit comme suit:—

Réduction sur la valeur des bestiaux	$ 2,187 84
Réduction due à une nouvelle évaluation des terres	2,651,074 80
Virements au compte de l'établissement sur des terres, en général	1,400,519 74
Excédent des remboursements de capital sur les prêts de l'année	1,262,536 09
	5,316,318 47

Sur les $2,653,262.64 rayés de ce compte et chargés au Fonds consolidé au cours de l'année, $2,187.84 provenaient de réductions sur la valeur des bestiaux, et $2,651,074.80 de la dépréciation résultant d'une nouvelle évaluation des terres, telles que prévues par les articles 67 et 68 du Chapitre 188 des Statuts Revisés du Canada, 1927. Ce montant de $2,653,262.64 était compris dans les $13,935,672.09, virés précédemment des comptes actifs aux comptes inactifs des Comptes publics, paraissant dans le Bilan de 1927-1928, au chapitre "Divers et autres comptes", Inactifs, Appendice L, qui fut par suite réduit à $11,282,409.45. En prévision de plus grandes pertes, un montant additionnel de $10,000,000 était viré le 31 mars 1929, aux placements inactifs, faisant que sur les $72,589,863.29, dus à la fin de l'année par les soldats colons, $21,282,409.45, ou près de 30 p.c., ont été virés aux Comptes inactifs.

Le montant de $1,400,519.74, viré au Compte des prêts pour l'établissement sur des terres en général, représente la valeur à laquelle des terres, précédemment vendues aux soldats colons, furent transférées aux immigrants, conformément aux dispositions du Plan des 3,000 familles, ou autres plans similaires.

Le montant total encaissé des soldats colons fut, en 1928-29, de $4,161,-677.64, dont $1,866,997.94 furent crédités au revenu comme intérêts sur placements et $2,294,679.70 au Compte de prêts pour l'établissement des soldats, comme recouvrements de capital. Le montant des nouveaux prêts chargé aux soldats colons fut de $1,032,143.61, ou de $1,262,536.09 inférieur aux remboursements.

Prêts pour l'établissement sur des terres en général.—On trouve ci-après un sommaire des avances consenties jusqu'au 31 mars 1929, aux émigrants britanniques, depuis l'application du Plan des 3000 familles ou autres projets similaires:—

—	Avances au 31 mars 1928	Avances en 1928-29	Total en au 31 mars 1929
Valeur à laquelle les terres des soldats colons furent transférées aux immigrants	$ 5,994,217 79	$ 1,400,519 74	$ 7,394,737 53

	6,063,068 47	1,562,355 30	7,625,423 77

Les comptes du Plan des 3,000 familles pour l'année terminée le 31 mars 1928, furent vérifiés sous ma direction, et mes remarques transmises au Ministère ainsi que le rapport que j'adressai à ce sujet au Secrétaire d'Etat de Sa

Majesté pour les Dominions. Le Bilan et le compte de caisse paraissent dans ce volume, page 197.

Aux termes d'une convention intervenue le 4 août 1927, entre le Gouvernement Impérial et les Gouvernements du Dominion et du Nouveau-Brunswick, 500 familles devaient se fixer sur des terres en culture de cette province, dans une période de temps ne dépassant pas six ans. Les comptes de ce projet furent vérifiés sous ma direction, du commencement des opérations jusqu'au 31 mars 1929, et mes remarques transmises au Ministère ainsi que le rapport que j'adressai à ce sujet au Secrétaire d'Etat de Sa Majesté pour les Dominions. Le Bilan et le compte de caisse paraissent dans ce volume, page 198.

Projet de cottages ouvriers.—D'après les termes d'une convention, intervenue le 13 mai 1924, entre le Gouvernement Impérial et celui du Dominion, afin d'encourager l'établissement au Canada de certaines classes d'immigrants britanniques, cinquante-quatre cottages furent construits par le Gouvernement Impérial, le Dominion devant voir aux assurances contre l'incendie, aux réparations locatives, et à l'encaissement des loyers qu'il devait transmettre au Gouvernement Impérial après en avoir déduit le montant des primes d'assurance et des frais de réparations. Les représentants au Canada de la "Scottish Immigration Aid Society", société ayant amené les premiers immigrants, furent tout d'abord chargés de l'administration du projet et de l'encaissement des loyers. Le service de l'établissement sur des terres du Ministère de l'Immigration et de la Colonisation en ayant été chargé dans la suite, le Sous-ministre m'avisait le 25 février 1929 que le représentant de la Société n'avait encaissé aucun loyer et que, de son côté, le service de l'établissement sur des terres n'avait touché que $12, mais que le Ministère avait déboursé $753.55 pour le paiement de primes d'assurances, et $320.67 pour des réparations qui furent chargées au Gouvernement Britannique. J'étais également prévenu que l'on envisageait une revision des clauses de la convention pour, à l'avenir, assurer une nouvelle application du projet et régler les difficultés résultant de la convention initiale.

Frais judiciaires et déboursés, y compris les frais taxés

L'état habituel donnant le montant des frais judiciaires payés au cours de l'année paraît aux pages 181 à 187 de ce volume. Ces frais accusent une augmentation de plus de $100,000 sur 1927-28, et se classifient comme suit:—

Nature des frais	1928-29	1927-28	Augmentation	Diminution
Frais judiciaires et déboursés	$ 420,260 07	$ 318,639 90	$ 101,620 17	
Frais taxés	10,137 54	10,353 71		$216 17
Totaux	430,397 61	328,993 61	101,620 17	216 17

Les plus fortes augmentations se produisirent dans les Ministère de la Justice, du Revenu National et des Travaux publics.

Prêts, Subventions, Allocations, etc.

L'état des prêts, subventions et allocations de l'année, paraît aux pages 178 à 180 de ce volume. Le montant des prêts et des subventions est à peu près égal à celui de 1927-28, mais les allocations accusent une augmentation de $6,012,310.82, due aux versements additionnels consentis à la Commission du District Fédéral, et aux plus forts paiements résultant de l'application de la " Loi sur les taux de fret maritime ".

Il a été constaté une plus grande régularité dans les autorisations de paiements de subventions dont les débours ne sont pas soumis à ma vérification, et ce n'est que dans quelques rares cas, que de tels paiements furent imputés à des crédits ne les prévoyant pas.

Service de surveillance

Dans la loi des Subsides de 1928-29, le Parlement apporta des modifications dans les prévisions pour les frais d'entretien de ce service en réunissant, dans un même chapitre, les deux crédits fragmentaires des années précédentes, "Entretien des gardes-côtes" et "Service spécial de surveillance".

L'extension de ce service est démontrée par l'accroissement substantiel de ses dépenses qui furent de $1,650,133.38, soit une augmentation de $218,611.90, ou de plus de 15 p.c., sur celles des deux crédits fragmentaires ci-dessus mentionnés.

Le développement de ces dépenses paraît dans le Volume II, partie R, pages 114 à 127.

Avances aux liquidateurs pour être réparties entre les créanciers	$ 477,108 95	$3,427,108 95
Avances à l'Hon. A. K. MacLean, Commissaire, pour dépenses	.....	30,000 00
Murphy et Donald, avocats, Toronto, honoraires	.....	2,891 05
	477,108 95	3,460,000 00

Sur les $477,108.95 versés, en 1928-29, aux liquidateurs, $17,108.95 représentaient la balance disponible des $3,000,000.00 autorisés par la loi de 1925, et $460,000.00, le montant total prévu dans la loi des Subsides de 1928-29, crédit 504, " montant requis pour l'application des dispositions de la loi pour venir en aide aux créanciers de la Home Bank, 1925 ".

Depuis mon dernier rapport, les liquidateurs ne m'ont transmis aucun état ou pièces justificatives, et il leur reste à rendre compte d'une balance de $2,518,-470.66, formée des $2,048,470.66, mentionnée l'année dernière (Vol. I, page

lxx), et des $477,108.95 avancés au cours de l'année, dont il faut déduire une balance non employée de $7,108.95, versée par eux au Commissaire. On m'informe que le Ministère des Finances a reçu les états et pièces justificatives pour la vérification finale des comptes des liquidateurs; ces pièces me seront transmises aussitôt que l'examen en sera terminé.

Depuis la publication de mon dernier rapport, le Commissaire m'a transmis des comptes de dépenses s'élevant à $17,004.71, qui ont été vérifiés, et il lui reste encore à rendre compte d'une somme de $5,845.28.

Fonds d'amortissement

Les montants suivants furent versés, en 1928-29, au crédit des fonds d'amortissement des trois emprunts émis à Londres:—

Contribution annuelle de ½ pour cent sur le montant des emprunts	$1,272,263 60
Intérêts sur les placements des fonds d'amortissement (emprunts émis à Londres)	1,705,714 79
	2,977,978 39

Des obligations du Dominion, payables à Londres, d'une valeur nominale de $3,462,312.33, furent achetées pour $2,977,978.39, y compris les frais de courtage et les droits de transfert. Conformément à une pratique déjà suivie, et qui peut faire question, la valeur au pair de ces obligations fut portée aux fonds d'amortissement, et les $493,177.73, représentant la différence entre la valeur au pair et le cours du marché, crédités aux revenus de l'année courante (voir Vol. II, partie F, page 4).

La valeur des placements au crédit des fonds d'amortissement des emprunts émis à Londres, au 31 mars 1929, et leur comparaison avec celle au 1 avril 1928, s'établit comme suit: —

	31 mars 1929	1er avril 1928	Augmentation
Emprunt 3½ p.c. 1909-1934	$14,684,116 98	$14,002,161 63	$ 681,955 35
Emprunt 3½ p.c. 1930-1950	23,939,421 17	22,200,478 18	1,738,942 99
Emprunt 4 p.c. 1940-1960	12,276,560 15	11,235,146 16	1,041,413 99
	50,900,098 30	47,437,785 97	3,462,312 33

Les valeurs et l'argent liquide détenus à Montréal, par la Banque de Montréal, pour les fonds d'amortissement des emprunts de guerre émis au Canada étaient comparativement au 31 mars 1929 et au 1 avril 1928:

	31 mars 1929	1er avril 1928	Augmentation
Emprunt 1916-1931	$ 799,300 00	$ 799,300 00	
Emprunt 1917-1937	379,800 00	379,800 00	
Argent comptant (intérêts capitalisés)	389,210 36	340,177 90	$ 49,032 46
	1,568,310 36	1,519,277 90	49,032 46

Subventions aux provinces

Les subventions payées aux différentes provinces s'élevèrent en 1928-29 à $12,553,724.50, soit une augmentation de $36,984 sur 1927-28. Cette augmentation provient de ce que les allocations versées au Manitoba, à la Saskatchewan et à l'Alberta, proportionnellement au chiffre de leur population, furent calculées, pour le second semestre de l'année, d'après le chiffre de la population de ces provinces établi en janvier 1929 par le Bureau de Statistique du Dominion et non, comme auparavant, d'après ceux du recensement quinquennal de 1926. En attendant une revision générale des subventions à accorder aux provinces, la Nouvelle-Ecosse, le Nouveau-Brunswick et l'Ile du Prince-Edouard reçurent, en plus des subventions statutaires, les sommes prévues par le crédit 313, de la loi des Subsides de 1928-29.

A ma connaissance, les $468,750 de subventions payées en trop à la province d'Alberta en 1914, 1915 et 1916 et mentionnés dans le Volume II de mon rapport de 1924-25, page F-71, ne paraissent pas encore avoir été remboursées.

Dépenses imprévues

Sur les $80,000, votés au titre des "Dépenses imprévues", $10,053.38 furent dépensés au cours de l'année; le développement de ces dépenses, par Ministère, paraît à la page 34 de ce volume. Conformément aux termes du crédit, elles furent dûment autorisées par le Gouverneur en son Conseil après avoir été approuvées par le Conseil du Trésor.

Jubilé de diamant de la confédération

La vérification des écritures du Comité National fut continuée, sous ma direction, du 1er janvier 1928 au 18 juin 1929; durant cette période les recettes furent de $304.60, qui, ajoutés à l'encaisse de $68,648.89, au 31 décembre 1927, portèrent le solde disponible à $68,953.49; les paiements s'élevèrent à $57,284.91, laissant, au 18 juin 1929, une balance liquide de $11,668.58, qui en juillet de la même année, fut versé au crédit du Receveur Général. Un état sommaire de ces recettes et de ces déboursés paraît à la page 199 de ce volume.

Commission du district fédéral

La Commission du District fédéral ayant considérablement étendu le champ de ses activités, et ses dépenses de 1928-29 s'étant élevées à $2,087,067.48, j'ai jugé opportun, outre la vérification ordinaire des états et des pièces justificatives des déboursés transmis par la Commission faite dans mon Bureau, de faire à son siège un examen plus complet de ses livres et pièces de comptabilité. Les méthodes suivies par la Commission furent aussi examinées au cours de cette vérification spéciale, et un rapport à ce sujet sera prochainement transmis au Ministre des Finances.

Les états ci-après se rapportant aux opérations de la Commission paraissent aux pages 144 à 147 de ce volume: (a) Etat des recettes et des déboursés; (b) Comparaison entre les crédits autorisés et les dépenses; (c) Sommaire des dépenses au 31 mars 1929.

Loi d'indemnisation des employés de l'Etat

Le total des dépenses engagées en vertu des dispositions de cette loi s'est élevé, en 1928-29, à $402,251.81, soit une augmentation de $23,864.45 sur l'année précédente.

Des fonctionnaires de mon Bureau firent, sous ma direction, à Winnipeg et Edmonton, des vérifications spéciales des dépenses des Commissions du Manitoba et de l'Alberta, et les remarques auxquelles elles donnèrent lieu furent transmises au Ministère des Chemins de fer et des Canaux.

Conseil des recherches

La "Loi du Conseil des Recherches", 1917, modifiée en 1924 (Chapitre 177, S.R.C. 1927), constituait le Conseil en société légale et lui donnait la disposition des sommes affectées à ses travaux par le Parlement ou reçues à titre de legs, donations ou autrement.

Le Conseil étant ainsi constitué et une grande partie de ses dépenses consistant en des paiements à des laboratoires coopérant volontairement à ses travaux, et même participant à leur coût, on mit en doute si ces dépenses devaient être contrôlées de même façon que celles des Ministères, et si le Conseil ne devrait pas être dispensé de fournir des pièces justificatives détaillées pour les paiements faits aux laboratoires coopérant avec lui. Un précis de la correspondance échangée à ce sujet paraît page 235.

Outre les $299,745.68, payés à même les crédits votés par le Parlement en 1928-29, le Conseil reçut d'autres sources et versa à des comités spéciaux $230,635.27, dont $219,119.95 provenaient du Compte provisoire et représentaient le montant de la vente des excédents de grains dans les élévateurs du Gouvernement, $10,961.47, du "Engineering Standard Committee" et $553.85, des intérêts de banque. Un montant additionnel de $10,000, reçu de la "Sun Life Assurance Company" fut aussi ajouté au crédit voté.

Les subventions pour recherches industrielles et scientifiques dont à la fin de l'année il n'avait pas été rendu compte s'élevaient à $359,910.80, au lieu de $73,716.36 en 1927-28. L'augmentation est due en grande partie au montant de $219,119.95, mentionné ci-dessus, sur lequel la Commission des recherches sur les grains ne dépensa que $4,960.

Commission internationale des pêcheries

Durant l'année, les dépenses totales de la "Commission internationale des pêcheries" s'élevèrent à $61,956.53, sur lesquels $74 devaient être entièrement à la charge du Canada, laissant à payer conjointement par le Canada et les Etats-Unis une somme de $61,882.53. Sur leur quote part, les Etats-Unis versèrent, avant la fin de l'année, $25,546.04, qui furent reversés au crédit et, la balance, soit $5,395.22, reçue en août 1929, fut créditée au revenu casuel de 1929-30.

Commission d'utilisation du lignite

Le 4 octobre 1929, j'étais avisé par le Sous-ministre intérimaire des Mines, que la disposition de l'encaisse et autres actifs restant entre les mains de cette

Commission (voir rapport 1927-28, page lxxv), après le transfert des bâtiments, du matériel, etc., à C. G. Ashwin, se ferait, conformément aux termes d'une convention, intervenue entre les trois Gouvernements intéressés, qui me sera communiquée aussitôt qu'elle aura été signée.

Pensions de vieillesse

Le Gouvernement fédéral et les provinces du Manitoba et de la Saskatchewan conclurent au cours de l'année des conventions pour le paiement des pensions de vieillesse; les modes d'administration et de paiement, proposés par ces provinces, furent approuvés par le Gouverneur en son Conseil. Il approuvait également en janvier 1929, une convention conclue avec le Commissaire des Territoires du Nord-Ouest, mais aucun des paiements prévus ne fut fait en 1928-29.

Les montants payés durant l'année par ces trois provinces, conformément aux dispositions de la loi, et la période de temps couverte par ces paiements sont:—

Colombie Britannique—1er avril 1928 au 31 mars 1929	$ 399,340,95
Saskatchewan—1er mai 1928 au 31 mars 1929	191,041 97
Manitoba—1er septembre 1928 au 31 mars 1929	242,303 86
	832,686 78

Depuis mon dernier rapport, les méthodes suivies dans les différentes provinces pour le paiement de ces pensions furent l'objet de nouveaux examens, et, je suis avisé que dans les provinces visitées par mes vérificateurs, ils constatèrent un sincère désir de coopérer avec le Gouvernement fédéral, pour en arriver à uniformiser les méthodes d'administration et de contrôle de ces dépenses.

Comptes du Gouvernement fédéral dans le Yukon

Un état, aussi exact que possible des revenus et des dépenses des divers Ministères dans le Territoire du Yukon pour les trois dernières années, établi d'après les relevés qui me furent communiqués, paraît à la page 202 de ce volume.

Le Ministère des Travaux publics m'a transmis depuis la publication de mon dernier rapport, un état des revenus et des dépenses des seuls bureaux de télégraphe du Territoire pour 1927-28, et les chiffres en ont été ajustés en conséquence dans l'état que je donne maintenant. Il en ressort qu'en 1928-1929, après ajustement, le total des dépenses de $651,752.99 fut supérieur de $21,644.92 aux dépenses de 1927-28; le revenu total de $255,637.31 accuse une augmentation de $45,407.55 sur l'année précédente.

Les plus importantes augmentations de revenus furent les suivantes:—

Ministère de l'Intérieur	$ 9,737 62
Ministère de la Défense Nationale (radiotélégraphie)	2,159 06
Ministère du Revenu National	30,908 10
Ministère des Postes	1,360 21

Comptes du Territoire du Yukon

Aucune vérification des comptes du Gouvernement du Territoire ne fut faite au Yukon même en 1928-29, et, par suite, il ne m'est pas possible de dire si le Ministère a mis en pratique les recommandations que je fis après l'inspection de 1927. Les états mensuels des recettes et des déboursés du Territoire, appuyés de pièces justificatives, me furent toutefois transmis pour vérification comme auparavant.

Compte de l'administration générale.—Suivant une pratique déjà suivie les années précédentes, une somme de $50,000, représentant la plus grande partie des bénéfices de l'année, provenant de la vente des liqueurs dans le Territoire, et établis par les écritures, fut virée du Compte des liqueurs à celui de l'administration générale; les dépenses d'administration s'élevèrent à $211,232.06 et furent inférieures de $9,036.28 aux recettes qui furent de $220,268.34, changeant, au 31 mars 1929, en une balance créditrice de $5,943.30, la balance débitrice de $3,092.98, au 31 mars 1928.

Comptes des liqueurs.—On a continué de payer les achats de liqueurs par des découverts en banque, portant intérêts à 9%, et de virer au Compte de l'administration générale la plus grande partie du produit net des ventes. Il faut toutefois remarquer que le découvert en banque, encaisse déduit, qui était de $81,056.77, le 31 mars 1928, fut ramenée à $59,633.75, soit une diminution de $21,423.02, due en grande partie à ce que les ventes de l'année, suivant les comptes qui m'ont été transmis, produisirent un bénéfice net de $67,789.07, contre $48,843.19 en 1927-28. La valeur du stock disponible de liqueurs, y compris les droits payés sur celles en magasin, ou à payer sur celles en entrepôt, telle que certifiée par les fonctionnaires locaux, était de $100,422.76, contre $101,554.62 au 31 mars 1928.

Des états comparatifs détaillés du "Compte de l'administration générale" et du "Compte des liqueurs", paraissent dans ce volume, pages 203 à 207.

DÉPENSES EN CAPITAL

Les dépenses imputables au capital prévues dans divers chapitres du budget de 1928-29 s'élevaient à $28,650,923.24, sur lesquels $23,226,834.51 furent dépensés, laissant inemployée une balance de $5,424,088.73. En vertu de jugements adjudicatifs de la Cour de l'Echiquier, une somme additionnelle de $288,-736.30, fut payée à même les argents non votés, et le total des dépenses en capital de l'année fût porté à $23,515,570.81

Les recouvrements sur les dépenses en capital des années précédentes, y compris le produit de ventes d'équipement, de matériel, etc., s'élevèrent à $706,295.68 qui furent directement crédités au Fonds consolidé et par suite ne sont pas compris dans les revenus de l'année.

Le sommaire ci-après donne, par Ministère, le montant des dépenses en capital, ainsi que celui des recouvrements sur celles des années précédentes; leur développement paraît dans le Volume II, aux pages indiquées et suivantes:—

Ministères	Volume II pages	Dépenses	Recouvrements	Montant net
Marine et Pêcheries	O—72	$ 2,063,555 73	$ 40,584 96	$ 2,022,970 77
Travaux publics	V—144	1,322,102 70	2,359 70	1,319,743 00
Chemins de fer et canaux	W—51	20,129,912 38	663,351 02	19,466,561 36
Totaux		23,515,570 81	706,295 68	22,809,275 13

Les montants correspondants pour 1927-28 sont: dépenses, $21,576,864.45; recouvrements, $941,216.60; montant net, $20,635,647.85.

Les dépenses en capital les plus importantes de l'année furent: Canal de navigation Welland, $13,670,899.26; Chemin de fer de la baie d'Hudson et terminus, $6,271,257.43; Chenal de navigation du Saint-Laurent, $1,894,911.65. Le montant le plus élevé crédité au capital fut celui de $445,647.06 versé par "P. Lyall and Sons Construction Company", en paiement de bâtiments et de matériel utilisés pour la construction du canal de navigation Welland. Une somme de $38,000 fut reçue pour la vente de bateaux du Gouvernement. Le montant perçu en acompte sur la vente du bassin de radoub d'Halifax n'est pas compris dans les montants ci-dessus; il est expliqué dans un autre chapitre de ce rapport.

Dans des rapports précédents, j'ai déjà signalé certaines dépenses imputées au capital, qui suivant une pratique généralement admise dans les affaires, n'appartiennent pas à cette catégorie de dépenses; parmi celles de cette année, spécialement mentionnées dans le budget, sont des secours versés aux ayants-droit d'employés décédés des chantiers maritimes de Sorel et des frais de médecin et d'hôpital.

Je suis toujours d'avis que, dans le plus bref délai possible, l'on devrait faire une nouvelle évaluation des valeurs capitalisées à certains chapitres du Bilan du Dominion, comme celle qui fut faite en 1881. A ma connaissance aucune décision n'a encore été prise à ce sujet.

Chemin de fer de la Baie d'Hudson

Outre la vérification habituelle des dépenses relatives au coût des travaux de construction du Chemin de fer de la Baie d'Hudson et des terminus qui se fait dans mon Bureau, une vérification spéciale des comptes de 1927-28 eut lieu à Winnipeg au siège du Chemin de fer National. Les remarques en résultant furent transmises au Ministère des Chemins de fer et Canaux.

Au 31 mars 1929, le coût total des travaux était de $33,270,651.52. Le détail des dépenses de 1928-29 est donné dans le Volume II de ce rapport, partie W. pages 51 à 55.

Canal de navigation Welland

En 1928-29, les dépenses de construction de ce canal s'élevèrent à $13,670,-899.26 qui, défalcation faite des $459,640.23 de recouvrements sur les dépenses antérieures, laissent à imputer sur les crédits de l'année une somme de $13,211,-259.03, portant à $103,513,215.58 le coût total du Canada au 31 mars 1929.

Le développement de ces dépenses, pour 1928-29, se trouve dans le Volume II, partie W, pages 56 à 64.

VÉRIFICATION DES COMPTES MATIÈRES

D'après les rapports transmis par les différents Ministères la valeur des matièrse en magasin, au 31 mars 1929, se compare comme suit avec celle de l'année précédente:—

Ministères	31 mars 1929	31 mars 1928	Augmentation	Diminution
Affaires Indiennes	$ 60,867 56	$ 58,368 99	$ 2,498 57	
Intérieur (Parcs nationaux)	54,011 03	47,219 79	6,791 24	
Justice (Pénitenciers)	450,291 75	500,676 71		$ 50,384 96
Marine et Pêcheries	906,732 24	1,016,553 37		109,821 13
Mines	73,832 58	76,362 72		2,530 14
Pensions et Hygiène	403,629 51	394,879 00	8,750 51	
Postes	1,442,208 18	1,505,856 88		63,648 70
Imprimerie et Papeterie	540,630 57	521,244 78	19,385 79	
Travaux publics	140,566 31	178,121 60		37,555 29
Chemins de fer et canaux	418,168 15	442,761 45		24,593 30
Gendarmerie royale à cheval	270,121 54	298,749 40		28,627 86
	4,761,059 42	5,040,794 69	37,426 11	317,161 38

La diminution nette de $279,735.27 peut être attribuée en grande partie aux efforts, faits par les Ministères, pour réduire le montant de leur stock et disposer de leurs matières en surplus et de rebut.

Pour les mêmes raisons que celles données dans mes rapports précédents la valeur des matières du Ministère de la Défense nationale n'est pas comprise dans le tableau ci-dessus.

La vérification statutaire annuelle des matières et des écritures de l'Imprimeur du Roi fut faite le 31 mars 1929; il en est fait mention dans ce volume, page lxv.

Les écritures des matières du service de distribution des publications du Gouvernement, sont maintenant régulières, et je me propose d'en faire une vérification partielle en 1929-30.

Les vérifications bisannuelles du numéraire et des lingots de la succursale d'Ottawa de l'Hôtel Royal des Monnaies furent faites conjointement par des fonctionnaires de mon Bureau et du Ministère des Finances, et les résultats communiqués au Sous-directeur de la Monnaie.

Relativement aux pratiques impliquant le principe du contrôle parlementaire, dont mention était faite dans mon dernier rapport au sujet d'un magasin, j'ai été avisé par le Ministère concerné que des mesures étaient prises pour mettre fin à ces pratiques auxquelles je m'étais objecté.

Depuis mon dernier rapport, mes examinateurs inspectèrent plusieurs magasins, dont ceux du Département des Affaires Indiennes de Regina, de plusieurs agences indiennes et des parcs nationaux de Banff et Jasper. D'une façon générale les méthodes de comptabilité furent trouvées satisfaisantes, mais en ce qui concerne les magasins des parcs, il est nécessaire, pour assurer une application efficace de ces méthodes, qu'une surveillance plus étroite soit exercée par les chefs de service de ces parcs.

Les recommandations adressées à différents Ministères, à la suite d'inspections de magasins faites sous ma direction, ont généralement été mises en pratique, et il en est résulté une amélioration graduelle dans la tenue des stocks et des écritures s'y rapportant.

Toutefois, nonobstant ces améliorations, il en reste encore beaucoup d'autres à réaliser avant que tous les magasins du Gouvernement soient tenus d'une façon entièrement satisfaisante. Les inspections que je fis dans des magasins de l'ouest au cours de l'été de 1928 et dans ceux des Provinces Maritimes en 1929, m'ayant permis de constater que:—

1) Dans plusieurs d'entre eux il se trouve encore des quantités considérables de matières de rebut.
2) A en juger par la quantité des matières utilisées au cours de l'année, les stocks de certains magasins excèdent de beaucoup les besoins.
3) Dans de nombreux cas, les magasins sont situés dans des immeubles peu appropriés à cette fin et ne pemettent pas une manutention économique des stocks.
4) Dans plusieurs magasins les stocks ne sont pas suffisamment protégés contre les pertes par le feu.

Matières en surplus et de rebut.—Ci-dessous est un tableau comparatif sommaire des ventes de matières en surplus ou de rebut faites au cours de cette année et de la précédente:—

Transferts et ventes	1928-29	1927-28	Augmentation *Diminution
Transférées à d'autres Ministères	$ 59,268 57	$ 44,027 23	$ 15,241 34
Ventes au public	53,630 33	122,206 75	*68,576 42
	112,898 90	166,233 98	*53,335 08

Les méthodes d'évaluation des marchandises de rebut ou en surplus, transférées par le Comité d'un Ministère à un autre ont été changées, leur valeur étant maintenant fixée soit d'après:—

1) les prix de catalogue des Ministères transférant les marchandises
2) la valeur des marchandises, d'après l'évaluation du Ministère les transférant
3) le prix du marché, basé sur les prix de vente au comptant des mêmes marchandises.

Afin d'éviter des pertes ou du coulage, le transfert des marchandises rejetées, en surplus ou de rebut devrait être l'objet d'un contrôle serré de la part des fonctionnaires des Ministères en charge des livraisons ou des réceptions.

COMPTES SPÉCIAUX

Sommes dues au Gouvernement du Dominion

La vérification des comptes représentant les sommes dues au Gouvernement fut continuée au cours de l'année et les remarques auxquelles elle donna lieu paraissent dans les chapitres suivants.

A ces sommes paraissant dans le Bilan, il faut ajouter celles portées comme arriérés dans les livres des divers Ministères, qui ne figurent pas dans le Grand

Livre du Dominion. Il en est fait mention plus longuement dans un chapitre suivant, et aux pages 175 et 176 paraît un état établi d'après les relevés que me transmirent les différents Ministères.

Avances aux Gouvernements étrangers

Depuis la publication de mon dernier rapport, le Gouvernement grec, conformément aux termes du traité du 27 décembre 1923, réduisit sa dette d'un nouveau montant de $200,000 et paya aussi en totalité les intérêts de l'année sur la balance encore due de $7,080,000. Le Gouvernement roumain paya les intérêts des obligations détenues comme garanties pour les avances qui lui ont été faites, mais ne remboursa aucune de ces obligations qui n'arrivent à échéance qu'en 1967. Les Gouvernements russe et italien ne firent aucun paiement, en capital ou intérêts, sur les sommes dues par eux.

Loi sur les grains du Canada—Compte d'avances

A la fin de la dernière année financière, la balance impayée portée au "Compte d'avances" était de $5,851.68, tandis que les sommes effectivement dues par le commerce sur des prêts consentis pour paiement de fret, de droits d'inspection et de pesée étaient de $11,521.77. La différence entre ces deux montants, soit $5,670.09, représentant des bénéfices provenant de différentes sources qui s'étaient accumulés au cours de plusieurs années fut virée, en 1928-29, au crédit du revenu général des élévateurs du Gouvernement canadien.

L'état de ce compte donné à la page 174 de ce volume, fait voir, au 31 mars 1929, un solde débiteur de $10,121.37.

Mes examinateurs firent l'examen des écritures des élévateurs du Gouvernement canadien à Fort William, et de celles de leur agence de Winnipeg. Dans ces deux villes, la méthode de comptabilité de la Commission des grains fut aussi examinée, et les remarques auxquelles elle donna lieu, firent dans la suite, l'objet d'un échange de vues avec le Ministère.

"Canada Land and Irrigation Company"

Dans l'Introduction de mon dernier rapport (page lxxxii), j'expliquais la provenance d'une somme de $514,115.35 due au Gouvernement du Dominion par cette compagnie le 31 décembre 1926, et je donnais aussi un résumé de la convention que le Ministre de l'Intérieur avait été autorisé à conclure avec elle.

Conformément aux clauses de cette convention, 257,058 acres de terres de la Compagnie furent transférées à la Couronne pour un prix de $2.00 l'acre et sa dette fut annulée en totalité. Cette transaction occasionna une imputation sur le Fonds consolidé de $380,473.74, comprenant les deux montants de $329,573.96 et $50,899.78, mentionnés dans mon dernier rapport comme paraissant dans les Comptes publics parmi les "Placements divers" (Miscellaneous Investments), Inactifs, Appendice L du Bilan.

Commission canadienne des prêts agricoles

Cette Commission fut formée au cours de l'année, conformément aux dispositions de la "Loi du Prêt agricole canadien" (Chapitre 66, S.R.C., 1927). Pour payer les traitements et les dépenses résultant de la mise en vigueur de cette loi, le crédit 505, de la loi des Subsides de 1928-29, prévoyait une somme de $50,000, qui, à titre d'avances recouvrables fut versée à la Commission canadienne des prêts agricoles, et paraît à l'actif dans le bilan du Dominion.

En attendant que la Commission eut terminé des arrangements bancaires cette somme fut reversée au Ministère des Finances; un montant de $5,010.05 fut payé pendant l'année, laissant au 31 mars 1929, une balance à son crédit de $44,989.95 payée depuis à la Commission.

L'article 14 de la loi stipule que les livres de la Commission doivent être vérifiés par une firme de comptables agréés, désignée par le Gouverneur en son Conseil.

Fonds des rentes viagères de l'État

Un relevé des transactions de l'année du Fonds des rentes viagères du Gouvernement, ainsi qu'un état du passif de ce Fonds au 31 mars 1929, établi par le service des rentes viagères du Ministère du Travail, paraît dans ce volume, page 158.

A la suite de la publication de mon dernier rapport, le service des rentes viagères fit une nouvelle évaluation des rentes en cours le 31 mars, qui eut pour résultat de réduire à $132,844.13 le déficit qui, à cette date, était de $263,-146.13. Ceci explique la différence entre les montants paraissant dans mon rapport de 1927-28 et dans le rapport annuel du Ministère.

En 1928-29, pour couvrir ce déficit, $132,844.13 furent virés du Fonds du Revenu consolidé au crédit des rentes viagères.

Le 31 mars 1929, le passif, ou valeur actuelle des rentes en cours, était évalué à $18,335,193.00, et la balance au crédit du Fonds, à $18,369,099.88 soit un excédent sur le passif de $33,906.88.

Bassin de radoub d'Halifax

Le 31 mars 1929, le coût initial du bassin de radoub paraissait encore à l'actif du Dominion pour $1,552,827.43, mais, aussitôt après la fermeture des comptes de 1928-29, on donna effet aux recommandations contenues à la page li de l'introduction de mon rapport de 1925-26.

Commissaire des Indiens—Compte d'accroissement de production

L'exploitation agricole entreprise, d'après le "Plan d'accroissement de production", se continue dans une certaine mesure, bien que, comme je l'ai déjà mentionné, l'arrêté en Conseil l'autorisant ait été rescindé en 1922.

Les inspections faites, sous ma direction, au Bureau du Commissaire des Indiens de Regina portèrent sur les transactions de ce compte, depuis le commencement des opérations en 1918 jusqu'au 31 mars 1928; elles donnèrent lieu à des observations, qu'en février 1929, je transmis au Département des Affaires Indiennes avec plusieurs recommandations ayant pour but de permettre un contrôle plus serré de la comptabilité. Le Département prit ces observations en considération et plusieurs de mes recommandations ont déjà été adoptées.

Ci-dessous est un sommaire des mouvements de caisse de ce projet depuis 1918 jusqu'au 31 mars 1929:—

Prêts aux Commissaires des ports

Le tableau suivant donne les sommes avancées aux différentes Commissions des ports, ainsi que le montant total des avances autorisées par le Parlement au 31 mars 1929:—

Ports	Avances en 1928-29	Total des avances en 31 mars 1929	Montant total, au 31 mars 1929, des avances autorisées par le Parlement
Chicoutimi	$ 500,000 00	$ 500,000 00	$ 500,000 00
Halifax	30,000 00	30,000 00	500,000 00
Montréal	1,370,000 00	50,350,000 00	59,250,000 00
Québec	2,888,000 00	18,117,995 68	26,125,000 00
St-Jean	602,000 00	602,000 00	5,000,000 00
Vancouver	1,596,000 00	17,460,900 00	19,000,000 00
	6,986,000 00	87,060,895 68	110,375,000 00

Conformément aux dispositions du Chapitre 6 des Statuts de 1926, et aux Chapitres 58 et 67 de ceux de 1927, des Commissions des ports furent créées à Chicoutimi, Halifax et Saint-Jean, et en vertu d'un arrêté en Conseil, l'administration des travaux des ports d'Halifax et de Saint-Jean, d'une valeur en capital respectivement de $12,830,122.16 et $645,182.77, auparavant sous le contrôle du Ministère des Chemins de fer et Canaux, fut transférée à ces Commissions.

Le total des avances consenties à la Commission du port de Montréal est de $51,350,000.00, sur lesquels $1,000,000.00, remboursés en 1927-28, ne peuvent pas être prêtés à nouveau.

Les $17,460,900.00 d'avances consenties à la Commission du port de Vancouver comprennent une somme de $550,000, montant auquel l'élévateur de Vancouver fut, en 1925-26, transféré à la Commission qui, conformément aux dispositions des articles 26 et 27 de la Loi de la Commission du port de Vancouver, émit des obligations pour ce même montant. D'après le Ministère de la Marine et des Pêcheries, cette somme ne devrait pas être comprise dans les $19,000,000.00 d'avances autorisées par le Parlement.

Les intérêts échus, le 1 janvier 1929, sur les avances consenties aux Commissions des ports de Chicoutimi, Montréal, Saint-Jean et Vancouver furent payés en totalité; la Commission du port d'Halifax n'ayant touché sa première avance que le 6 février 1929, n'eut pas à payer d'intérêts au cours de cette année.

La Commission du port de Québec ne paya pas d'intérêts en 1928-29 et, d'après le Ministère des Finances, le montant total des arriérés en intérêts dus par elle était de $10,056,180.24, le 1er janvier 1929, soit une augmentation de $636,273.83 sur l'année précédente. De nouvelles avances lui furent cependant consenties en vertu d'une loi adoptée en 1928. La réclamation de la Commission du port pour l'usage que fait de ses quais le Gouvernement fédéral, n'est pas encore réglée.

La situation de la Commission du port des Trois-Rivières est inchangée (voir rapport 1926-27, Volume I, page lxxi). Au 1er janvier 1929, le montant des intérêts dus par cette Commission était, d'après le Ministère des Finances, de $374,915.51.

Compte des chèques impayés

La balance de $30,975.68 paraissant au crédit de ce compte et au passif des "Comptes publics", le 31 mars 1929, ne représente pas la totalité du passif résultant des chèques impayés, comme il a été déjà expliqué dans mes rapports précédents.

Fonds des passages à niveau

Au 31 mars 1928, le montant total des débours à même ce Fonds était de $1,368,354.16, laissant à reporter sur l'année suivante un solde créditeur de $631,645.84. En 1928-29, pour aider à la construction de passages à niveau, la Commission des Chemins de fer autorisa des débours s'élevant à $855,815.17 (voir détail, volume I, pages 170 et 171), excédant de $224,169.33 le montant au crédit du Fonds. Cet excédent fut couvert par un virement d'un montant égal porté au débit du Fonds du Revenu consolidé, comme une charge sur les $2,000,000 prévus au paragraphe 5, article 262, de la loi des Chemins de fer (S.R.C., 1927, Chapitre 170).

Avances pour grains de semences et secours

Ces avances font l'objet de deux comptes:—

Grains de semences et secours, Ministère de l'Intérieur—Conformément aux recommandations que je fis à la suite d'une vérification spéciale des "Comptes d'avances pour grains de semences" (voir Volume I, rapports 1926-27 et 1927-28), ce compte fut crédité d'une somme de $745,496.23 qui fut chargée au Fonds consolidé, établissant ainsi la concordance entre les balances paraissant dans les livres du Ministère des Finances et ceux du Ministère de l'Intérieur. En vertu des dispositions de la "loi des Terres du Dominion" et d'arrêtés en Conseil, le Ministère de l'Intérieur raya de ses livres une somme additionnelle de $31,311.38. Ces montants ont été crédités à la partie de ce compte mentionnée dans mon dernier rapport, comme ayant été virée dans les Comptes publics des créances actives à celles non actives. Les créances actives furent ainsi réduites de $2,000,000.00 à $1,223,192.39.

L'état de ce compte paraissant à la page 157 de ce volume donne, pour le capital, une balance débitrice totale de $3,879,283.51. D'après les rapports du Ministère de l'Intérieur, au 31 mars 1929, il était dû, en plus, pour les intérêts courus une somme de $2,135,379.39, portant à $6,014,662.90 le montant total dû au Gouvernement.

Gouvernement de la Saskatchewan—Grains de semences; avances de 1908—Pendant l'année le Gouvernement de la Saskatchewan versa, acompte sur ces avances, une somme de $2,925.13, ramenant ainsi à $90,303.33 le montant de sa dette en capital. D'après le Ministère des Finances, le 1er janvier 1929, un montant additionnel de $212,718.40 était dû par cette province à titre d'intérêts sur ces avances, soit une augmentation de $4,622.49, sur l'année précédente.

Le tableau sommaire ci-dessous est suivi d'explications sur les différentes transactions de ce compte en 1928-29:—

	502,074 98	1,530,088 95	1,744,254 68	287,909 25

Dans des rapports précédents se trouvent des explications sur les montants formant le solde au 1er avril 1928.

Réserve de la Commission canadienne du blé, $173,000.00—Cette somme n'a pas été encore virée au revenu, bien que, semble-t-il, d'après les termes d'un arrêté en Conseil du 15 mars 1927 (C.P. 471), elle soit maintenant propriété de la Couronne. Aucun relevé des dépenses à imputer sur l'avance de $2,000 faite en 1927-28 au secrétaire de la Commission n'a été reçu avant le 31 mars 1929 (voir Rapport 1928, Volume I, page lxxvi), mais au mois de mai suivant, le Ministère du Commerce versait la balance inemployée de cette somme, soit $258.53, qui fut créditée à ce compte pour 1929-30.

Excédents de grains des élévateurs—D'après les alinéas 5 et 6 de l'article 87 de la "loi sur les Grains du Canada", la Commission versa pendant l'année une somme de $65,913.26, représentant le produit de la vente de l'excédent des grains pour l'année agricole 1926-27. Un arrêté en Conseil, en date du 30 juin 1928, décidait que sur le produit total de la vente des excédents des années agricoles 1925-26 et 1926-27, $219,119.95 seraient versés au Conseil des Recherches pour être employés à des études en vue d'une application plus efficace de la loi sur les grains, et le 28 juin 1928, un nouvel arrêté en Conseil décidait que la balance de $10,000, restant en compte, devrait être mise en réserve et employée par la Commission des grains à des travaux de recherches. Des $10,000, mentionnés dans mon dernier rapport, comme détenus par la Commission sur les recettes de 1925-26 pour des travaux semblables, il en fut employé $9,998.24, dont le développement paraît dans mon rapport de 1927-28, page ZZ-15.

Convention relative aux réclamations pécuniaires (1910), sommes accordées —Une somme de $30,518.77 fut accordée en règlement final de quatre réclamations; $2,699.37 furent versés au Canada comme sa quote part sur les sommes détenues pour frais de poursuites, et $7,404.83 remis au Gouvernement anglais pour ses dépenses et celles des Etats-Unis.

Dépôts par des compagnies d'assurances.—Au lieu des garanties demandées par la loi des Assurances, il fut versée une somme de $39,962.50 qui fut remboursée ainsi que les $20,000 déposés en 1927-28, les garanties requises ayant été fournies.

Trésor britannique *re* Réclamations de guerre en souffrance, $1,400,000—L'emploi de ce montant, versé par le Gouvernement britannique, est expliqué au chapitre de ce rapport intitulé "Revenus spéciaux", page lvi.

Pertes *re* exploitation de la ligne des Antilles—Une somme totale de $22,401.73, part contributive des Gouvernements des îles Bahamas, de l'Honduras britannique et de la Jamaïque, dans le déficit de l'Exploitation de ce service en 1927, fut payée par eux, et versée à la marine du Gouvernement canadien, qui exploite cette ligne.

Compte des dividendes non réclamés

Les $668.38 versés par les syndics des sociétés en faillite, moins les $46.90 payés aux créanciers ayant réclamé leur dû, laissent au 31 mars 1929, un solde créditeur de $25,869.77.

FONDS FIDUCIAIRES

Le tableau ci-après permet la comparaison, aux 31 mars 1928 et 1929, des soldes en caisse de certains comptes spéciaux qui, sous le titre de "Fonds fiduciaires" paraissent à la page lxxxvii de mon rapport de 1927-28, et à l'appen-

dice "O" du Bilan des Comptes publics. Il ne semble pas que de nouveaux comptes fiduciaires aient été ouverts en 1927-28.

Des intérêts sont alloués aux soldes créditeurs de la plupart des comptes ci-dessus.

En outre des soldes en caisse ci-dessus, le Ministère des Finances détient pour le compte des fonds ci-après des valeurs reçues au moment de leur création ou provenant du placement des argents encaissés depuis et capitalisés. Ces valeurs ne sont pas soumises à ma vérification.

Au cours de l'année, la gestion de certains de ces comptes motiva les remarques contenues dans les chapitres suivants:

Comptes fiduciaires des agents des Indiens

Aucun état de ces comptes ne me fut communiqué avant la fin de l'année, toutefois, à la suite de la vérification faite, en 1928, par mes examinateurs, dans le bureau du Commissaire des Indiens à Regina et dans différentes de ses agences, je demandai au Département de me transmettre, en même temps qu'une copie de tous les états fournis par le Commissaire, les pièces justificatives de dépenses, les chèques payés, etc. Depuis le 1er mai 1929, je reçois ces états mensuels et ces pièces justificatives et, leur vérification courante en est faite dans mon Bureau.

A la suite d'une inspection de l'agence de New Westminster (C.B.), j'adressai des recommandations au Département, et le précis de la correspondance échangée à ce sujet paraît page 233.

Comptes des fonds fiduciaires des Indiens

Un état sommaire des fonds fiduciaires des Indiens, préparé d'après les Comptes publics, paraît dans ce volume, page 154, et, dans le Volume II, sous forme de tableau, on trouve un sommaire des comptes des différentes tribus indiennes (partie I, pages 49 à 67).

Des renseignements sur le détail des revenus et des dépenses de chacune des tribus peuvent toujours être fournis par mon Bureau.

Fonds de prévoyance des employés de chemins de fer de l'Intercolonial et de l'Ile du Prince-Edouard

Aucun changement n'a été apporté à la gestion de ce Fonds depuis la publication de mon dernier rapport. La contribution du Gouvernement, et celle des employés, prévues par la "loi du Fonds de prévoyance", étant toujours insuffisantes pour faire face aux paiements annuels, il en résulta que, pendant l'année, les Chemins de fer nationaux du Canada furent obligés de verser une contribution supplémentaire de $437,031.93.

Les recettes et les déboursés de l'année paraissent à la page 169 de ce volume.

Fonds régimentaires de la milice et de la défense

La "loi des Fonds de Cantines au Canada", 1928 (18-19, Geo. V, Chapitre 14), autorisait de disposer de certains fonds de cantines détenus par le Receveur Général. D'après cette loi, une somme de $5,000 devait être retenue jusqu'au 1er avril 1930, pour payer les réclamations pouvant être dues, et qui seraient pré-

sentées contre l'une quelconque des unités ayant accumulé ces fonds, et le résidu, remis pour gestion, tel que prévu à l'article 6, alinéa (*e*) de la "loi des Fonds de Cantines" (15-16 Geo. V, Ch. 34), aux conseils d'administration des provinces ou du Territoire, nommés conformément aux dispositions de la dite loi.

Les $4,000 de bons de la Victoire mentionnés dans mon dernier rapport, page xc, comme détenus pour ce Fonds par le Ministère des Finances, furent vendus à raison de $102.50 pour cent dollars, y compris les intérêts courus, et le produit versé au crédit de ce compte.

Le 30 novembre 1928, sur le total de $129,690.31 au crédit du Fonds, $124,690.31 furent versés aux conseils d'administration des provinces, conformément aux dispositions de la loi, et tel qu'indiqué à l'état de ce compte paraissant à la page 153 de ce volume; $5,000 furent gardés en compte auxquels il faut ajouter $50 représentant les intérêts du 1er décembre 1928 au 31 mars 1929.

Fonds des terres d'écoles

Les états des fonds des terres d'écoles, pour chacune des trois provinces du Manitoba, de la Saskatchewan et de l'Alberta, paraissent à la page 156 de ce volume et se résument comme suit:—

Capital provenant de la vente des terres—	
En caisse le 1er avril 1928	$ 859,179 03
Recettes de l'année	1,836,244 21
	2,695,423 24

Loyers, droits de coupes de bois, etc	150,705 94
Intérêts sur obligations	1,505,250 00

Balance versée aux trésoriers provinciaux	2,209,884 14
Compte de placements—	
Dominion du Canada, obligations 5%, 1er avril 1929	28,964,000 00
Placements de l'année (voir ci-dessus)	1,993,000 00
Total au 31 mars 1929, paraissant à l'appendice "T" des "Comptes publics", dette consolidée	30,957,000 00

Sur la balance de Capital restant au fonds le 31 mars 1929, au début de 1929-30, $700,000 furent placés en obligations 5 pour 100 du Dominion du Canada.

Les intérêts des obligations et de l'encaisse sont administrés par le Ministère des Finances. D'autres encaissements sont faits par le Ministère de l'Intérieur qui, en 1928-29, perçut $2,645,302.42, sur lesquels les frais d'administration s'élevèrent à $131,680.01, soit 4.98 pour 100. En 1927-28 ce pourcentage avait été de 5.26.

ÉTATS DIVERS

Des états se rapportant aux différentes activités du Gouvernement paraissent dans ce volume, pages 175 à 207. On y trouvera, en plus de ceux déjà publiés l'année dernière, un nouvel état montrant les transactions relatives au "Projet de colonisation dans le Nouveau-Brunswick".

Mes remarques sur ces états paraissent ci-dessous, et dans différents chapitres de ce rapport.

Arriérés

Les arriérés dus le 31 mars 1929 au Gouvernement du Dominion paraissent sous forme de tableaux comparatifs aux pages 175 à 177 de ce volume, et, comme les années précédentes, sont classifiés en:—

Arriérés en général
Intérêts courus sur prêts et avances aux chemins de fer
Arriérés en capital, provenant des ventes de terres des Indiens.

Ces états, établis d'après les rapports qu'à ma demande me transmirent les différents Ministères, indiquent les sommes figurant dans leurs livres de compte, qui ne paraissent pas à l'actif du Bilan du Dominion.

Le Ministère du Revenu National ne m'a transmis aucun état d'arriérés pour taxes de vente, bénéfices commerciaux et impôts sur le revenu et je n'ai pu par suite les donner dans ce rapport. Bien qu'au cours de l'année il ait été recouvré une partie importante de ces arriérés, soit à la suite de poursuites judiciaires, soit par tout autre moyen, je crois cependant qu'ils s'élèvent encore à une somme considérable.

Comme une grande partie de ces arriérés sont dus depuis plusieurs années, j'ai demandé aux différents Ministères de me donner un relevé de ceux qu'ils considèrent entièrement irrécouvrables, pour que je puisse les transmettre au Ministère des Finances qui jugera, s'il ne serait pas opportun, d'obtenir du Parlement l'autorisation de les rayer des livres. Au nombre de ces arriérés je signalerai une somme de $22,743.55, paraissant dans les relevés des comptes des arpenteurs, qui reste due sur des avances consenties antérieurement à 1906, et est encore portée au crédit "Levés topographiques", Volume II, partie K, page 32.

Je mentionnai dans mon dernier rapport la réclamation du Secrétariat d'Etat contre le greffier de la justice de paix du comté d'York, Ontario, s'élevant à $19,362.50, et représentant les droits perçus par ce greffier, en vertu de la "Loi de Naturalisation" et dont la plus grande partie fut versée par lui au Trésorier provincial. En 1928, ce greffier ayant encaissé un montant additionnel de $2,595, le montant non versé au crédit du Receveur Général fut porté à $21,957.50. Ces arriérés n'ont pas été réglés, mais le 31 mars 1929, un arrêté en Conseil, basé sur le rapport du Commissaire chargé de faire une enquête à ce sujet, autorisait le payement au greffier de la justice de paix d'une allocation de $1,100 par an, de 1919 à 1927 inclusivement, pour l'aide temporaire nécessitée par le volume du travail résultant des demandes de naturalisation qui lui étaient faites. Par suite de ce paiement, la réclamation fut réduite à $12,057.50 au 31 mars 1929.

Arriérés en général.—Dans les états comparatifs de cette année, le montant des arriérés au 31 mars 1928, est de $10,163,174.39, bien que, dans mon dernier

rapport, il fut de $10,065,485.59. La différence provient de quelques ajustements de peu d'importance, faits par les Ministères relativement aux montants communiqués en 1927-28, et de ce que les montants suivants qui n'y étaient pas compris le sont cette année:—

Conseil des Recherches	$ 73,716 36
Elévateurs du Gouvernement canadien	2,751 70
Commission des grains	27,040 00

D'après les rapports que j'ai reçus le montant total des arriérés, au 31 mars 1929, était de $9,216,453.36, soit une diminution de $946,721.03, sur le 31 mars 1928. Au cours de l'année, les augmentations ou les diminutions les plus marquantes furent les suivantes:—

Ministères	Augmentation	Diminution
Intérieur—Domaine de l'Etat		$1,000,699 83
Intérieur—Pétrole et gaz naturels	$ 209,694 17	
Intérieur—Permis de coupes de bois		59,609 68
Intérieur—Grains de semences—Intérêts	32,981 43	
Marine et Pêcheries—Marine	34,222 95	
Marine et Pêcheries—Pêcheries	75,441 47	
Mines	88,765 31	
Pensions et Hygiène		101,391 96
Commerce—Avances		304,375 37
Commerce—Conseil des Recherches	78,462 16	

Les augmentations ou diminutions des arriérés du Ministère de l'Intérieur, sont dues aux mêmes causes qu'en 1927-28 (voir rapport de 1927-28, Vol. I, page xciii).

L'augmentation dans les arriérés de la Marine est due surtout à ce que les pièces justificatives de dépenses d'une avance de $25,000, faite au Dr Barnes, pour des travaux contre les embâcles dans le St-Laurent, n'ont pas été produites en fin d'année.

L'augmentation des arriérés des Pêcheries est due aux mêmes causes que l'année dernière, à savoir, la non-perception du produit de licences de pêche, en attendant la décision du Conseil Privé Impérial sur la constitutionnalité des articles de la "loi sur les Pêcheries" les autorisant. Au mois d'octobre 1929, le Conseil Privé Impérial rendait un jugement à l'effet que les dispositions des articles 7 et 18 de la "loi sur les Pêcheries", relatifs à ces licences, dépassaient les pouvoirs du Parlement du Canada. Il en résulte que tous les montants qui étaient à percevoir, en vertu de l'un de ces articles, ne peuvent plus être considérés comme arriérés.

La plus grande partie de l'augmentation de $88,765.31 des arriérés du Département des Mines, provient de la réclamation portée par le Gouvernement devant la Cour de l'Echiquier, pour une somme de $78,340.03, y compris les intérêts courus, due par la " Peat Fuel Limited ", de Montréal, pour l'exploitation de la tourbière d'Alfred, Ontario.

La diminution des arriérés du Ministère des Pensions et de l'Hygiène (ancien Ministère du Rétablissement des Soldats dans la vie civile) est due encore en partie à ce que du matériel fut viré des " Comptes à percevoir " aux comptes " Matériel ", et à l'encaissement par ce Ministère d'un plus grand nombre de ses comptes recouvrables.

Dans le Ministère du Commerce la diminution du montant des avances impayées provient d'un changement apporté dans la méthode de faire rapport sur ces avances, tandis que l'augmentation de ceux du Conseil des Recherches est due à de nouvelles avances pour des travaux de recherches scientifiques faits sous ses auspices.

Au cours de l'année, un montant de $80, balance impayée d'une avance consentie à un fonctionnaire des Pêcheries, fut rayé des livres, par arrêté en Conseil, bien que j'aie avisé le Ministère que le Parlement seul, à mon avis, pouvait annuler une dette due à la Couronne. A la page 239 de ce volume se trouve un précis de la correspondance échangée à ce sujet.

Intérêts courus sur prêts et avances aux chemins de fer, etc. D'après le Ministère des Finances, le montant des intérêts courus pendant l'année civile sur ces prêts et avances, et dont la plupart sont indiqués par ce Ministère comme valeurs inactives, se sont élevés à $38,999,709.98, soit une augmentation de $1,070,534.15, sur l'année précédente.

Arriérés de capital sur les ventes des terres des Indiens, fonds fiduciaires des Indiens. D'après le rapport du Département des Affaires Indiennes, le montant des arriérés de capital sur les ventes de terres des Indiens était de $1,422,530.71, au 31 mars 1929, soit une diminution de $211,776.09, sur ceux dus le 31 mars 1928. On ne m'a encore transmis aucun état des intérêts courus ou des arrérages de fermages des terres des Indiens.

Travaux publics—Bassins de radoub—Revenus et dépenses

A la page 195 de ce volume paraît un état comparatif des revenus et des dépenses de 1926-27, 1927-28 et 1928-29, des bassins de radoub et des cales de réparation appartenant au Gouvernement. Il ressort de cet état que les revenus de 1928-29 accusent une augmentation sur 1927-28 de $14,759.66 et les dépenses, une diminution de $3,968.23, faisant que l'excédent des dépenses sur les revenus qui, en 1927-28, était de $75,473.84, n'était plus, en 1928-29, que de $56,745.95.

Télégraphes—Ministère des Travaux publics—Revenus et dépenses

Un état comparatif des revenus et des dépenses des lignes télégraphiques et téléphoniques exploitées par le Gouvernement paraît à la page 195 de ce volume. Les revenus de l'année s'élevèrent à $300,662.27, soit une augmentation de $4,064.20 sur l'année précédente, et les dépenses qui furent de $723,579.18, accusent un fléchissement de $2,190.07 sur 1927-28.

Les augmentations et les diminutions des revenus et des dépenses des différents réseaux furent les suivantes:—

Réseaux	Revenus	Dépenses
Augmentations—		
Provinces Maritimes et Bas St-Laurent	$ 716 34	$ 12,898 99
Ile Pelée	.....	1,094 66
Saskatchewan et Alberta	8,319 34	4,543 64
District de l'Ile de Vancouver	7,211 00	
Yukon, y compris le Nord de la Colombie britannique	11,057 45	2,544 32
Total des augmentations	27,304 13	21,081 61
Diminutions—		
Réseau de l'Ile Pelée	16 80	
Continent, Colombie britannique	23,223 13	22,973 31
District de l'Ile de Vancouver	.....	89 49
En général	.....	208 88
Total des diminutions	23,239 93	23,271 68
Augmentation nette des revenus	4,064 20	
Diminution nette des dépenses	.....	2,190 07

La forte diminution constatée, tant dans les revenus que dans les dépenses du réseau continental de la Colombie britannique, provient de ce qu'un secteur important de ce réseau fut vendu pendant l'année à la Compagnie des téléphones de la Colombie britannique. La somme de $50,000 provenant de cette vente fut créditée au revenu casuel et n'est pas comprise dans les montants ci-dessus.

Câble du Pacifique

Un état des recettes et des déboursés de la Commission du Câble du Pacifique, pour l'année financière 1927-28, paraît à la page 207 de ce volume.

L'état de 1928-29 n'ayant pas encore été publié, je ne puis l'insérer dans mon rapport de cette année.

VÉRIFICATIONS SPÉCIALES

Mes examinateurs firent plusieurs inspections et vérifications spéciales, dont quelques-unes sur place et sous ma direction personnelle; les remarques auxquelles elles donnèrent lieu ont été transmises aux Ministères intéressés. Certaines de ces inspections spéciales qui eurent lieu, en plus de l'examen courant des revenus et des dépenses prévu par la loi du Revenu consolidé et de la Vérification, furent faites, ou en conformité de certaines directions statutaires, ou parce qu'elles furent jugées nécessaires.

Ci-après est une liste partielle de ces vérifications dont les plus importantes ont fourni matière à divers chapitres de ce rapport ainsi qu'aux suivants: Commission des grains; Commission des monuments sur les champs de bataille; Elévateurs du Gouvernement; Fonds patriotique canadien; Jubilé de diamant de la Confédération; Bureaux du Domaine et des Forêts, Edmonton et Winnipeg; Bureaux des parcs nationaux de Banff et de Jasper; Projets d'établissement impérial; Commission du district fédéral; Loi d'indemnisation des employés de l'Etat; Commission de secours d'Halifax; Construction du Chemin de fer de la baie d'Hudson; Bureau du commissaire des Indiens de Regina et de diverses agences d'Indiens; Commissaire des Indiens, Compte d'accroissement de production; Imprimeur du Roi, Compte d'avances; Pensions payées pour la Nouvelle-Zélande; Pensions de vieillesse, Saskatchewan et Colombie britannique; Fonds de garantie des Postes; Hôtel Royal des Monnaies; Avances pour grains de semences et secours; Chantier maritime de Sorel; Comptes du territoire du Yukon.

Vérification du fonds patriotique canadien

Conformément aux dispositions de la "loi du Fonds patriotique canadien" (5 Geo. V, Ch. 8, art. 10), la vérification des comptes de ce Fonds fut faite jusqu'au 31 mars 1929, et mon rapport à ce sujet fut adressé au trésorier honoraire du Fonds, le 24 juin 1929.

Au 31 mars 1929, le total au crédit du Fonds, y compris les placements en valeurs était de $1,558,702.94, contre $1,860,929.11 au 31 mars 1928. La diminution de $302,226.17 provient de la vente de valeurs qui fut nécessaire, les recettes de l'année ayant été inférieures aux déboursés.

Vérification des paiements de pension de la Nouvelle-Zélande

Les comptes des pensions payées en 1927-28 par le Ministère des Pensions et de l'Hygiène pour la Nouvelle-Zélande, à ceux des nationaux retraités de ce Dominion résidant au Canada ou aux Etats-Unis, ont été vérifiés et un état certifié envoyé à ce Ministère pour être transmis par lui au Commissaire des Pensions de la Nouvelle-Zélande.

Commission de secours d'Halifax

Conformément aux dispositions d'un arrêté en Conseil du 27 juin 1928 (C.P. 1119), je fis faire, au siège de la Commission de secours d'Halifax, une vérification de ses dépenses et de ses écritures, afin de présenter un rapport sur sa situation financière et l'état de sa comptabilité.

Une vérification des comptes de la Commission ayant déjà été faite en 1922, cette dernière inspection ne porta que sur ceux de ses comptes allant de juillet 1922 au 30 juin 1928.

Un rapport détaillé fut envoyé au Ministre des Finances pour, par lui, être transmis au Président de la Commission.

PENSIONS ET RETRAITES CIVILES ET MILITAIRES

L'état des recettes et des déboursés des retraites et des pensions civiles et militaires paraissant, page 196, permet la comparaison des balances au crédit des fonds de pension à la fin de cette année et de la précédente. Les recettes et les dépenses de l'année furent respectivement de $5,033,712.26 et de $43,491,573.38, soit sur 1927-28 des augmentations de $270,431.49 et de $1,806,468.90.

Je suis d'avis que les décisions prises relativement à certaines questions que firent ressortir la vérification des revenus et des dépenses, régie par la loi des Pensions, 1924, et celles mentionnées dans ce chapitre sont du nombre, pourront servir de guide si, à l'avenir, des questions similaires se présentent dans les Ministères.

Retenues n'étant pas faites sur la totalité du salaire.—Je mentionnai dans mes rapports précédents que bien que d'après la loi des Pensions, les indemnités compensatrices de vivres et de résidence fassent partie du traitement régulier, dans tous les Ministères leur valeur n'a pas été déterminée par un arrêté en Conseil comme le demande cette loi, et, par suite, les retenues sur les traitements des fonctionnaires ne sont pas toujours faites comme elles le devraient. Tel est le cas pour le Département des Affaires Indiennes et le Ministère de l'Agriculture, le premier faisant des retenues sur ces indemnités sans que leur montant ait été déterminé par arrêté en Conseil, le second n'en faisant aucune, dans le cas de la plupart de ses employés en recevant. Plus on différera à déterminer le montant de ces indemnités, plus élevés seront les arriérés et plus lourde la charge du contributaire devant les payer avant de pouvoir bénéficier de la retraite. Ces contributions non versées, qui sont déduites du traitement des autres contributaires, ne seront jamais encaissées dans le cas d'un fonction-

naire mourant dans le service sans laisser d'ayants-droit. Il en résulte que ce fonctionnaire reçoit un bénéfice virtuel, sans avoir versé les contributions correspondantes et que le Fonds de retraite a perdu, non seulement le montant impayé, mais de plus un montant égal représentant la part contributive du Gouvernement, basée sur les sommes versées. Pour ces motifs, il est à désirer que le montant de ces indemnités soit déterminé aussitôt que possible.

Non paiement de contribution au fonds de retraite.—En vérifiant les bordereaux de paie des Ministères des Affaires Extérieures et du Revenu National, il fut constaté que des retenues n'étaient pas effectuées sur les traitements de tous les fonctionnaires permanents du Bureau du Haut Commissaire à Londres, ni sur ceux des fonctionnaires des différentes légations, du Bureau consultatif du Canada à la Société des Nations et de l'Impôt sur le revenu. Je rappelai à ces Ministères que tous les fonctionnaires permanents recevant un traitement de $600, ou plus, étaient automatiquement soumis aux dispositions de la loi de retraite, et que la retenue statutaire de 5 pour cent devait être faite sur leur traitement. Ces retenues sont maintenant faites.

Fixation des traitements pour des fins de retraite.—Un Ministre de la Couronne peut nommer à titre temporaire un employé permanent du Service Civil, à l'une des positions de son Secrétariat, et pendant que cet employé occupe cette position il peut recevoir un traitement supérieur à celui qu'il touchait comme employé permanent, ou qu'il touchera lorsqu'il reprendra son ancienne situation. La question se posa de savoir sur lequel de ses traitements devaient se faire les retenues pour le fonds de pension. Les Ministères n'ayant pas une règle uniforme, la question fut soumise au Ministère des Finances, chargé de l'application de la loi, et il fut entendu que les retenues seraient faites sur le traitement réel du contributaire, qu'il soit temporaire ou permanent, et qu'à sa retraite il aurait droit à une pension calculée sur la même base. Tous ces employés versent maintenant des contributions calculées d'après le traitement qu'ils reçoivent.

Retenues cessant d'être faites avant la retraite.—Il est de pratique courante dans certains Ministères, aussitôt qu'un contributaire a décidé de prendre sa retraite, de ne plus faire de retenues sur le traitement qu'il a encore à toucher. Il n'en résulte aucune difficulté si le fonctionnaire prends volontairement sa retraite après plus de dix ans de service, car il a droit au remboursement de toutes ses contributions; par contre, si le fonctionnaire n'a pas été dix ans dans le service il n'a pas droit à ce remboursement et, quand un Ministère cesse de faire des retenues sur son traitement il lui rembourse en fait une partie de ses contributions. Il s'ensuit que le Fonds de retraite n'est crédité ni de la contribution du fonctionnaire, ni de celle du Gouvernement basée sur les versements des contributaires. Une lettre commune fut adressée à tous les Ministères pour leur rappeler qu'une retenue de 5 pour cent devait être faite sur le traitement de tous les employés ayant moins de trente-cinq ans de service.

Changement du statut permanent au statut temporaire, privant certaines contributaires du droit au remboursement de leurs contributions.—Des contributaires occupant des situations permanentes sont parfois nommées par la Commission du Service Civil comme temporaires à des situations d'un grade plus élevé, à la suite d'examens passés avec succès et après que leur démission a été acceptée par arrêté en Conseil. Parmi ces contributaires se trouvaient des employées ayant moins de dix ans de service, tel que défini par la loi de retraite, qui se marièrent, pendant qu'elles occupaient ces situations temporaires et pour lesquelles les Ministères demandèrent l'autorisation de rembourser leurs contributions. Ces employées ayant démissionné pour prendre une situation temporaire, et non pour se marier, je considérai, que d'après la loi, elles n'avaient pas droit au remboursement de leurs contributions, et la demande ne fut pas approuvée. La Commission du Service Civil fut avisée de l'effet de cette procédure relativement aux réclamations de remboursement de contributions auquel ces employées pensaient avoir droit.

Annuités versées aux enfants ne devant pas dépasser 50 pour cent de la retraite du contributaire.—A la suite du décès d'un contributaire veuf, une demande fut faite pour payer à ses quatre enfants, un montant total égal à 80 pour cent de la retraite à laquelle il aurait eu droit. Je m'objectai à cette demande, car suivant mon interprétation des dispositions de la Loi, dans le cas ou les père et mère sont décédés, l'annuité totale à verser aux enfants ne peut pas dépasser 50 p.c. du montant qu'aurait touché le contributaire. Le cas fut soumis au Ministère de la Justice, qui confirma mon interprétation de la loi, et la demande fut modifiée en conséquence.

APPLICATION DE LA LOI DU SERVICE CIVIL

Les questions suivantes concernant l'application de la loi du Service Civil, bien que mentionnées dans le précis de la correspondance échangée avec différents Ministères (pages 233 à 248), sont à mon avis, assez importantes, pour que je les signale tout particulièrement à l'attention de la Chambre des communes.

Objection à un rappel de traitement en faveur d'une employée dont la promotion fut postérieure à la date de sa démission. .. .. (page 236)
Paiement additionnel au traitement régulier d'un fonctionnaire permanent.. .. ..

employés n'y ayant pas droit, et comme il est difficile et même presque impossible que les congés du Service Civil soient régis par deux règlements différents, je communiquai à la Commission du Service Civil une copie de la correspondance que j'avais échangée avec le Ministère de la Justice, ajoutant qu'il était à désirer que des mesures soient prises pour remédier à cette situation. Cette question est actuellement à l'étude par la Commission du Service Civil qui a écrit une lettre commune à tous les Ministères pour se procurer de plus amples renseignements.

Traitement du mois, où un employé est décédé, non payable dans tous les cas.—Un arrêté en Conseil du 9 février 1875, autorisait de payer en totalité le salaire du mois durant lequel un fonctionnaire était décédé. Plusieurs Ministères, me demandèrent à différentes reprises, si cette autorisation pouvait s'appliquer dans le cas d'un fonctionnaire occupant une situation ne relevant pas de la Loi du Service Civil, et touchant le traitement équivalent à celui prévu par l'échelle des traitements en vigueur. Cette question fut soumise au Ministère de la Justice qui décida que ces employés ne pouvaient pas bénéficier de ce règlement.

APPLICATION DE LA LOI DU REVENU CONSOLIDÉ ET DE LA VÉRIFICATION

Dans l'Introduction de mon rapport de 1923-24 (page xli), je faisais remarquer certains articles de la loi du Revenu consolidé et de la Vérification, qui étaient d'une application difficile, ou qui par suite des méthodes différentes, en usage maintenant pour le déboursement des deniers publics n'étaient pas pleinement observées dans la forme prescrite.

Je veux signaler à nouveau ces articles et plus particulièrement l'article 49 (ancien article 50), la difficulté de se conformer à leurs dispositions ayant encore été pleinement démontrée à la fin de cette année financière, la plupart des Ministères ayant en main des comptes impayés s'élevant à un total important qui, pour différentes raisons, n'avaient pu être acquittés avant le 31 mars 1929, date après laquelle, suivant les dispositions de cet article, les crédits votés s'y rapportant n'étaient plus disponibles. Il ne fut pas non plus possible de payer à même les crédits de 1929-30 les comptes impayés de l'année précédente, le Parlement n'ayant à cette date voté qu'un douzième provisoire, somme à peine suffisante pour faire face aux dépenses courantes de 1929-30. Dans ces circonstances, le Ministère des Finances émit l'opinion, et je la partageai, que toutes les réclamations urgentes de 1928-29 devaient être payées à même les crédits de cette année. C'est ce qui fut fait, malgré l'irrégularité de ce procédé, qui s'imposait dans l'intérêt public. Comme, aussi longtemps que cet article de la loi n'aura pas été modifié, des situations semblables se reproduiront sûrement, afin d'éviter leur retour, je crois devoir insister sur la nécessité de modifier cet article de telle sorte qu'il prévoit à la fin d'une année financière un laps de temps raisonnable qui, par exemple, n'excéderait pas 30 jours, durant lesquels les crédits de l'année terminée resteraient disponibles pour le paiement des comptes impayés.

Les remarques faites dans mon rapport 1923-24, concernant les articles 35 et 37, sont encore d'actualité, et je suis toujours d'avis que la loi devrait être modifiée de façon à prévoir formellement divers paiements déjà signalés par moi, que des Ministères font à même leurs revenus, tels que les traitements de certaines classes de maître de poste, et autres paiements qui, bien que faits contrairement aux dispositions des articles susmentionnés, sont autorisés par d'autres lois ou sont faits conformément à une coutume établie parfois depuis longtemps et devenue de pratique courante.

En ce qui concerne les comptes de dépenses imputables sur le Fonds consolidé ou les crédits votés, qui doivent m'être produits comme le demandent les articles 47 et 50 (anciens articles 48 et 51), les fonctionnaires des Ministères responsables des sommes dépensées en vertu de chacun des crédits de la loi des Subsides, ou d'autres lois spéciales, en certifient de l'exactitude sur des formules uniformes établies d'après mes recommandations. Il s'ensuit que ces deux articles de la loi sont par suite mieux observés qu'auparavant.

BUREAU DE L'AUDITEUR GÉNÉRAL

Au mois de mars 1929 et 1928, le nombre des employés de mon Bureau fut respectivement de 200, dont 88 hommes et de 198, dont 81 hommes. Durant l'année le nombre moyen fut de 200 au lieu de 201 en 1927-28.

En 1928-29, le pourcentage des congés avec paye fut, en proportion du nombre total des journées de travail, de 5.45 p.c. au lieu de 3.85 en 1927-28, l'augmentation étant, en grande partie, occasionnée par l'épidémie de grippe du mois de décembre 1928.

Je tiens à faire remarquer que les congés, avec paye, pour cause de maladie furent d'environ 40 p.c. plus nombreux parmi les employés de mes bureaux du "Transportation Building" que parmi ceux du Bloc de l'Est. Ce fait tendrait à confirmer ce que je disais, dans mes rapports précédents, que cet édifice n'est pas aménagé dans des conditions sanitaires satisfaisantes pour y avoir des bureaux.

REMARQUES GÉNÉRALES

La lecture de ce rapport fait voir une tendance plus marquée vers une entente et une coopération plus étroite entre mon Bureau et les divers Ministères relativement à la vérification de leurs comptes. Cette tendance, plus apparente d'une année à l'autre, fut encore plus évidente en 1928-29; elle a d'heureux effets dans tous les services, et le grand intérêt, qu'au cours de la dernière session, la Chambre prit dans les questions mentionnées dans mon rapport de l'an dernier, ne pourra que lui donner une nouvelle impulsion à l'avenir.

Bien que l'Auditeur Général soit directement responsable au Parlement, et ait des devoirs nettement définis à remplir, au nombre desquels la loi du Revenu consolidé et de la Vérification prévoit celui d'assurer au nom du Parlement, un contrôle continu et permanent, il ne faut cependant pas oublier que, sauf en ce qui concerne les comptes de crédits, ses pouvoirs sont soumis à certaines limitations, relativement à diverses catégories de comptes, qui, d'après l'article 62 de la loi précitée, ne peuvent être "examinés et apurés" par lui que s'il en est requis. En vertu de cet article, l'Auditeur Général a déjà été requis de vérifier les comptes de revenus, les comptes matières et les comptes fiduciaires des Indiens.

Comme je le faisais remarquer dans mon rapport de 1924, les écritures comptables des émissions et des remboursements d'emprunts, ainsi que celles relatives aux autres comptes précédemment mentionnés, ne relèvent pas de ma juridiction. La seule directive qui m'ait été donnée en ce qui concerne la vérification de ces comptes est celle contenue dans un arrêté du Conseil du Trésor du 20 janvier 1925, rescindant deux arrêtés de ce Conseil passés en 1881 et 1910 qui requiéraient l'Auditeur Général de vérifier les comptes des Sous-receveurs généraux et les valeurs déposées dans les coffres du Trésor. Ce dernier arrêté ne m'autorise qu'à faire la vérification des obligations transférées ou échangées de

la même manière que je dois faire celle des obligations rachetées, comme le demande l'article 18, paragraphe 2, de la loi du Revenu consolidé et de la Vérification. Il en résulte que, quant à la comptabilité des emprunts, en plus de la vérification des obligations annulées déjà mentionnée, je ne puis que noter les montants des ventes d'obligations et des paiements aux banques par l'intermédiaire desquelles le rachat des obligations échues fut effectué.

Tous les Ministères me communiquent des relevés mensuels des congés accordés à ceux de leurs employés d'Ottawa, mais comme tous ces congés ne sont pas accordés d'après une règle uniforme, il ne m'est pas possible d'en donner, par Ministère, un état comparatif complet. Ces relevés me permettent néanmoins de constater que les congés accordés n'excèdent pas ceux prévus par la loi ou les règlements du Service Civil.

Depuis ma nomination, en 1924, je me suis efforcé de faciliter à mes employés la référence aux lois, arrêtés en Conseil, minutes du Conseil du Trésor, décisions du Ministère de la Justice, règlements ministériels et autres, de telle façon que les renseignements nécessaires à la vérification et au contrôle administratif et légal des revenus et des dépenses du Dominion soit d'un accès facile et prompt, ces facilités manquant auparavant. Si, jusqu'à l'an dernier, les progrès effectués dans cette direction furent lents, depuis, ils ont été très marqués, le travail préparatoire à la publication d'un "Manuel d'Instructions" pour l'usage de mon personnel d'examinateurs étant déjà assez avancé, de même qu'une partie du manuscrit. Ce Manuel, qui sera un guide et un *vade mecum,* par l'économie de temps qu'il permettra de réaliser, sera d'une grande utilité pour mes examinateurs et sans doute aussi pour les fonctionnaires des différents Ministères, car il renfermera un sommaire des lois, règlements, etc., se rapportant à l'examen des comptes du Gouvernement ainsi que des instructions sur la procédure à suivre pour la vérification dont il augmentera ainsi l'efficacité. Plusieurs années sont nécessaires pour préparer un tel ouvrage, mais mes chefs examinateurs à qui j'en ai confié la rédaction, comme aussi tous ceux des employés de mon Bureau coopérant à ce travail y ont pris un tel intérêt, qu'il sera peut-être terminé à la fin de l'année prochaine.

En plus des conditions peu satisfaisantes de mes bureaux, il est d'autres facteurs, plus particulièrement mentionnés dans mes rapports de 1924 et 1925 (pages xli et xlv), qui contribuent à retarder, sinon à paralyser tout au moins en partie, mes efforts pour augmenter et généraliser davantage la vérification et rendre ainsi plus efficace le travail de mon Bureau. Parmi les facteurs divers et d'une importance primordiale, déjà mentionnés à plusieurs reprises, sont les difficultés que j'éprouve à me procurer un plus grand nombre d'employés de haute compétence, ayant les qualifications, l'entraînement et l'expérience voulue comme vérificateurs. Je dois insister à nouveau, à ce sujet, sur la nécessité de m'accorder plus de confiance et me laisser plus de latitude dans le choix du personnel qui doit m'aider dans l'accomplissement de mes devoirs, tels qu'ils sont mentionnés dans la loi du Revenu consolidé et de la Vérification.

Tant que je n'aurai pas un plus grand nombre de ces vérificateurs, je ne pourrai pas augmenter notablement les vérifications dans les Ministères mêmes, bien que, des travaux de mon Bureau qui augmentent sans cesse par suite du grand développement du pays, ces vérifications soient de celles que je considère essentielles et d'une importance capitale. Les remarques ci-dessus n'impliquent en aucune façon la compétence et le zèle de mon personnel actuel, dont je me plais à reconnaître la loyauté et l'aide consciencieuse qu'il ne cesse de me donner.

†Ce montant représente des débits aux "Comptes spéciaux"; il n'est pas compris dans les dépenses paraissant au Sommaire du Ministère, page 95.

EXPLANATION OF GRANTS NOT USED—*a* Margin of safety. *b* The publicity campaign was not as heavy as anticipated, nor the requirements of the Immigration Societies up to expectations. *c* Under the terms of agreement with the British Government, this Department is required to pay accounts for transportation in full and later obtain refund of portion due, thus requiring an appropriation considerably larger than the ultimate net expenditure.

REMARQUES SUR LES CRÉDITS NON EMPLOYÉS—*a* Marge en cas d'imprévu. *b* Les dépenses de la campagne de publicité furent moins élevée que prévues ainsi que celles pour venir en aide aux Sociétés d'immigration. *c* Conformément aux termes de la convention conclue avec le Gouvernement britannique, ce Ministère est tenu de payer en totalité les frais de traversée, et comme la portion de ces frais lui revenant ne lui est remboursée que plus tard, il doit demander des crédits considérablement supérieurs au montant net définitif de ses déboursés.

EXPLANATION OF GRANTS NOT USED—*a* Employees at high salaries dropping out, and succeeded by others at minimum rates, and in some cases positions have not been refilled. *b* Work not proceeded with. *c* Work did not progress as rapidly as anticipated when the Estimates were prepared; in a number of cases the certified accounts were not passed for payment until after the close of the year. *d* Work was continued from the preceding year, and at the time of the preparation of the Estimates in Nov. and Dec. for this year, the work was progressing slowly indicating that but a small amount would be paid in 1927–28; however the work speeded up in the later months with the result that a further amount was paid in that year and a lesser one than that estimated for 1928–29. *e* During the course of execution of the works it was found that a less expensive plan of construction would serve the purpose. *f* Unable to foresee more exactly all the contingencies that might arise. *g* Changes in the plans of the C. N. Rwys. rendered the site in view for Postal terminal building unsuitable; in the meantime special equipment was installed in the present rented building which will be transferred to the permanent building to be erected on a new site to be determined upon. *h* This wharf was formerly the property of the Govt. of N.B., and through a misunderstanding the work of repairs was undertaken by that Govt. under a different and cheaper plan than contemplated. Under agreement the work was continued to completion by the Province which was reimbursed of the cost. *i* All timber used was furnished free of charge by the Pefapscott Paper Company, thus reducing the cost of the work.

REMARQUES SUR LES CRÉDITS NON EMPLOYÉS—*a* A la suite de démissions ou de mises à la retraite, des fonctionnaires retirant le traitement maximum de leur classe furent remplacés par d'autres titulaires ne recevant que le salaire minimum afférant à leur classe, et dans certains cas, les situations restèrent vacantes. *b* Les travaux ne furent pas exécutés. *c* Les travaux ne progressèrent pas comme il était prévu lors de la préparation du budget, et plusieurs comptes approuvés furent présentés trop tard pour être payés avant la fin de l'année financière. *d* En novembre et décembre 1927, époque où fut établi le budget de 1928–29, les travaux avançant lentement, il parut qu'une faible partie seulement du crédit de 1927–28 serait employée et que, par suite, la somme à prévoir pour 1928–29 devrait être plus élevée, mais contrairement à ces prévisions, les travaux furent poussés activement au cours de l'hiver et absorbèrent la presque totalité du crédit de l'année réduisant ainsi la somme nécessaire pour leur continuation en 1928–29. *e* Au cours des travaux il fut constaté qu'un genre de construction plus économique remplirait les conditions requises. *f* Impossibilité de prévoir plus exactement les éventualités. *g* L'emplacement choisi pour le terminus des Postes ne convenant plus par suite des modifications que le Chemin de Fer Canadien National, apporta dans ses projets, du matériel dut être installé temporairement dans un immeuble loué, en attendant d'être transporté dans le Terminus qui sera construit sur un emplacement à choisir. *h* Le quai appartenait autrefois au Gouvernement du Nouveau-Brunswick qui, par suite d'un malentendu, en entreprit les réparations, d'après une méthode différente et moins coûteuse que celle prévue par le Gouvernement fédéral; après entente entre les deux gouvernements, les travaux furent continués par la province qui fut ensuite remboursée des sommes avancées par elle. *i* Le bois de construction ayant été fourni gratuitement par la "Pefapscott Paper Company", le coût des travaux se trouva par suite moindre que les prévisions.

NOTES—

a Disbursements are charged and contributions credited directly to Consolidated Revenue Fund. Disbursements are greatly in excess of contributions chiefly for the reason that this is the oldest Superannuation Fund, having been superseded in 1893 by Fund No. 2. Most of those who were still contributing in 1924 transferred to Fund No. 5. *b* Treated as an open account. Receipts for this Fund include $112,507.73 charged to Interest on Public Debt. *c* This is covered by a vote in the Supply Bill each year. No contributions were made by the employees retired under the Order in Council. *d* No contributions were received under this Act. Payments thereunder are charged directly to Consolidated Revenue Fund. *e* Treated as an open account. Receipts for this Fund include: $1,681,700.44 as the Government's contribution; $824,702.48 Interest on balance in Fund charged to Interest on Public Debt; and $18,673.67 transferred from Retirement Fund. *f* Statutory; no contributions. *g* No contributions: covered by Votes in the Supply Bill with the exception of $15,603.37 which is statutory. *h* Contributions credited directly to Consolidated Revenue Fund. Of the disbursements, $146,915.01 is authorized by statute and the remainder is charged to Votes under the Supply Bill. *i* Covered by Vote in the Supply Bill. *j* Disbursements are charged and contributions credited directly to Consolidated Revenue Fund.

REMARQUES—

a Les déboursés sont débités et les recettes créditées directement au Fonds du Revenu consolidé. Les déboursés dépassent considérablement les recettes, surtout du fait que ce fonds de pension est le plus ancien, ayant été remplacé en 1893 par le Fonds No. 2. En 1924, la plupart de ceux qui y contribuaient encore furent transférés au Fonds No. 5. *b* Considéré comme un compte spécial. Les recettes du Fonds No. 2 comprennent une somme de $112,507.73, chargée au compte d'intérêts de la dette publique. *c* Ce montant est couvert chaque année par un crédit dans le Bill des Subsides. Aucune contribution n'a été versée par les employés ayant pris leur retraite en vertu de l'arrêté en Conseil. *d* Aucune contribution n'a été perçue en vertu de cette Loi. Les paiements sont imputés directement sur le Fonds du Revenu consolidé. *e* Considéré comme un compte spécial. Les recettes de ce Fonds comprennent: quote-part de l'Etat, $1,681,700.44; intérêts sur la balance du fonds imputable sur la dette publique, $824,702.48; virements du fonds de retraite, $18,673.67. *f* Statutaire. Il n'est perçu aucune contribution. *g* Il n'est perçu aucune contribution, un crédit du Bill des Subsides y pourvoyant, sauf pour une somme de $15,603.37 qui est statutaire. *h* Contributions créditées au Fonds du Revenu consolidé. Sur les déboursés, $146,915.01 sont autorisés par la Loi, la balance étant imputée sur des crédits du Bill des Subsides. *i* Couvert par un crédit du Bill des Subsides. *j* Les déboursés sont débités et les recettes créditées directement au Fonds du Revenu consolidé.

TREASURY BOARD CORRESPONDENCE

Insurance on Government Property

AUDIT OFFICE, September 26th, 1929.

DEAR SIR,—With reference to Order in Council of July 5th, 1881, governing insurance of Government property in the Dominion, which directs that as a matter of wise economy the Government should underwrite its own risks in regard to property in the Dominion belonging to the Crown, I have received a communication from the Department of External Affairs in which the Deputy Minister points out, in answer to my objection to insurance effected on Government property at the various legations, that in his opinion the Order in Council in question is not applicable to the property of the Crown at these legations. In support of his attitude on this matter he calls attention to the fact that in 1881 when the Order was passed there were no legations in foreign countries and that there are special considerations which apply in the case of activities abroad which were not then apparent.

I shall be glad if you will let me know if the Treasury Board agrees with the Department's attitude in this matter so that I may be in a position to pass insurance premium payments sent me for audit without further objection.

Yours truly,

(Signed) GEO. GONTHIER, *A.G.*

The Secretary of the Treasury Board.

TREASURY BOARD, November 28th, 1929.

DEAR SIR,—The Treasury Board have had under consideration your submission of the 26th of September last, concerning insurance on Government property at the various legations abroad.

The Board are of opinion that the principle laid down in Order in Council of July 5, 1881, as amended by Order in Council of June 16th, 1927, should be adhered to, and that no insurance should be effected on Government property wherever situated, but that articles in the Legations which are not the property of the Government may be insured, and premiums paid without violation of the Regulations above referred to.

Yours truly,

(Signed) J. C. SAUNDERS, *Secretary.*

The Auditor General.

CORRESPONDANCE ÉCHANGÉE AVEC LE CONSEIL DU TRÉSOR

Assurance des propriétés du Gouvernement

BUREAU DE L'AUDITEUR GÉNÉRAL, 26 septembre 1929.

CHER MONSIEUR,—En me basant sur l'arrêté en Conseil du 5 juillet 1881, concernant l'assurance des propriétés du Gouvernement dans le Dominion, et stipulant que par mesure d'économie le Gouvernement doit être l'assureur des propriétés de la Couronne, je m'étais objecté à ce que ces propriétés dans différentes légations soient autrement assurées. Dans sa réponse, le Sous-ministre des Affaires Extérieures me faisait observer, qu'à son avis, cet arrêté ne s'appliquait pas aux propriétés des différentes légations, et, se basant sur ce qu'en 1881, date où fut passé l'arrêté en Consil, il n'existait pas encore de légations, il objectait qu'il fallait tenir compte actuellement de certaines conditions relatives aux activités du Gouvernement à l'étranger, qui alors n'existaient pas.

Je vous demanderai de vouloir bien me faire connaître si le Conseil du Trésor partage la façon de voir du Ministère, afin que je ne m'objecte plus au paiement des primes qui m'ont été transmises pour vérification.

Votre dévoué,

(Signé) GEO. GONTHIER, *A.G.*

Le Secrétaire du Conseil du Trésor.

CONSEIL DU TRÉSOR, 28 novembre 1929.

CHER MONSIEUR,—Le Conseil du Trésor a examiné la question que vous lui soumettiez dans votre lettre du 26 septembre dernier, relativement à des propriétés du Gouvernement dans les différentes légations.

Le Conseil est d'avis que le principe établi par l'arrêté en Conseil du 5 juillet 1881, modifié par celui du 16 juin 1927, doit être appliqué, et aucune des propriétés du Gouvernement, en quelque lieu qu'elles soient situées ne doivent être assurées. Toutefois, dans les légations les objets n'appartenant pas au Gouvernement peuvent être assurés et les primes payées, sans contrevenir aux règlements posés ci-dessus.

Votre dévoué,

(Signé) J. C. SAUNDERS, *Secrétaire.*

L'Auditeur Général.

PRECIS OF CORRESPONDENCE

The following is a precis of the correspondence between the Auditor General and the various departments with regard to observations and objections made in the course of the audit of the accounts for 1928-29.

DEPARTMENT OF AGRICULTURE

Order in Council Required for Payment of a Grant

Application was made by the Department of Agriculture for the issue of a cheque for $20,000 in favour of the Canadian National Live Stock Records, as a grant under Vote No. 44 "Live Stock, including grants to exhibitions, feeder shows, etc." I declined to pass the department's application on the grounds that, as a matter of Treasury control, the payment of a grant, the detailed expenditure of which does not come under my audit, should be approved by the Governor in Council. This approval having been obtained, I subsequently passed the application and the cheque was issued.

ARCHIVES

Cheques Issued in Excess of Appropriation

On April 20, 1929, the Department of Public Archives made application for the issue of a letter-of-credit for $5,823.22 to cover salary cheques drawn in excess of the appropriations for 1928-29. As the cheques had already been issued I recommended that this credit be granted, notwithstanding the provisions of section 40 (6) of the Consolidated Revenue and Audit Act, in order to cover the overdraft at the bank. At the same time I drew the deputy minister's attention to the irregularity and was assured by him that overdrafts would not occur again.

CIVIL SERVICE COMMISSION

Objection to payment of Arrears of Salary to Clerk promoted after Resignation became Effective

A permanent Clerk Grade 2, employed in the Civil Service Commission, resigned her position in July, 1928, her resignation being accepted as from September 12, when her retiring leave expired. On November 5 an Order in Council was passed reclassifying the position as Clerk Grade 3, with effect from April 1, 1928, and the Civil Service Commission issued a certificate for her promotion from that date.

I questioned the payment of salary arrears from April 1 to September 12, on the ground that, as this clerk's connection with the service had ended on September 12, she was not in the service when the instruments authorizing the reclassification and promotion were issued and that, consequently, she was ineligible for promotion.

On a reference of the question to the Deputy Minister of Justice he expressed the opinion that there were no legal objections to the payment of the arrears claimed. In view of that opinion and also as the change in classification had been approved by the Treasury Board, the paylist was certified for payment.

DEPARTMENT OF INDIAN AFFAIRS

Revenue collected at New Westminster Agency transferred to the Department at Irregular Periods

Following an inspection at the above agency I submitted to the department, *inter alia*, recommendations for (1) the transmitting of revenue returns to the department at regular intervals and (2) a closer attention being paid to the Treasury Board direction of May 23, 1890, with regard to the transference to Ottawa, for the credit of the Receiver General, of moneys which had been retained in the agent's trust account. In reply the department stated (1) that the agent had been instructed to forward the desired revenue returns and (2) that he forwards his collections to the department "with the least possible delay".

DEPARTMENT OF JUSTICE

Reduction in Rate of Premiums paid on Guarantee Bonds

The attention of the Deputy Minister of Justice was called to the rate of forty cents per hundred dollars paid as premiums on guarantee bonds covering penitentiary officers, whereas the general rate paid by other departments is twenty-five cents per hundred. I was informed that the bonding company had agreed to a reduction in the cost of the bonds to the twenty-five cent rate, effective from January 1, 1929.

LEGISLATION—HOUSE OF COMMONS

Employment of a Stenographer in More than One Position

A sessional stenographer employed in the House of Commons during the last Session at a salary rate of $5 a day acted as Secretary to the Deputy Speaker at a salary of $600 per annum and was also paid from appropriations other than votes applicable to House of Commons employees during certain periods, thus involving duplicate payments covering the same periods of service.

I was informed that part of these services was rendered during her annual statutory leave but it is a recognized principle that an employee can receive only one full time salary for a given period.

Payment to Permanent Official in Addition to his Regular Salary

A permanent official of the House of Commons was paid an amount of $201 for reporting and transcribing evidence taken at an investigation held by the Sergeant-at-Arms.

An explanation of this payment was requested, as under Section 17 of the Civil Service Act no payments in addition to his regular salary may be made to any permanent employee unless specially provided by Parliament. In reply I was informed that this official's services had been made use of as a matter of economy, as otherwise an official stenographer would have had to be procured from Montreal or Toronto. This practice, it was stated, has always been followed and has the approbation of the Commission of Internal Economy.

DEPARTMENT OF MARINE AND FISHERIES

Accounts not paid during the Year in which the Expenditure was incurred

During the year four payments amounting to $214.63 were made of express charges incurred in November and December, 1927, and January, 1928. On my inquiring why these accounts were not paid from the appropriation for the year in which they were incurred I was informed by the Department that " as there was sufficient money in the various appropriations for 1927-28 to pay the items mentioned in the vouchers, the latter must have been put aside for some reason, and were discovered too late to be paid out of the vote for 1927-28." I accepted this explanation.

Appointment of Wharfinger

Upon the receipt of an application for a cheque in favour of J. A. McDougall, for his services as Wharfinger at Fort Resolution, I directed the attention of the department to the fact that, as this employee was already paid a salary by the Department of the Interior as a District Agent, his appointment as wharfinger should be approved by the Governor in Council. An Order in Council authorizing this appointment was subsequently obtained, whereupon I passed the application.

Authority of Governor in Council not obtained for certain large Purchases of Coal

The authority of the Governor in Council was obtained for the purchase of approximately 2,000 tons of steam coal for a sum not exceeding $16,500, and also for the purchase of the department's coal requirements at Quebec at $6.78 per ton. In addition purchases not thus authorized were made for coal for use, apparently, at Sorel or in connection with the Ship Channel.

I directed the attention of the department to the evident lack of uniformity as to the authorization for coal purchases and asked why authority had not been obtained from the Governor in Council for the last mentioned purchases. The department replied that it was not the practice to obtain such authority for bunker requirements at any port from which their vessels operate unless a contract is entered into for a specific quantity at a stated price involving an expenditure of $5,000 or over.

Disposal of Proceeds of sale of Pilot Boats

The Governor in Council authorized loans to the pilots of Halifax and St. John Districts to amounts not exceeding $28,000 and $20,000 respectively, for the building and equipment of two pilot boats.

The old pilot boats, which the new ones replaced, were sold, the boat in use at Halifax realizing $3,397.27 and that at St. John $3,026.

As the Department claims that the old boats had been fully paid for and were, accordingly, the property of the pilot corporations, the amounts realized from their sale were applied towards the construction and equipment of the new boats, the amounts of the loans not being sufficient to pay the total cost; the vouchers, however, were not submitted for my examination.

The Department, of course, has an interest in the new boats to the extent of the loans to the pilots, which are being repaid by annual instalments

Contract for Building Launch not awarded under Public Tender

An Order in Council of June 9, 1928 (P.C. 988), authorized the department to enter into a contract with the Richelieu Engineering Company of Sorel for the building of a launch for the C.G.S. *Bellechasse,* at a cost of $6,850. I asked the department if tenders had been invited by public advertisement in accordance with section 36 of the Public Works Act.

I was informed that negotiations had been carried on with the company since 1927, that the price submitted was considered fair and reasonable, and that, as the matter was pressing, the contract was awarded under section 36 (a) of the Act, which permits contracts to be entered into without calling for public tenders in cases where the execution of the work is " of pressing emergency in which delay would be injurious to the public interest." In view of this explanation, no further objection was made.

Contract for Repairs to Hopper Barge not awarded under Public Tender

Payments amounting to $6,490 were made to the Davie Shipbuilding and Repairing Company for repairs to Hopper Barge *No. 3.* The department was asked if tenders had been invited for this work and, in that case, if the contract had been awarded to the lowest tenderer, with the approval of the Governor in Council, as required by statute.

The Department replied that tenders had not been invited as the repairs were of an urgent character and the Davie Company was the only firm in Levis in a position to do the work. The price quoted was considered by the department as fair and just and was approved by the Chairman of the Board of Steamboat Inspection. It was further stated that the approval of the Governor in Council had not been asked, as the repairs in question, although covered by one warrant, consisted of separate jobs, none of which exceeded $5,000.

Ice Remedial Work in the St. Lawrence

The Department under the authority of an Order in Council (P.C. 35) of January 11, 1929, entered into a contract with Dr. H. T. Barnes for keeping the St. Lawrence River open in the winter between Montreal and Sorel, at a cost not to exceed $60,000.

I directed the attention of the department to the absence of certified vouchers in support of a considerable part of the expenditure, who, in reply, stated that Dr. Barnes could furnish the necessary vouchers for most of the items of expenditure and is being requested to do so..

As neither the Order in Council, authorizing the expenditure, nor the agreement specifies the amount of his remuneration, I asked to be informed of the authority under which the department paid the contractor for two and one-half months at $1,000 per month, and in addition $3,023.59 as " net profit."

The department claimed that Dr. Barnes agreed to perform the work for $60,000, the words " not in excess of $60,000" being inserted in the agreement to preclude extra charges, and that accordingly he was entitled to a total payment of approximately $5,523.59, being the unexpended balance of $60,000. I did not agree with this contention.

The point raised was referred to the Department of Justice by the Marine Department, and the opinion has been obtained that if it was the intention of the Government that Dr. Barnes should be paid a lump sum of $60,000 for

services performed and for labour, materials and equipment, an amending Order in Council should be sought, specifically authorizing payment to Dr. Barnes of the difference between the cost of the work and the sum of $60,000. This matter is still under considération by the Department.

Overdraft of Amount authorized by Letter of Credit

After the close of the fiscal year an application was received from this department for a letter of credit for $150,000 to cover cheques drawn in the year 1928-29 but not released until April 3, when all adjustments, transfers and refunds of advances had been accounted for.

I called the attention of the department to subsection 3 of section 49 of the Consolidated Revenue and Audit Act and stated that as the unexpended balances of the appropriations lapsed automatically with the close of the fiscal year on March 31, it was a question whether cheques written before that date, in excess of existing letters of credit, might be issued after the year was closed. I further stated, however, that, as the cheques had actually been issued, and in order to cover the over-draft at the bank, I would recommend the issue of a credit, but only for the exact amount of cheques issued in excess of the credits previously established. In reply, the department submitted an application for a credit for such amount and stated that instructions had been issued to the disbursing officers to keep in future the issue of cheques within the limit of the credits established.

Payment of Subsidy to Canadian Marconi Company

In April, 1911, a twenty-year contract was entered into between the Canadian Marconi Company and the Dominion Government for the operation of wireless stations, under which the Company was to receive, until April, 1921, an average subsidy of $2,973.33 per annum for each station, and thereafter on a declining scale with an annual decrease in the subsidy of ten per cent until the expiration of the contract on April, 1931.

Under the authority of an Order in Council of August 31, 1921, the terms of the original contract were modified by increasing the annual subsidy to $5,500 per station for the five years ending March 31, 1926. At the expiration of this five year period the original contract would have become operative, but a further Order in Council of February 17, 1927, authorized the department to enter into a new agreement providing for payments as follow:—

(1) The payment of a subsidy of $7,640, in respect of each station operated, for each of the two years ending March 31, 1927, and March 31, 1928, respectively.

(2) The payment for each succeeding year until April 4, 1931, of a subsidy not exceeding the gross cost of operation of each station for the preceding year with ten per cent added, less the amount of revenue accruing to the company during the same period; the exact figure to be established by the Minister after an audit of books of the Company by a Chartered Accountant.

The new contract was entered into on March 19, 1927, but the second of the above clauses was not embodied therein, section 7 of the new contract reading:—

> " This agreement shall be effective for the period of two years ending March 31, 1928, and from and after that date the original agreements shall be in full force and effect, and the payments of subsidies shall, therefore, be in accordance with the provisions thereof, as if this contract had not existed....."

On receipt of an application from the department, in December, 1928, for a payment of $25,650 to the Canadian Marconi Company, as progress payment on subsidies for the months of July, August and September, I pointed out that the proposed payment, and also a similar payment for April, May and June which had been made through the department's letter of credit, were based on the subsidies authorized for the years 1926-27 and 1927-28, instead of on the terms of the original contract as called for by section 7 of the contract of March 19, 1927, quoted above.

I was subsequently advised of a further agreement being entered into on February 23, 1929, which embodied the provision of the second clause of the Order in Council of February 17, 1927, as above, by providing for the payment of an annual subsidy of $7,264.44, in respect of each station operated, whereupon the application for $25,650 already received and a further one, dated March 1, 1929, for $57,666.60 were approved, making a total payment for fifteen stations of $108,966.60 to the Company as subsidy for 1928-29.

Radiotelegraph Stations in Hudson Strait

Under the authority of the Governor General in Council the Department entered into contracts with A. S. MacMillan for the material and labour necessary for the installation of radiotelegraph stations at Resolution Island and Cape Hopes Advance in the Hudson Strait and at Port Churchill, the total amount involved being $46,832.70.

In the audit of the payments made under these contracts I found it necessary to call the Department's attention to the absence, in certain instances, of the certificate called for by the Consolidated Revenue and Audit Act and was informed that the contractor has been asked to furnish all necessary certificates and other information in support of the payments in question, but I have not yet received the information and the proofs of payments which I asked for.

Ruling of the Department of Justice *re* Gratuities to Relatives of Deceased Officers or Members of the Crew of a Government Vessel

On my communicating to the department the opinion of the Deputy Minister of Justice, recorded in my report for 1928 (Vol. 1, page 220), to the effect that section 57 of the Civil Service Act did not apply in cases where the deceased official was an officer or member of the crew of a government vessel, the department contended that such payments were permissible under Treasury Board regulations of February 1, 1868, and December 26, 1887, and applied to the Justice Department for an opinion on this view of the question.

The Deputy Minister of Justice stated that he was of opinion that, as regards positions to which the Civil Service Act does not apply, it is competent to the Governor in Council to authorize payment of such gratuity, provided an appropriation of Parliament is available for the purpose.

A later opinion by the Department of Justice on this question is to the effect that the Governor in Council may competently authorize payment of such gratuity out of the balance of funds in the appropriation from which the salary of the deceased had been paid. Following this last opinion no objection will be taken in future to similar payments.

Uncollectible Balance of Advance to an Official written off without Authority of Parliament

The Department was authorized by Order in Council of March 13, 1929, (P.C. 23/436) to write off an amount of $80, being the outstanding balance of an advance of $100 made in 1924 to an official of the Fisheries outside service.

Although I called the attention of the department to the fact that I understand that power to remit debts due the Crown rests with Parliament, the department, in a statement submitted to me of balances outstanding on March 31, 1929, showed this amount as having been written off in the course of the year. Notwithstanding this I have shown this amount in Volume II of this report, Part O, as still outstanding.

DEPARTMENT OF NATIONAL DEFENCE

Living Allowance paid to a Cordite Inspector without authorization by Council

A cordite inspector at the plant of the Canadian Explosive Co., Beloeil, P.Q., was paid a living allowance of $25 a month in addition to his annual salary of $1,800. As his employment there was continuous, I asked why he was given this allowance and if the authority of the Governor in Council had been obtained for its payment.

The department replied that under the terms of his assignment to these duties he was entitled to receive actual living expenses up to a limit of $25 a month, for which he was required to furnish vouchers, and further stated that, with the concurrence of the Department of Labour, the salary had been increased to $1,920, effective from July 1, 1929, and that his permanent transfer to Beloeil, without living allowance, was contemplated.

In view of this explanation I made no further objection.

Officers in Receipt of Both Pension and Military Pay

Two officers on the Headquarters Staff were retired, as from March 1, 1928, and granted European War Pensions, their disabilities being rated at 70 and 100 per cent respectively. Subsequently both were re-appointed with no loss of pay or allowances, their status being fully restored as from March 2, 1928, with the result that each now receives the pension awarded as well as the pay and allowances of his rank.

On my questioning this procedure the Department informed me that these officers were either members of the Permanent Force prior to the war or had been appointed thereto during the war and had incurred permanent disabilities while on Active Service. On demobilization they were struck off the strength of the Canadian Expeditionary Force and automatically resumed their status in the Permanent Force. The Board of Pension Commissioners, while admitting that the disabilities were of a pensionable nature, considered that being struck off the strength of the Expeditionary Force did not amount to a discharge or retirement within the meaning of the Pension Act, and that they were ineligible for pension until they were retired or discharged from the Permanent Force.

As the department desiring to place these officers in a similar position to civil servants who had been members of the Expeditionary Forces and who are now in receipt of war pensions in addition to their salaries, they were retired, under

date of March 1, 1928, and so became technically eligible to be granted pensions which were not forfeited by their subsequent re-appointment to their former positions.

On receipt of this explanation I inquired if, in re-appointing officers with 70 or 100 per cent disabilities, consideration had been given to that section of the King's Regulations which directs that "Commanding Officers will report the names of officers belonging to their corps who are medically unfit for service," to which the Deputy Minister replied that, as the granting of commissions is at the Royal pleasure, he was of opinion that the re-appointment of these officers was, under the circumstances, quite in order.

Payment of Seigniorial dues on Valcartier Camp Lands

I requested an explanation of a payment of $10,000 from Vote 369, Adjustment of War Claims, to the government of the Province of Quebec for Seigniorial dues on Valcartier Camp lands. I was informed that on acquiring the lands the department was to have included in the amount paid each individual owner a sum equal to the arrears of Seigniorial dues then accrued together with an amount equal to the capitalized value of future dues. This procedure, however, was not followed when the transaction took place, there being paid to the individual owners only the amount decided upon as compensation for the property itself, with the result that these dues remained an encumbrance upon the lands. In order to relieve the property of this encumbrance it was necessary to make this payment to the Province, from whom a release was obtained, a copy of which is on file in this office.

DEPARTMENT OF NATIONAL REVENUE

Explanation requested *re* Appointment of Customs Appraisers and Enforcement Officers by Governor in Council

Under authority of subsection 4 of section 3 of the National Revenue Act as amended in 1928, several appraisers and enforcement officers were appointed by the Governor in Council.

I inquired whether the names of these officers had been submitted to the Civil Service Commission, as required by the Act, in order that the appointment might be made by the Commission, and was informed by the Commissioner of Customs that such procedure had been followed in each case. I understand, however, that the Commission declined to act in the matter.

Objection to payment of Commission on Cheques

Section 98 of the Bank Act provides that "The bank shall not charge any discount or commission upon any cheque drawn in favour of the Government of Canada or any department thereof, and tendered for deposit to the credit of the Receiver General of Canada."

I called the attention of the Commissioner of Customs to the fact that at some ports the banks charged the collectors a commission on such cheques. I was informed that in some cases the difficulty was due to the cheques being

drawn in favour of the Collector, instead of the Receiver General, but that the attention of the collectors concerned had been drawn to the matter, in order to avoid payment of such charges in future.

Payment of Drawback Claim to be made in accordance with Regulations approved by Governor in Council

An application was received from the Department of National Revenue for a payment of $700,261.70 to General Motors of Canada, in settlement of a claim for Drawback of Customs Duties, submitted under the provisions of item 1055 in schedule "B" of the Customs tariff and in accordance with departmental circular 565-C and supplement thereto.

I called the attention of the department to the absence of the approval by the Governor in Council of the regulation embodied in the supplementary circular, required under section 13 of the Customs Tariff. The payment was subsequently allowed on the necessary approval having been obtained.

Payment of Gratuities on Death to others than the Widows of the Deceased Officers without Authority of Treasury Board

The attention of the Department was called to several payments of the gratuity on death, authorized by section 56 of the Civil Service Act, made, without the requisite authority of the Treasury Board, to others than the widows of the deceased officers. I was informed that the provisions of the Act in this regard would in future be strictly observed.

DEPARTMENT OF PENSIONS AND NATIONAL HEALTH

Explanation requested as to Purchase of a Steamer Trunk

The attention of the Board of Pension Commissioners was drawn to a payment of $15.25, for a steamer trunk, and it was asked for whom and under what authority it was purchased. In reply, I was informed that the trunk was for the use of the Chairman of the Board who was visiting various points in Europe on business connected with the Commission.

Objection to payment of Compassionate Allowance to Wife of Official in England

Under authority of an Order in Council of March 13, 1929, the Department made a payment of $194.67 as a compassionate allowance to the destitute wife of an Immigration Medical Officer in England. I stated to the Deputy Minister that such an allowance should only be paid after special provision therefor had been made by Parliament. My view of the matter was accepted and a refund was obtained of the amount paid.

Overdrafts of Credit Accounts and Appropriations at close of Fiscal Year

After the close of the fiscal year several applications were received from this department for letters of credit to cover cheques issued in excess of credits established before the year closed. As these overdrafts of credits resulted in an over-expenditure of the total amount available under the appropriations for the year, I informed the department that, although the over-expenditure was contrary to the provisions of the Consolidated Revenue and Audit Act, I had recommended the issue of the credits applied for in order that the cheques might be honoured at the bank, and I requested an assurance that the departmental disbursing officer would be instructed to avoid issuing cheques in excess of established credits or beyond the amount available under appropriations. In reply the Financial Controller advised me "that every effort will be made to avoid overdrawing Appropriations and Letter of Credit accounts in the future."

Purchase of Pencils not made through the Government Stationery Office

I called attention of the Board of Pension Commissioners to a purchase of pencils from the Treasure Shop, Ottawa, and asked them to advise me why these had not been obtained through the Department of Public Printing and Stationery. I was informed that the type of pencil required was not obtainable from the Stationery Office except in a more expensive article, and that by this procedure a saving was effected.

This purchase was a contravention of the Public Printing and Stationery Act.

Purchase through Departmental Vote in contravention of Public Works Act

It was pointed out to the Deputy Minister that a purchase by the Department of curtains for the Board room was in contravention of section 9 (f) of the Public Works Act. He explained that the matter was urgent and that, as the Public Works Appropriation for furniture was exhausted, the purchase was made by the department out of its appropriation for "Operating Expenses."

POST OFFICE DEPARTMENT

Non-payment, within the Year, of an account of $133,041.79 due the King's Printer

During 1928-29 payments amounting to $415,240.83 were made to the Department of Public Printing and Stationery for printing and stationery supplied to November 30, 1928, of which $133,041.79 was for supplies furnished prior to April 1, 1928. The accounts for the remaining four months of the fiscal year, which amounted to $235,594.78, were not paid until 1929-30.

In reply to my inquiry as to why these expenditures were not paid during the years in which they were incurred as required by law, I was informed that the amount of the departmental estimate for 1928-29 for printing and stationery had been reduced by $25,000 without the department being given an opportunity to justify their first estimate, and that a similar reduction had been made in the preceding year, so that the appropriations for these years fell far short of the requirements. The department pointed out that with a large increase in

the postal business during the last few years some increases in the printing and stationery account were inevitable but that they had not been able to get a corresponding increase in the appropriation, with the result that each year they have been obliged to carry over to the new year a larger amount of accounts incurred during the preceding year.

Parliamentary Appropriation required for payment of adjusted Claim of Quebec Central Railway

Early in 1929, the Quebec Central Railway made formal claim on the Post Office Department for an amount of $34,345.65 which they held was due them for transportation of mails over the subsidized portion of their line.

Under Parliamentary authority subsidies amounting to $236,696.90 had been paid to the Company during construction and under the Subsidy Act (62-63 Vict., chap. 7) the railway was required to credit the government annually with a sum equal to three per cent of the subsidies. Up to 1921 the annual earnings for mail transportation fell short of the stipulated three per cent so that each year there was a balance in favour of the government.

On a reference, in 1921, by the Post Office Department, the Deputy Minister of Justice ruled that the annual credits of three per cent of the subsidies were cumulative, so that no payment should be made direct to the railway until the accumulated arrears were wiped out. A subsequent ruling of the Department of Justice was to the effect that the arrears were not subject to interest charges.

In 1921, an increase in the rate of payments for mail transportation became effective, so that, from that time on, the earnings have exceeded three per cent of the subsidies, but as the accumulated arrears amounted to about $25,000 the department continued to pay the earnings for mail transportation to the Receiver General.

The company's claim for $34,345.65 is based on their contention that the annual charges of three per cent were not cumulative and that the arrears for each year up to 1921 were automatically wiped out. The amount the department considers payable under the ruling of the Justice Department is $8,495.41, which represents the excess of the earnings over the three per cent subsidy charges for the full period from 1907 to December 31, 1928.

In reply to a question submitted by the department I stated that as the earnings from 1907 to 1928 were in excess of the three per cent charge, I could see no reason why the excess earnings should not in future be paid direct to the railway company. At the same time I expressed the opinion that, as the full amount earned by the railway had already been made a charge against the annual votes for mail service, the payment of the excess earnings from 1907 to 1928, viz., $8,495.41, should have parliamentary approval in the form of a special item in the Appropriation Act.

Payments for Air Mail Transportation not satisfactorily vouched for nor properly certified

The attention of the department was directed to a number of seeming irregularities in connection with the payments to various air transportation companies under contracts for carrying mails. In view of the difficulties encountered in carrying out the exact terms of the contracts under adverse weather conditions

and of the fact that they were newly established services and were in their initial stage I accepted the explanations given by the department.

I called attention also to the absence on the vouchers of the certificate required by the Consolidated Revenue and Audit Act, and was assured by the department that in future all vouchers would be properly certified.

Ruling of Department of Justice with reference to increase of Remuneration of Postmasters paid from Revenue

An Order in Council of May 15, 1928, (P.C. 179/11) authorized an amended scale of percentage, effective from April 1, 1928, as the basis for the remuneration of postmasters paid from revenue.

The scale authorized in 1919 was recommended by the Civil Service Commission, approved by the Governor in Council and included in the Civil Service Classification of 1919 which subsequently was confirmed by section 10 of the Civil Service Act. I pointed out to the Department that, as the classification so confirmed had the force of law and as the Civil Service Act makes provision for any desired changes in the classification, it seemed questionable whether an amended classification may be made by the Governor in Council on the sole recommendation of the Postmaster General.

The Department replied that it was of opinion that the increased remuneration might be granted under sections 64 and 65 of the Post Office Act, without reference to the Civil Service Commission. I thereupon asked the Department of Justice if the Order in Council in question was of itself sufficient authority for a revision of the postmasters' salaries. That Department replied that it is invalid so far as it deals with the remuneration of postmasters who are under the Civil Service Act, but that it is valid so far as it affects positions which have been wholly excluded from the operation of the Civil Service Act. I was further advised that the only manner in which the remuneration of postmasters, subject to the Civil Service Act, may be revised is that provided by the Civil Service Act.

I sent a copy of this ruling to the Post Office Department and stated that as, in the opinion of the Deputy Minister of Justice, the Order in Council in question is invalid so far as the increased remuneration therein provided for is concerned, the Department may not legally issue salary warrants based thereon. The Department has acknowledged receipt of my letter but I have not been informed whether the opinion of the Justice Department has been complied with.

DEPARTMENT OF RAILWAYS AND CANALS

Order in Council not sufficient Authority for payment of Grants to Municipalities of Thorold and Merritton

An Order in Council, dated June 8, 1928, authorized the payment from the appropriation for the construction of the Welland Ship Canal of the sums of $32,000 and $18,000 to the Municipalities of Thorold and Merritton respectively, as contributions towards the cost of constructing filtration systems.

As there appeared to be no legal liability in this matter on the part of the department, I expressed the opinion that the proposed contributions should be sanctioned by a specific parliamentary vote.

At the last session of Parliament, a special vote was passed, covering these contributions, being item 98 in the Appropriation Act for 1929-30.

Ruling of Department of Justice in reference to Appointment of Special Officer to the Railway Commission

Under section 21 of the Railway Act, the Governor in Council authorized the appointment of a special officer to the Board of Railway Commissioners. As I had some doubt as to the power of appointment I asked the Deputy Minister of Justice for an opinion as to the competency of the Governor in Council to make this appointment, in view of the provisions of section 19 of the Civil Service Act, and he informed me that in his opinion the Governor in Council had power to make the appointment.

ROYAL CANADIAN MOUNTED POLICE

Reduction in Rate of Premiums paid on Guarantee Bonds

I called the attention of the Commissioner to the fact that the premiums paid on guarantee bonds with respect to officers of the Royal Canadian Mounted Police were at the rate of 40 cents per hundred dollars while the rate generally paid by other departments was 25 cents.

The Commissioner informed me that he had taken up this matter with the bonding companies and that they have agreed to furnish bonds at the lower rate upon the expiry of the existing policies.

DEPARTMENT OF TRADE AND COMMERCE

Board of Grain Commissioners: Explanation of Interest on Overdraft

I asked the Department for an explanation of an item of $54, paid by the Board of Grain Commissioners as interest on an overdraft, which appears in their expense account for April, 1928, and was informed that this interest was paid for an overdraft of March 31, which was not entirely covered until April the 5th, 1928.

Extent of Audit of Expenditure of the National Research Council

The National Research Council was requested to furnish me with vouchers in support of certain expenditures made by the Tuberculosis Research Committee during the months of February and March, 1928.

In reply the President of the Council explained the payments in question and, at the same time, dealt at considerable length with the attitude of the Council as regards furnishing vouchers in support of expenditures incurred by

laboratories which voluntarily co-operated in the research work, maintaining that the greater part of the work of the Council must be carried out on a basis entirely different from that of a government department. He stated that when such a laboratory bears the largest part of the cost of the work which it carries out for the Research Council it keenly resents any request for details in connection with statements submitted, when such details are required only to enable the Research Council or the Auditor General to determine whether the Council's contribution to the work has been properly applied. He further stated that, in his opinion, both the Council and the Auditor General must rely, to a great extent, on the integrity of the people who are directing the work.

In my reply I drew attention to the certificates called for by section 40 of the Consolidated Revenue and Audit Act and stated that, so far as consistent with my duties under the Act, it was my desire to conduct the examination and audit of the expenditure of the Research Council with the greatest consideration for the important services rendered by institutions working in co-operation with it.

Creation of a Reserve as authorized by Order in Council questioned as being in Contravention to the Consolidated Revenue and Audit Act

An Order in Council of November 5, 1928, authorized the appropriation of the sum of $30,000, out of the vote for Publicity and Advertising in the British Empire, for the purpose of carrying on a publicity campaign with a view of extending the sale of Canadian apples in Great Britain. The Order further provides that the Government shall be reimbursed, by an amount not exceeding $15,000, from the proceeds of certain levies imposed on the various fruit growing associations in Canada and wholesale distributors in Great Britain, and that any amount collected in excess of that sum shall be retained as a reserve for future advertising.

I called the attention of the department to section 35 of the Consolidated Revenue and Audit Act which directs that all public moneys, from whatever source of revenue derived, shall be paid to the credit of the Minister of Finance and Receiver General. In reply the department stated that in view of this statutory requirement the moneys collected would be so dealt with.

National Research Council questions application to its own Cars of Treasury Board regulations as to Insurance on Government Automobiles

I questioned a payment of $40.30 by the National Research Council as premium for insurance on a departmental car notwithstanding the Treasury Board minute of June 16, 1927, which directs that the Government shall underwrite its own risks on government automobiles.

In his reply the President stated that, in such matters, it was not feasible for the Council to operate on the same basis as a government department which cannot be sued unless permission is granted, whereas, under the Research Council Act, that body is constituted " a body corporate capable of suing and being sued, etc." In his opinion the regulation should not be applied to such an organization as the Council which, under section 10 (e) of its Act, has final authority in determining what expenditures are necessary in order to carry out efficiently the duties and responsibilities assigned to it.

Request that the King's Printer's Certificate be obtained to certain Advertising Accounts

The attention of the Department was called to payments for advertising in *Revista de Comercio, Canada-Hispana America,* the vouchers for which were not certified by the King's Printer.

The Department replied that a copy of the publication had been sent to the King's Printer for his approval of the advertising rates, and that he considered them as reasonable, whereupon payments amounting to $795.34 were made at various times by the Department without further audit by the King's Printer.

At my request the matter was again referred to the King's Printer, who stated that, in his opinion, a general certificate does not comply with the provisions of the Act, and that each account, accompanied by a copy of the publication containing the advertisement, should be submitted to him for audit. The Department obtained the necessary certificate to these accounts and stated that all future accounts would be submitted before payment to the King's Printer for his audit.

Travelling Expenses of Assistant Secretary of Civil Service Commission charged to Commercial Intelligence Service Vote, objected to

A payment of $454.20 was made from the vote for Commercial Intelligence Service to the assistant secretary of the Civil Service Commission, " in connection with his trip to Vancouver, Toronto and St. John for the purpose of interviewing candidates for positions as Junior Trade Commissioners."

I pointed out to the department and to the Commission that, as the duties performed by him on this trip were such as are set out by section 4 of the Civil Service Act as pertaining to the Civil Service Commission, these expenses should have been charged against the vote for Contingencies of the Civil Service Commission.

The department replied that it was in the interest of the Commercial Intelligence Service that an oral examination was held, and that they had agreed to pay these expenses as the Commission had not sufficient funds. The Commission stated that they also regarded the procedure in the public interest and considered that the payment of the expenses by the department was justified by the fact that similar arrangements had previously been carried out with three other departments.

The payment remained a charge against the Commercial Intelligence vote, but I am still of the opinion that it should have been a charge against that for Contingencies of the Civil Service Commission.

PRÉCIS DE CORRESPONDANCE

Ce précis est un résumé de la correspondance échangée entre l'Auditeur Général et les Ministères relativement aux observations et objections auxquelles donna lieu la vérification des comptes de 1928-29

DÉPARTEMENT DES AFFAIRES INDIENNES

Revenus encaissés à l'agence de New Westminster transférés au Département à intervalles irréguliers

A la suite d'une inspection de cette agence, j'adressai au Département certaines recommandations, au nombre desquelles sont les suivantes, (1) que les états de revenus soient transmis au Département à époques fixes, et (2) que l'on observe plus strictement le règlement du Conseil du Trésor, du 23 mai 1890, concernant le transfert des argents gardés au compte fiduciaire de l'agent, pour être déposés au crédit du Receveur Général, à Ottawa. Dans sa réponse, le Département m'avisait que l'agent avait reçu ordre d'envoyer, (1) les états de compte demandés, et (2) de faire parvenir au Département les sommes encaissées "avec le moins de retard possible".

MINISTÈRE DE L'AGRICULTURE

Paiement de subvention devant être autorisé par arrêté en Conseil

Le Ministère de l'Agriculture demanda l'émission d'un chèque de $20,000, pour le paiement, à la " Canadian National Livestock Records ", d'une subvention devant être imputée au crédit 44: "Bétail, y compris les subventions aux expositions, concours d'animaux gras, etc." Je refusai la demande du Ministère, considérant que pour des fins de contrôle de la Trésorerie, les subventions dont le détail des dépenses n'est pas soumis à ma vérification doivent être autorisées par arrêté en Conseil. L'autorisation ayant été obtenue, j'approuvai la demande et le chèque fut émis.

ARCHIVES

Montant des chèques émis dépassant les crédits

Le 20 avril 1929, le Département des Archives demandait l'émission d'une lettre de crédit de $5,823.22, pour couvrir des chèques de salaires dont le montant excédait les crédits de 1928-29. Ces chèques étant émis, afin de couvrir le débit en banque, je recommandai d'accorder cette demande, malgré l'article 40 (6) de la Loi du Revenu consolidé et de la Vérification. Je faisais en même temps remarquer l'irrégularité de ce procédé au Sous-ministre et il m'assura qu'un cas semblable ne se reproduirait plus à l'avenir.

MINISTÈRE DES CHEMINS DE FER ET CANAUX

Paiement de subvention aux municipalités de Thorold et Merritton ne pouvant être autorisé par arrêté en Conseil

Un arrêté en Conseil du 8 juin 1928 autorisait de prélever à même le crédit pour la construction du canal de navigation Welland, deux sommes de $32,000 et $18,000, devant être versées respectivement aux municipalités de Thorold et de Merritton à titre de subvention pour l'installation d'un système de filtrage des eaux.

Le Ministère ne paraissant pas avoir d'obligations légales à ce sujet, je fus d'avis que ces subventions devraient être autorisées par un vote spécial du Parlement; le crédit 98, de la loi des Subsides, 1929-30, a prévu le paiement de ces subventions.

Décision du Ministère de la Justice concernant la nomination d'un technicien à la Commission des Chemins de fer

En se basant sur les dispositions de l'article 21, de la loi des Chemins de fer, le Gouverneur en son Conseil autorisait la nomination d'un technicien à la Commission des chemins de fer. Ayant des doutes sur l'autorité compétente pour faire cette nomination, je demandai au Sous-ministre de la Justice si, à son avis, nonobstant les dispositions de l'article 19 de la loi du Service Civil, le Gouverneur en son Conseil avait pouvoir pour la faire.

Le Sous-ministre me répondit qu'il était d'avis que le Gouverneur en son Conseil avait le pouvoir de faire cette nomination.

MINISTÈRE DU COMMERCE

Commission des grains—Explication d'un paiement d'intérêts sur un découvert en banque

Je demandai au Ministère des explications sur le paiement d'une somme de $54, paraissant en avril 1928 dans les comptes de dépenses de la Commission, et représentant les intérêts d'un découvert en banque. On m'informa que ces intérêts avaient été payés pour un découvert existant au 31 mars qui n'avait pu être entièrement remboursé que le 5 avril.

Création d'un fonds de réserve, autorisé par arrêté en Conseil, considérée contraire aux dispositions de la loi du Revenu Consolidé et de la Vérification

Dans le but d'entreprendre une campagne de publicité pour augmenter la vente des pommes canadiennes en Angleterre, un arrêté en Conseil du 5 novembre 1928, autorisait un prélèvement de $30,000 sur le crédit "Publicité et réclame dans l'Empire britannique". L'arrêté prévoyait également que jusqu'à concurrence de $15,000, le Gouvernement se rembourserait, par des prélèvements sur les différentes sociétés canadiennes de producteurs et les marchands de gros d'Angleterre, et toute somme excédant ce montant serait placée à un fonds de réserve pour la publicité pouvant être faite dans la suite.

Je rappelai au Ministère les dispositions de l'article 35 de la loi du Revenu consolidé et de la Vérification,à l'effet que tous les deniers publics, quelle qu'en soit la provenance, doivent être déposés au crédit du Ministre des Finances et Receveur Général. Le Ministère me répondit que, vu cette disposition des Statuts, les argents encaissés seraient versés au crédit du Receveur Général.

Demande que certains comptes d'annonces-réclames soient approuvés par l'Imprimeur du Roi

Je fis remarquer au Ministère qu'il avait omis de faire approuver par l'Imprimeur du Roi, les pièces de dépenses des annonces-réclames parues dans la *Revista de Commercio, Canada-Hispana-America.*

Le Ministère me dit avoir envoyé un exemplaire de cette publication à l'Imprimeur du Roi pour qu'il vérifiât le tarif des annonces-réclames et, ce tarif ayant été trouvé raisonnable, des comptes se montant à $795.34 furent, plus tard, payés en plusieurs fois sans être à nouveau soumis à la vérification de l'Imprimeur du Roi.

Le Ministère ayant, à ma demande, sollicité à ce sujet l'avis de l'Imprimeur du Roi, il fut d'avis, que pour se conformer aux dispositions de la loi, un certificat général n'était pas suffisant, mais que chaque compte, accompagné d'un numéro du journal contenant l'annonce, devait lui être transmis pour vérification.

Le Ministère fit approuver ces comptes et m'informa, qu'à l'avenir, tous les comptes de même nature seraient, avant paiement, vérifiés par l'Imprimeur du Roi.

Etendue de la vérification à appliquer aux dépenses du Conseil national des Recherches

Je demandai au Conseil National des Recherches de me transmettre les pièces justificatives de certaines dépenses faites, en février et avril 1928, par le Comité des recherches sur la tuberculose.

Le président dans sa réponse, m'expliqua ces paiements et s'étendit sur la situation où se trouverait le Conseil National des Recherches s'il lui fallait fournir des pièces justificatives pour les dépenses des laboratoires coopérant volontairement à des travaux de recherches d'intérêt général; il m'assura, qu'en majeure partie, les travaux du Conseil devaient être conduits d'une façon totalement différente de ceux des services du Gouvernement, ajoutant, que lorsqu'un laboratoire se charge de la plus grande partie des frais occasionnés par des travaux entrepris pour le Conseil des Recherches, il prend en mauvaise part toute demande d'explications sur les comptes présentés par lui, quand ces explications n'ont pour but que de permettre au Conseil des Recherches, ou à l'Auditeur Général de s'assurer que les fonds versés ont été convenablement employés. A son avis, l'Auditeur Général et le Comité devraient s'en rapporter entièrement, pour ainsi dire, à l'intégrité de ceux dirigeant ces travaux.

Dans ma réponse, j'attirai l'attention du président sur les certificats requis par l'article 40 de la loi du Revenu consolidé et de la Vérification, et l'assurai, qu'en autant qu'il serait compatible avec les devoirs que m'impose la loi, je m'efforcerais de faire l'examen et la vérification des dépenses du Conseil, en tenant compte des services importants rendus par les institutions coopérant avec lui.

Objection à ce que les frais de déplacements du Secrétaire adjoint de la Commission du Service Civil soient imputés au crédit, " Service des renseignements commerciaux "

Le secrétaire adjoint de la Commission du Service Civil s'étant rendu à Vancouver, Toronto et St-Jean pour faire passer des examens oraux aux candidats se présentant comme attachés commerciaux, junior, une somme de $454.20, représentant ses frais de voyage, fut imputée au crédit, "Service des renseignements commerciaux".

Je fis remarquer au Ministère et à la Commission que les fonctions dont avait eu à s'acquitter le secrétaire au cours de ce voyage, étant du nombre de celles prévues à l'article 4 de la loi du Service Civil, le montant aurait dû en être imputé au crédit des dépenses contingentes de la Commission du Service Civil.

Le Ministère répondit que, comme il était de l'intérêt du Service des renseignements commerciaux qu'un examen oral ait lieu, il avait accepté de prendre à sa charge ces dépenses, la Commission n'ayant plus assez de fonds. De son côté la Commission m'avisait que si elle avait agi ainsi c'était dans l'intérêt public, en outre elle considérait dans l'ordre le paiement des dépenses par le Ministère, des arrangements similaires ayant déjà été conclus avec trois autres Services.

Ce paiement resta une charge contre le crédit des renseignements commerciaux mais, à mon avis, il eût dû être imputé aux dépenses contingentes de la Commission du Service Civil.

Le Conseil National des Recherches met en doute que l'on puisse appliquer à ses automobiles les règlements du Conseil du Trésor relatifs aux automobiles du Gouvernement

Le Conseil National des Recherches, nonobstant une Minute du Conseil du Trésor du 16 juin 1927 qui veut que le Gouvernement soit son propre assureur, paya une prime de $40.30 pour l'assurance d'une des automobiles du Ministère.

M'étant objecté à ce paiement, le Président me fit observer dans sa réponse qu'il n'était pas possible d'administrer les affaires du Conseil comme celles d'un Ministère, celui-ci ne pouvant être poursuivi en justice qu'après autorisation, et le Conseil, d'après la "Loi du Conseil des Recherches", étant "une société légale capable d'ester en justice, etc.", pouvant l'être sans cette formalité. La minute du Conseil du Trésor ne doit pas, à son avis, s'appliquer à une organisation comme le Conseil National des Recherches qui, d'après l'article 10 (e) de la loi précitée, a tout pouvoir de décider des dépenses nécessaires pour lui permettre de s'acquitter efficacement des devoirs lui incombant.

COMMISSION DU SERVICE CIVIL

Objection à un rappel de traitement en faveur d'une employée dont la promotion fut postérieure à la date de sa démission

En juillet 1928, une employée de la Commission du Service Civil occupant une situation permanente du grade 2, donnait sa démission qui devenait effective le 12 septembre, date de l'expiration de son congé de retraite. Un arrêté en Conseil du 5 novembre ayant reclassifié cette position comme grade 3, avec effet rétroactif à dater du 1er avril précédent, la Commission du Service Civil émit en faveur de cette employée un certificat de promotion également daté du 1er avril.

La démission datant du 12 septembre et cette employée ne se trouvant plus au service de la Commission lorsque fut passé l'arrêté en Conseil autorisant la reclassification et la promotion, je mis en doute qu'elle pût être promue et eût droit à un rappel de traitement du 1er avril au 12 septembre.

Cette question ayant été soumise au Sous-ministre de la Justice, il fut d'avis que, légalement, rien ne s'opposait à ce que cette employée ait droit au rappel de traitement proposé. Conformément à cette opinion, et le Conseil du Trésor ayant approuvé la reclassification, je ne m'opposai plus au paiement.

MINISTÈRE DE LA DÉFENSE NATIONALE

Cumul de solde et de pension par des officiers

Deux officiers du Quartier Général ayant respectivement un degré d'invalidité de 70 et de 100 pour cent, furent mis à la retraite le 1er mars 1928 et reçurent une pension au titre de la guerre européenne. Dans la suite, à dater du 2 mars 1928, ils furent tous deux rétablis dans leur grade et la totalité de leurs droits, et reçoivent maintenant, outre cette pension, la solde et les allocations de leur grade.

Ayant demandé des explications sur ce cumul, le Ministère me répondit que ces officiers faisaient partie de l'armée permanente d'avant-guerre, ou y avaient été versés pendant la guerre, et, à la suite de maladies contractées ou de blessures reçues en service actif, revinrent grands invalides. A la démobilisation ils furent rayés des cadres du corps expéditionnaire, et automatiquement, reprirent rang dans l'armée permanente. Les membres de la Commission des Pensions, tout en reconnaissant que leur degré d'invalidité leur donnait droit à une pension, furent d'avis que, d'après la loi des Pensions, le fait d'être rayé de l'effectif du corps expéditionnaire n'équivalait pas à un congé de réforme et qu'ils n'auraient droit à une pension que s'ils ne faisaient plus partie de l'armée permanente à la suite de démission ou de réforme.

Désireux que ces officiers jouissent du même traitement que les fonctionnaires ayant fait partie du corps expéditionnaire canadien, qui reçoivent actuellement en même temps qu'une pension un traitement, le Ministère mit ces officiers à la retraite, à dater du 1er mars 1928, leur permettant ainsi de recevoir une pension qu'une réintégration subséquente dans leur grade ne leur ferait pas perdre.

Au reçu de ces explications, je m'enquis si, en rétablissant dans leur grade des officiers ayant un degré d'incapacité de 70 et 100 pour cent, on avait pris en considération l'article des règlements royaux stipulant que " les officiers commandants donneront les noms des officiers de leur corps qui, pour des causes de santé, ne sont pas en état de servir ". Le Sous-ministre me répondit que les nominations d'officiers étaient au bon plaisir du Roi, et qu'à son avis, dans le cas actuel, il était dans l'ordre que ces officiers soient rétablis dans leur grade.

Indemnité de résidence payée à un inspecteur de cordite, non autorisée par arrêté en Conseil

Un inspecteur de cordite, de l'usine de Belœil (P.Q.), de la " Canadian Explosive Co." touchait, en plus d'un salaire annuel de $1,800, une indemnité mensuelle de résidence de $25. Comme il était employé à Belœil de façon continue, je demandai pourquoi cette indemnité lui était accordée, et si le paiement en avait été approuvée par arrêté en Conseil.

D'après la réponse du Ministère, conformément aux termes de son engagement, cet employé avait droit à une indemnité mensuelle de résidence ne dépassant pas $25, pour laquelle il devait fournir des pièces justificatives de dépenses. Il m'informait aussi, qu'à dater du 1er juillet 1929, avec l'assentiment du Ministère du Travail, son salaire annuel avait été porté à $1,920, et en outre, l'on se proposait de le transférer à titre définitif à Belœil sans indemnité de résidence.

A la suite de ces explications je n'élevai pas de nouvelles objections.

Paiement des droits seigneuriaux grevant les terrains du camp de Valcartier

Je demandai des explications sur un paiement de $10,000 consenti à la province de Québec, à même le crédit 369 " Ajustements des réclamations de guerre ", pour des droits seigneuriaux grevant les terrains du camp de Valcartier. On me répondit que, lors de l'achat de ces terrains, on eut dû comprendre dans la somme à payer à chacun des propriétaires, le montant des droits seigneuriaux courus, accrus d'un montant égal à la valeur actuelle en capital des droits à écheoir. Comme cette procédure ne fut pas suivie au moment où la transaction eut lieu, les propriétaires ne touchèrent que le prix convenu pour les terrains qui restèrent grevés des droits seigneuriaux. Pour éteindre cette servitude, il était nécessaire de verser cette somme à la province qui donna décharge, et dont une copie est conservée dans les dossiers de mon bureau.

GENDARMERIE ROYALE À CHEVAL

Réduction du taux de primes d'assurance de garantie

Les primes d'assurance de garantie payées pour les membres de la Gendarmerie royale à cheval étant au taux de $0.40 pour $100, je fis remarquer au Commissaire que, dans les autres Ministères, le taux généralement demandé n'était que de $0.25.

Le Commissaire m'informa qu'ayant signalé aux compagnies cette discordance dans le taux des primes, elles avaient convenu, à l'expiration des polices en cours, d'appliquer le taux de $0.25.

MINISTÈRE DE LA JUSTICE

Réduction du taux de primes d'assurance de garantie

Les primes d'assurance de garantie payées pour les fonctionnaires des pénitenciers étant au taux de 40c. pour cent dollars, je fis remarquer au sous-ministre que dans les autres services, le taux payé n'était généralement que de 25c.

Le sous-Ministre m'informa qu'ayant signalé aux compagnies cette discordance dans le taux des primes, elles avaient convenu, à dater du 1er janvier 1929, d'appliquer le taux de 25c.

LÉGISLATION—CHAMBRE DES COMMUNES

Paiement additionnel au traitement régulier d'un fonctionnaire permanent

Une somme de $201, fut payée à un fonctionnaire permanent de la Chambre des communes, pour prendre et transcrire les témoignages au cours d'une enquête faite par le Sergent d'Armes.

Je demandai l'explication de ce paiement, l'article 17 de la Loi du Service Civil spécifiant qu'aucun fonctionnaire permanent ne peut recevoir un paiement additionnel à son traitement régulier, à moins que des fonds n'aient été spécialement prévus dans ce but par le Parlement. On me répondit que les services de ce fonctionnaire avaient été requis par raison d'économie, car autrement, il eut fallu faire venir à Ottawa un sténographe officiel de Montréal ou de Toronto, et dans des cas analogues, le Comité de régie interne de la Chambre a toujours approuvé que l'on eut recours aux services d'un employé de la Chambre.

Sténographe occupant simultanément plus d'une position

Pendant la dernière session une sténographe de la Chambre des Communes, à $5.00 par jour, occupa simultanément la position de secrétaire du vice-président de la Chambre à $600 par an, et émargea à d'autres crédits que ceux votés en vue du traitement des fonctionnaires de la Chambre, touchant ainsi plusieurs vacations durant des mêmes périodes.

On m'informa que ces services furent rendus durant une partie de son congé statutaire annuel, bien que, d'après un principe reconnu, un fonctionnaire ne puisse recevoir pendant une même période qu'une seule vacation.

MINISTÈRE DE LA MARINE ET DES PÊCHERIES

Balance d'avance due par un fonctionnaire, et rayée des livres sans autorisation du Parlement

Un arrêté en Conseil du 13 mars 1929 (C.P. 23/436), autorisait le Ministère à rayer de ses livres une somme de $80, représentant la balance impayée d'une avance de $100, consentie en 1924, à un fonctionnaire du service extérieur des Pêcheries.

Je prévins le Ministère, qu'à mon avis, le Parlement seul avait le pouvoir d'annuler une dette due à la Couronne, et cependant, dans l'état des balances impayées au 31 mars 1929 qu'il m'a transmis, cette balance est portée comme annulée au cours de l'année. Malgré cela, dans la partie O, du second volume de mon rapport, je donne cette somme comme toujours due.

Contrat pour réparer une barge accordé sans provoquer de soumissions publiques

Des paiements s'élevant à $6,490, ayant été faits à la " Davie Shipbuilding and Repairing Company " pour des réparations à la barge *N° 3*, je demaindai au Ministère si des soumissions avaient été provoquées, et dans ce cas, si les travaux

avaient été confiés au plus bas des soumissionnaires, après avoir été approuvés par le Gouverneur en son Conseil, comme le demandent les Statuts. Le Ministère répondit qu'il n'avait pas provoqué de soumissions, les réparations étant urgentes et la "Davie Shipbuilding and Repairing Company" la seule firme de Lévis en état de les faire. Le prix de ces travaux considéré par le Ministère comme juste et raisonnable, avait également été approuvé par le président de la Commission d'inspection des bateaux à vapeur. Il ajoutait que l'on n'avait pas demandé l'approbation du Gouverneur en son Conseil, le coût de ces réparations, bien que compris dans un même mandat, s'appliquant à différents travaux, dont aucun ne dépassait $5,000.

Contrat pour la construction d'un canot à moteur accordé sans provoquer de soumissions publiques

Un arrêté en Conseil en date du 9 juin 1928 (C.P. 988), autorisait le Ministère à passer un contrat avec la "Richelieu Engineering Company", de Sorel, pour la construction à forfait d'un canot à moteur, du prix de $6,850, pour le navire du Gouvernement, *Bellechasse*. Je demandai au Ministère si, conformément aux termes de l'article 36 de la "loi des Travaux publics", des soumissions publiques avaient été provoquées.

Le Ministère m'informa que, depuis 1927, il était en pourparlers avec cette compagnie, que le prix demandé ayant paru juste et raisonnable et qu'ayant un besoin urgent du canot, il avait conclu ce contrat en se basant sur les dispositions de l'article 36 (*a*) de cette loi, qui prévoit que des soumissions publiques peuvent ne pas être provoquées " dans des cas d'urgence, alors que des délais seraient préjudiciables à l'intérêt public ".

En vue de cette explication je n'élevai plus d'objections.

Dépassement de lettre de crédit

Après la clôture de l'année financière, le 31 mars 1929, le Ministère fit la demande d'une lettre de crédit de $150,000 pour assurer le paiement de chèques signés en 1928-29, mais émis seulement le 3 avril, après que tous les ajustements, virements ou recouvrements d'avances furent portés en compte.

J'attirai l'attention du Ministère sur l'alinéa 3, de l'article 49, de la Loi du Revenu consolidé et de la Vérification, et lui mentionnai que les balances des appropriations non employées étant automatiquement périmées à la fin de l'année financière, la question était de savoir si les chèques signés avant cette date, pour un montant supérieur à celui des lettres de crédit, pouvaient être émis après la fin de l'année. J'ajoutai que, toutefois, comme les chèques avaient été émis, pour qu'ils soient honorés à la Banque, je recommanderai l'émission d'une lettre de crédit, mais seulement pour le montant exact dont ces chèques excédaient les crédits précédemment établis. En réponse le Ministère présenta une demande pour le montant total de ces chèques et m'informa qu'il avait donné ordre de ne plus, à l'avenir, émettre de chèques que pour le montant des crédits établis.

Emploi du produit de la vente de bateaux pilotes

Le Gouverneur en son Conseil, autorisa des prêts aux pilotes des districts de St-Jean et d'Halifax s'élevant respectivement à $20,000 et $28,000, pour la construction et le gréement de deux bateaux-pilotes.

Les vieux bateaux furent vendus, celui d'Halifax pour $3,397.27 et celui de St-Jean pour $3,026.

Le Ministère prétend que les vieux bateaux ayant été entièrement payés par les pilotes leur appartiennent, et par suite le produit de leur vente peut être appliqué à la construction et au gréement des bateaux neufs, les prêts n'étant pas suffisants pour cette dépense. Les pièces justificatives de ces dépenses ne furent pas soumises à ma vérification.

Le Ministère conserve sur ces bateaux des droits égaux aux montants de ces prêts, qui sont remboursés par versements annuels.

Importants achats de charbon non autorisés par le Gouverneur en son Conseil

Le Gouverneur en son Conseil autorisa, pour un prix limite de $16,500, l'achat de deux mille tonnes de charbon de soute. Il avait également autorisé l'achat, à raison de $6.78 la tonne, de la quantité de charbon dont le Ministère avait besoin à Québec. En outre, le Ministère acheta, mais sans y avoir été autorisé comme précédemment, du charbon paraissant devoir être utilisé soit à Sorel, soit pour le canal de navigation du Saint-Laurent.

Je fis remarquer au Ministère un manque d'uniformité dans l'autorisation des achats de charbon, et demandai pourquoi pour ces derniers achats il n'avait pas obtenu l'autorisation du Gouverneur en son Conseil. Le Ministère me répondit qu'il n'était pas d'usage d'obtenir l'autorisation du Gouverneur en son Conseil pour les achats de charbon de soute effectués dans les ports d'attache de ses bateaux, à moins qu'un contrat ne soit passé pour une quantité et un prix déterminé, et que la dépense ne soit supérieure à $5,000.

Nomination d'un gardien de quai

Ayant reçu la demande d'émettre un chèque en faveur de J. A. McDougall, gardien de quai à Fort Resolution, je fis remarquer au Ministère que cet employé étant déjà porté sur les bordereaux de paie du Ministère de l'Intérieur comme agent de district, sa nomination en qualité de gardien de quai devait être approuvée par le Gouverneur en son Conseil.

Un arrêté en Conseil autorisa dans la suite cette nomintion et j'approuvai la demande.

Paiement de subventions à la " Canadian Marconi Company "

En avril 1911, le Gouvernement du Dominion et la " Canadian Marconi Company " concluaient un contrat d'une durée de vingt ans, pour l'opération de postes radiotélégraphiques. Aux termes de ce contrat, la compagnie recevait jusqu'en avril 1921, une subvention annuelle moyenne de $2,973.33 pour chaque poste qu'elle opérerait, et, ensuite, jusqu'en avril 1931, époque de l'expiration du contrat, la subvention diminuerait progressivement chaque année par paliers successifs de 10 pour cent.

Le 31 août 1921, un arrêté en Conseil modifiait les dispositions du contrat ci-dessus et, pour les cinq années terminées le 31 août 1926, portait la subvention annuelle à $5,500. A cette date, le contrat initial revenait en force, mais un nouvel arrêté en Conseil du 17 février 1927, autorisait le Ministère à conclure un nouveau contrat prévoyant les paiements suivants:

1) pour les deux années terminées les 31 mars 1927 et 1928, le paiment d'une subvention de $7,640 par station exploitée;

2) pour chacune des années suivantes, et jusqu'en avril 1931, le paiement d'une subvention ne dépassant pas le montant brut des frais d'exploitation de chaque station pendant l'année précédente, augmenté de 10 pour cent, mais défalcation faite des revenus de la Compagnie durant la même période; le montant exact devait être fixé par le Ministre, après vérification des livres de la compagnie par un comptable agrégé (C.A.).

Ce nouveau contrat fut conclu le 19 mars 1927, toutefois la seconde des clauses ci-dessus n'y fut pas mentionnée et l'article 7, se lisait comme suit:—

> " Ce contrat sera en vigueur pour la période de deux ans prenant fin le 31 mars 1928, et à partir de cette date, le contrat initial reviendra en force et, conformément aux termes dudit contrat, les paiements de subventions devront être effectués comme si le contrat actuel n'avait jamais été conclu."

En décembre 1928, le Ministère ayant demandé de faire à la "Canadian Marconi Company " un paiement partiel de $25,650, représentant le montant de la subvention des mois de juillet, août et septembre, je lui fis remarquer que, ce paiement, comme aussi celui fait sur ses lettres de crédit pour avril, mai et juin, était calculé d'après les subventions autorisées pour 1926-27 et 1927-28, au lieu de l'être conformément aux termes du contrat initial, comme le stipulait l'article 7 de la convention du 19 mars 1927, mentionnée ci-dessus.

Je fus informé dans la suite qu'une nouvelle convention, conclue le 23 février 1929, contenait la seconde clause mentionnée ci-dessus et prévue par l'arrêt en Conseil du 17 février 1927, accordant le paiement d'une subvention annuelle de $7,264.44 pour chaque station exploitée. La demande déjà faite de $25,650 fut en conséquence approuvée, ainsi qu'une autre demande de $57,666.60, en date du 1er mars 1929, portant à $108,966.60 le montant total versé à titre de subvention, à la compagnie, en 1928-29, pour quinze stations.

Dépenses impayées au cours de l'année où elles furent faites

Au cours de l'année, le Ministère paya quatre comptes s'élevant à $214.63 pour des colis transportés en novembre et décembre 1927 et janvier 1928. M'étant informé des motifs pour lesquels ces comptes n'avaient pas été payés à même les crédits de 1927-28, le Ministère me répondit "que les soldes disponibles aux divers crédits de 1927-28 eussent été suffisants pour acquitter ces comptes, mais que pour un motif quelconque, ils furent mis de côté lors de leur réception et retrouvés trop tard pour leur être chargés." J'acceptai cette explication.

Décision du Ministère de la Justice, *re* gratifications aux ayants droit des officiers ou marins décédés ayant fait partie de l'équipage d'un navire du Gouvernement

Ayant prévenu le Ministère que d'après le Sous-ministre de la Justice (voir Rapport 1927-28, Vol. I, page 236), l'article 57 de la loi du Service Civil ne s'appliquait pas aux cas où un fonctionnaire décédé avait appartenu comme officier ou marin aux équipages des navires du Gouvernement, le Ministère prétendit que ces paiements étaient permis en vertu de règlements du Conseil du Trésor, en date du 1er février 1868 et du 26 décembre 1887 et il demanda au Ministère de la Justice de lui donner son opinion à ce sujet.

Le Sous-ministre de la Justice répondit, qu'à son avis, en ce qui concerne les positions n'étant pas soumises aux dispositions de la loi du Service civil, il était loisible au Gouverneur en son Conseil d'autoriser le paiement de telles gratifications, pourvu que le Parlement ait prévu un crédit à cette fin.

D'après une opinion émise dans la suite par le Ministère de la Justice, le Gouverneur en son Conseil a pouvoir d'autoriser le versement de ces gratifications, à même la balance du crédit prévu pour payer le traitement des fonctionnaires décédés. En vue de cette dernière opinion je ne m'objecterai plus, à l'avenir, à de semblables paiements.

Stations radiotélégraphiques dans le détroit d'Hudson

Un arrêté en Conseil autorisait le Ministère à conclure avec A. S. McMillan des contrats s'élevant à $46,382.70, pour la fourniture du matériel et la main-d'œuvre nécessaires à l'installation de stations radiotélégraphiques à l'Ile Résolution et à "Cape Hopes Advance", dans le détroit d'Hudson, et à Port Churchill.

Au cours de l'examen des paiements effectués conformément aux clauses de ces contrats, je trouvai nécessaire de faire remarquer au Ministère que, dans certains cas, les certificats exigés par la loi du Revenu consolidé et de la Vérification n'avaient pas été fournis. Il m'informa que l'entrepreneur avait été notifié d'avoir à les produire, ainsi que des renseignements à l'appui de ces paiements. Toutefois, jusqu'à aujourd'hui, je n'ai encore reçu ni les renseignements ni les pièces justificatives que j'avais demandés.

Travaux contre les embâcles dans le St-Laurent

Un arrêté en Conseil du 11 janvier 1929 (C.P. 35), autorisait le Ministère à traiter avec le docteur H. E. Barnes pour tenir le Saint-Laurent libre de glaces entre Montréal et Sorel. Le coût total des travaux ne devait pas excéder $60,000.

Ayant attiré l'attention du Ministère sur ce qu'une partie importante des dépenses n'était pas appuyée de pièces justificatives, il m'avisa que le Dr Barnes en fournirait la plus grande partie, et qu'il avait été prié de le faire.

Le montant de la rémunération du docteur Barnes n'étant mentionné, ni dans l'arrêté en Conseil autorisant la dépense, ni dans le contrat passé avec lui, je demandai au Ministère de me faire connaître, en vertu de quelle autorisation, il lui avait payé deux mois et demi de traitement à raison de $1,000 par mois, et versé en plus, "à titre de bénéfice net", la balance non-dépensée des $60,000, soit $3,023.59.

Le Ministère prétendit que le Dr Barnes ayant convenu de faire les travaux pour $60,000, les mots " ne devant pas excéder $60 000 " furent insérés dans la convention pour éviter des dépenses supplémentaires, et par suite, il avait droit à une rémunération totale d'environ $5,523.59, représentant la balance non dépensée des $60,000. Je n'admets pas cette prétention.

Le point soulevé par moi fut soumis par le Ministère de la Marine au Ministère de la Justice, qui fut d'opinion que si le Gouvernement avait l'intention de verser une somme globale de $60,000 au docteur Barnes, pour services rendus, main-d'œuvre, matériel et équipement, un nouvel arrêté en Conseil amendant le premier, devrait spécialement autoriser de payer au docteur Barnes la différence entre le coût des travaux et la somme de $60,000. Le Ministère s'occupe actuellement de cette question.

MINISTÈRE DES PENSIONS ET DE L'HYGIÈNE

Achat de crayons fait sans l'autorisation de l'Imprimeur du Roi

La Commission des Pensions ayant acheté des crayons au "Treasure Shop", à Ottawa, je demandai pourquoi cet achat n'avait pas été fait par l'entremise du Département de la Papeterie publique. On m'informa que la Papeterie du Gouvernement n'ayant pas le genre de crayons désirés, mais seulement des crayons d'un prix plus élevé, l'on avait ainsi réalisé une économie.

Cet achat fut fait en contravention des dispositions de la loi du Département des Impressions et de la Papeterie publiques.

Achat fait à même un crédit du Ministère, contrairement aux dispositions de la loi des Travaux publics

Je fis remarquer au Sous-ministre que, contrairement aux dispositions de l'article 9 (*f*) de la " loi des Travaux publics ", le Ministère avait acheté sur ses crédits des rideaux pour la salle de séance de la Commission des Pensions. Le Sous-ministre me répondit que le crédit des Travaux publics pour l'ameublement étant épuisé, et le besoin de ces rideaux étant urgent le Ministère en avait fait l'achat sur son propre crédit " Frais d'administration ".

Demande d'explications sur l'achat d'une malle de cabine

La Commission des Pensions ayant acheté une malle de cabine d'une valeur de $15.25, je demandai pour qui était cette malle et qui en avait autorisé l'achat. On me répondit qu'elle avait été achetée pour le président de la Commission lors de son voyage dans différents pays d'Europe pour affaires concernant la Commission.

Dépassement des crédits autorisés et des appropriations en fin d'année

A la fin de l'année financière 1928-29, le Ministère fit plusieurs demandes de lettres de crédit pour couvrir des chèques émis en excès des crédits établis avant la fin de cette année. Il en résultat un dépassement du montant des crédits prévus pour l'année et, j'avisai le Ministère, que, quoique ces dépassements fussent contraires aux dispositions de la loi du Revenu consolidé et de la Vérification, j'avais recommandé l'émission des lettres de crédit nécessaires pour que les chèques déjà émis soient honorés à la banque. J'insistai, toutefois, pour que le Ministère m'assurât qu'il donnerait ordre de ne plus émettre de chèques en excès des crédits en banque, ou des montants disponibles en vertu des appropriations. Le Contrôleur financier m'assura "qu'à l'avenir, tous les efforts possibles seraient faits pour éviter un dépassement des lettres de crédit ou des crédits ".

Objection au paiement d'une allocation à titre de secours à la femme d'un fonctionnaire en Angleterre

Conformément à un arrêté en Conseil du 13 mars 1929, le Ministère, à titre de secours, versait une somme de $194.67 à la veuve sans ressources d'un médecin de l'Immigration en Angleterre. Je fis remarquer au Sous-ministre qu'une telle

allocation ne pouvait être versée que si le Parlement avait voté des fonds à cette fin. Le bien-fondé de cette observation ayant été reconnu le montant payé fut remboursé.

MINISTÈRE DES POSTES

Ajustement d'une réclamation du " Quebec Central Railway " dont le paiement devra être autorisé par le Parlement

Au début de 1929, la compagnie du " Quebec Central Railway " réclamait au Ministère des Postes une somme de $34,345.65, qu'elle assurait lui être due pour le transport des courriers sur la section subventionnée de son réseau.

En vertu d'une autorisation du Parlement, des subventions s'élevant à $236,696.90 avaient été versées à la compagnie pendant la construction de son réseau, et, conformément à la loi des Subsides (62-63 Vict., Chap. 7), la compagnie était tenue de créditer annuellement le Gouvernement d'un montant égal à 3 pour cent des subventions. Jusqu'en 1921, les revenus annuels sur le transport du courrier ayant été inférieurs au 3 pour cent prévu, il y eut, par suite, chaque année, une balance en faveur du Gouvernement.

En réponse à une demande que lui adressa en 1921 le Ministère des Postes, le Sous-ministre de la Justice répondit que les crédits annuels, égaux au 3 pour cent des subventions étaient cumulatifs et qu'aucun paiement ne devait être fait directement à la compagnie avant l'extinction totale des arriérés accumulés. Le Ministère de la Justice décida également, dans la suite, que le Gouvernement n'était pas en droit d'exiger d'intérêts sur les arriérés.

Le taux du transport des courriers ayant été relevé en 1921, les recettes dépassèrent à partir de cette date le 3 pour cent des subventions, mais les arriérés accumulés s'élevant à environ $25,000, le Ministère continua de verser au Receveur Général les revenus provenant du transport des courriers.

Pour justifier sa réclamation de $34,345.65, la compagnie prétend que les charges annuelles de 3 pour cent ne pouvaient se cumuler et par suite les arriérés de chaque année, jusqu'en 1921, devaient s'éteindre automatiquement. De son côté le Ministère des Postes, se basant sur la décision du Ministère de la Justice, ne reconnaît devoir que $8,495.41, représentant l'excédent des recettes sur la charge de 3 pour cent pour la période allant de 1907 au 31 décembre 1928.

Le Ministère m'ayant soumis le cas, je répondis que les revenus de 1907 à 1928 excédant la charge de 3 pour cent, je ne voyais aucune objection pour, qu'à l'avenir, les excédents de revenus ne soient versés directement à la compagnie. J'ajoutai, toutefois, qu'à mon avis, la totalité des recettes de la compagnie ayant déjà été imputés aux crédits annuels pour le transport des courriers le paiement des excédents de 1907 à 1928, soit $8,495.41, devrait être autorisé par le Parlement et faire l'objet d'un crédit spécial de la loi des Subsides.

Compte de $133,041.79, dû à l'Imprimeur du Roi, non payé dans l'année

Le Ministère des Postes paya, en 1928-29, à l'Imprimeur du Roi pour la fourniture d'articles de bureau et l'exécution de travaux d'imprimerie antérieurs au 30 novembre 1928, différentes sommes formant un total de $415,240.83, sur lequel $133,041.79 étaient dus avant le 1er avril 1928. Au cours des quatre derniers mois de l'année financière arrêtée le 31 mars 1929, des comptes semblables pour un montant total de $235,594.78, furent payés sur les crédits de 1929-30 au lieu de l'être sur ceux de 1928-29.

Ayant demandé pourquoi, conformément à la loi, ces comptes n'avaient pas été payés dans l'année au cours de laquelle la dépense avait eu lieu, le Ministère me répondit que, le montant demandé pour ses dépenses d'imprimerie et de papeterie de 1928-29, avait été réduit de $25,000 sans qu'il lui fut possible de justifier son estimation, et une réduction semblable ayant déjà eu lieu l'année précédente, les crédits de ces deux années avaient été insuffisants pour couvrir ces dépenses. La grande extension prise par les Postes au cours de ces dernières années devait inévitablement, me faisait remarquer le Ministère, occasionner une augmentation des dépenses d'imprimerie et de papeterie; mais n'ayant pu obtenir dans ses crédits une augmentation proportionnelle, il en était résulté pour lui l'obligation de reporter sur l'année suivante un montant toujours plus élevé des dépenses engagées l'année précédente.

Décision du Ministère de la Justice concernant l'augmentation du traitement des maîtres de poste payés à même les revenus

Un arrêté en Conseil du 15 mai 1928 (C.P. 179/11), autorisait, à dater du 1er avril 1928, un rajustement de l'échelle des pourcentages servant à établir le traitement des maîtres de poste payés à même le revenu.

L'échelle des pourcentages de 1919 recommandée par la Commission du Service Civil, approuvée par le Gouverneur en son Conseil et comprise dans la classification du Service Civil du 1er octobre 1919 fut ratifiée dans la suite par l'article 10 de la " loi du Service Civil ". Je signalai au Ministère que la classification ainsi ratifiée avait force de loi, et que de plus, la loi du Service Civil prévoyant le cas où l'on désirerait y apporter des modifications il paraissait douteux, si sur la seule recommandation du Ministre des Postes, le Gouverneur en son Conseil pouvait la modifier.

Le Ministère me répondit qu'il était d'avis, qu'en vertu des dispositions des articles 64 et 65 de la loi des Postes cette augmentation des traitements pouvait être accordée, sans en référer à la Commission du Service Civil. Je demandai alors au Ministère de la Justice si cet arrêté en Conseil était, à lui seul, une autorité suffisante pour permettre le rajustement des traitements des maîtres de poste. Il me répondit qu'en ce qui concernait le traitement des maîtres de poste relevant de la loi du Service Civil il était sans effet, mais qu'il était valable pour ceux n'étant pas soumis aux dispositions de cette loi. Il m'avisait, en outre, que le rajustement du traitement des maîtres de poste relevant de la loi du Service Civil ne pouvait se faire que conformément aux dispositions de cette loi.

Je transmis cette réponse au Ministère des Postes, lui faisant observer que, d'après le Sous-ministre de la Justice, cet arrêté en Conseil étant sans force relativement à l'augmentation de traitement qu'il prévoyait pour les maîtres de poste, et qu'il ne pouvait pas légalement émettre des mandats de salaire en se basant sur cet arrêté. Le Ministère a accusé réception de ma lettre mais je ne sais pas si depuis il s'est conformé ou non aux décisions du Ministère de la Justice.

Paiements *re* transport des courriers par avion, dont les pièces justificatives n'étaient pas satisfaisantes ni dûment approuvées

J'attirai l'attention du Ministère sur plusieurs irrégularités apparentes dans des paiements faits aux différentes sociétés chargées du transport des courriers par avion.

Comme l'exécution stricte des clauses du contrat est parfois rendue difficile par des conditions atmosphériques défavorables et, qu'en outre, ce service est encore dans une période de formation, j'acceptai les explications du Ministère.

Je fis également remarquer au Ministère que les pièces de dépense n'étaient pas approuvées, tel que requis par la loi du Revenu consolidé et de la Vérification, et il m'assura, qu'à l'avenir, toutes les pièces justificatives seraient dûment certifiées.

MINISTÈRE DU REVENU NATIONAL

Demande d'explications sur la nomination d'évaluateurs des douanes et d'officiers du service de surveillance

En vertu du paragraphe 4, de l'article 3, de la "loi du Revenu National", telle qu'amendée en 1928, plusieurs évaluateurs et officiers du service de surveillance furent nommés, au cours de l'année, par le Gouverneur en son Conseil.

Je m'informai, si conformément à la loi du Service Civil, les noms de ces fonctionnaires avaient été soumis à la Commission du Service Civil pour qu'elle puisse faire les nominations. Le Commissaire des douanes me répondit que, pour chacune de ces nominations, les dispositions de la loi avaient été observées. Je crois, cependant, que la Commission refusa d'agir à ce sujet.

Gratifications en cas de décès payées, sans l'autorisation du Conseil du Trésor, à d'autres ayants droit qu'à des veuves de fonctionnaires

Je fis remarquer au Ministère que plusieurs gratifications à la suite de décès, autorisées par l'article 56 de la "loi du Service Civil", avaient été versées sans l'autorisation requise du Conseil du Trésor, à d'autres ayants droit qu'à des veuves de fonctionnaires.

J'ai été informé, qu'à l'avenir, on se conformerait strictement aux dispositions de cette loi.

Objection au paiement de la commission sur des chèques

L'article 98 de la loi des Banques stipule que " La banque ne doit exiger aucun escompte, ni aucune commission... sur un chèque tiré en faveur du Gouvernement du Canada ou de l'un de ses Ministères, et présenté pour dépôt au crédit du Receveur Général du Canada ".

Je fis remarquer au Commissaire des Douanes que, contrairement aux dispositions de cet article, dans certains bureaux douaniers, les banques faisaient payer aux receveurs une commission sur des chèques. Le Commissaire m'informa que la raison en était que parfois les chèques étaient émis au nom du receveur au lieu de l'être à celui du Receveur Général, mais que tous les receveurs concernés avaient été prévenus pour, à l'avenir, éviter de tels paiements.

Paiement de drawback devant être fait en conformité des règlements approuvés par le Gouverneur en son Conseil

Le ministère du Revenu national fit une demande de paiement de $700,261.70 en faveur de la "General Motors of Canada", pour le règlement de drawback sur des droits de douanes, prévu à l'article 1055, Appendice B du tarif des douanes et conformes à la Circulaire ministérielle 565-C et au supplément y annexé.

Je fis remarquer au Ministère que les règlements contenus dans la circulaire supplémentaire n'avaient pas été approuvés par le Gouverneur en son Conseil, comme le demande l'article 13 du tarif des douanes.

Dans la suite les règlements furent approuvés et le paiement autorisé.
